SUBSCRIPTION RATES.

IN ADVANCE

ONE YEAR, \$1.50  
SIX MONTHS, .75  
THREE MONTHS, .50

THURSDAY, AUGUST 28, 1902.

Secretary Fox, of the New York Republican State Committee, has compiled figures to show that New York State has saved \$5,665,000 in taxes since the management of affairs came into the hands of the Republicans.

Admiral Endicott, Chief of the Bureau of Yards and Docks, Navy Department, is preparing specifications for a huge floating dock large enough to float a 16,000-ton battleship and to cost in the neighborhood of \$1,250,000, which, when completed, will be towed to the Philippine Islands for the uses of our Navy there.

All Sadieville Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Coughs, Colds, La Grippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Adamson & Winnek's drug store.

Much talk is indulged in as to the possibilities and probabilities of Senator Mark Hanna being a presidential candidate in 1904, but Hon. P. C. Edwards, of Ohio, announces, with apparent authority, that Senator Hanna will not be a candidate, and that President Roosevelt will.

Negotiations have been opened in Washington to adjust the differences between Colombia and Nicaragua, and, if possible, restore friendly relations between those two countries. It will require mutual explanations and apologies to conclude an agreement by which each country will rigidly respect the laws of neutrality and the rights of the other.

Editor S. A. Brown, of Bonnettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Adamson & Winnek Co.

The wife of United States Minister Squires, at Havana, was stopped in her carriage by a mounted policeman when about to call upon the wife of the French Minister, and the matter has become one of diplomatic correspondence and international interest. Minister Squires insists that the policeman shall be punished.

Henry L. Shattuck, of Shellsburg Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's

Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

By a report of the Controller of the Currency just issued it appears that the national banks increased in number 112 between May 1 and July 15, and their total resources increased \$46,610,524.

The republican protective policy has accomplished too much for the industries of the United States to be left to the misguided and amateurish methods of the democrats. If any revision is necessary, the republicans who have fostered the policy are the ones to perform it.

To Save Her Child  
From frightful disfigurement Mrs. Nannie Gallagher, of La Grange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in Sores, Blisters, Skin Eruptions, Cuts, Burns, Scalds and Piles. Cure guaranteed by Adamson & Winnek, druggist.

The death of Senator McMillan will prove a loss to his state, his party and his country, but fortunately Michigan can be relied upon to send an able republican to the Senate to succeed the deceased statesman.

Those democrats who are reviling the trusts appear to have forgotten how the democrats surrendered, horse, foot and dragoons, to the demands of the sugar trust, when the Wilson bill was before the Senate.

The best plume—Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Oil As Fuel in Oregon.  
That crude petroleum is rivaling coal and wood as a fuel in the city of Portland is becoming an established fact says the Oregonian. There are nearly fifteen firms engaged in all branches of business using the natural oil, and there are prospects of many more coming into line in the near future.

Most of the oil used for this purpose comes from the Bakersfield region in California. At present it has to be brought to the city in tank line cars, and with the heavy freight rates prevailing, this makes the oil somewhat expensive. This condition of affairs has induced one of the largest companies operating in this region to look into the matter of starting a tank line of steamers from here to San Francisco, and its agent says that as soon as the business warrants the change, it will put on a line that will materially increase the trade in oil handled by this company. The oil can be stored within the city limits with perfect safety, for its flashing temperature is about 240 degrees, a far greater heat than it is likely to have to withstand. It is not a very high grade for the higher grades are not as effective for fuel as the lower grades. It is a thick, molasses like substance, with a rather peculiar odor which, though noticeable, is not offensive. When burnt in an engine it produces little or no smoke, and no cinders or sparks to endanger the neighboring country.

Already the Columbia Southern is using this fuel in its engines, and reports that success is attending its experiments. Tanks have been constructed at Biggs to hold 50,000 gallons, and the company uses 100 barrels a day on its road. The Astoria & Columbia river road is also figuring on the change. Four of its fine new engines are running out of San Francisco on the Southern Pacific, and, as soon

as they can come north they will probably burn oil, for two of them are already fitted with the proper furnaces and grates. They will be brought north as soon as the travel on the Astoria route warrants it, maybe in the course of a few weeks.

**Young Lady's Life Saved.**

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. B. Uter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

"Now is the Appointed Time"  
The O. R. & N. Co. has just issued a handsomely illustrated pamphlet entitled, "Oregon, Washington & Idaho and their resources." People in the East are anxious for information about the Pacific North West - If you will give the O. R. & N. Co. agent at Sianko a list of names of western people who are likely to be interested, the booklet will be mailed free to such persons.

**NOT A RELIEF BUT A CURE**
