THURSDAY, AUGUST 21, 1902.

The Atchinson, Topeka & Santa Fe Railroad have advanced the pay of 6000 of their men from 5 to 15 per cent, which is additional evidence of republican prosperity.

Chamberlain's Colic, Cholera and Diarrhoea Remedy has a world wide reputation for its cures. It never fails and is pleasant and safe to take. For sale by all druggists.

The Iowa State Convention decided for Roosevelt for President in 1904, and in favor of tariff revision to the extent of reduction of the tariff on those products handled and controlled by trusts.

To Save Her Child

From frightful disfigurement Mrs. Nannie Gallager, of La Grange, Ga., applied Buckler's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Bruises, Skin Eruptions, Cuts, Burns, Scalds and Piles. Cure guaranteed by Adamson & Winnek, druggist.

Minister Wu, will undoubtedly remain in Washington until next year on account of important duties connected with the State Department in connection with the payment of the Chinese indemnity.

Henry L. Shattuck, of Shelbyburg Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

Senator Cullum, of Illinois, paid a recent visit to Washington, and while there impressed upon his friends that the two questions foremost in the minds of the voters of his state are Cuban reciprocity and tariff revision.

Their Secret is Out.

All Sadeville Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Adamson & Winnek's drug store.

A colored woman in N. Y. state has just discovered that she is no longer a slave. She had been brought from Kentucky by an old soldier, upon his return from the war, who it is alleged, sold her to Silas A. Snell. An attorney has brought suit to recover \$2000 for her service.

Probably the most expensive book known is that which the Ameer of Afghanistan has presented to the Shah of Persia. It is a manuscript copy of the Koran, the binding of which is worth \$150,000. This binding is of solid gold, two and three-quarter inches thick. The carvings, which are the work of an Afghan goldsmith, are in-

crusted with precious stones—167 pearls, 122 rubies and 109 diamonds of the purest water.

Astounded the Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver."

For indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Adamson & Winnek Co.

The best phisic—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Dallas to Yaquina.

A dispatch states that there is considerable talk in Dallas about a railroad to Falls City and into the timber west of Dallas. Incorporation papers were filed Saturday under the management of J. C. Talbot, backed by Eastern men, who were at the filing of the papers, but have returned east. They have gone to purchase iron for the immediate construction of the road. The name of the corporation is the Dallas & Yaquina Railroad Company, organized to build and operate a railroad from Dallas to Yaquina Bay, through the Siletz basin. An effort is being made to send teams to Falls City at once for the purpose of commencing grade work. Those interested are men of capital, and declare their purpose to break the record of modern railroad companies in the respect that they will neither sell stock, issue bonds nor ask any bonuses. Dallas has had a \$10,000 bonus hung up for a road to Fall City.

Young Lady's Life Saved.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual, and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

He Ate Snakes.

Last Saturday night an individual appeared upon the streets and announced that he would eat live snakes, says Ashland Town Talk. He was a member of a circus which had spent two or three preceding days in town.

The fellow took up a collection, and then announced that he had only \$1.15, and he couldn't eat snakes for that. Passing the hat again more money was raised, and by this time a good-sized crowd had arrived to witness the performance.

Chief of police G. W. Smith was on the scene, too. He didn't propose to have a man say he would eat snakes and not do it, so Mr. Smith held the money while the showman performed, to the utmost satisfaction of those present, and the chief let the money pass into the showman's hands.

While the showman was performing a man by the name of A. Henderson, a farm hand employed south of town by L. D. Dollarhide, stepped up before the audience and announced that he also could eat glass and relished snakes. He took a big piece of a lamp chimney, ground it between his teeth and swallowed the powder. Then the snake went the same route. Henderson held up a good-sized one to the view of all. He bit the reptile in two chewed and swallowed it. The while he was chewing the end the part protruding from his mouth flopped around his face as if greatly objecting to the mode of treatment it was receiving; of course only natural that the snake should.

But Henderson may not be a devourer of snakes in his every-day walks of life, for at this time he was intoxicated, and later he became worse intoxicated and Sunday night he was taken to jail. Monday morning he was fined by the Recorder and put to work on the streets. He worked for half a day, and then took two and one-half days on bread and water to balance his fine.
