Pullman Ordinary Sleepers.

The tourist travel between the east and
the Pacific coast has reached enormous
proportions in the last few years, and
calls for a special class of equipment. To
meet this demand the Pullman Co. has
issued from its shops what it technically
calls the "Pullman Ordinary Sleeper." These cars appear similar to the regular
sleeper, being built on the same plan,
but not furnished with the same elegance.
They are equipped with mattresses,
blankets, sheets, pillows, pillow-cases,
towels, combs, brushes, etc., requiring
nothing of the kind to be furnished by
the passenger. Each car has a stove for
making coffee and tea and doing "light
housekeeping," and each section can be
fitted with an adjustable table. A uni-
formed porter accompanies each car, his
business being to make up berths, keep
the car clean, and look after the comforts
and wants of the passengers. In each of
the trains which are dispatched daily
from Portland by the O. R. & N. C.,
is to be found one of these "Pullman
Ordinary Sleepers." The car is attached
to the "Chicago-Portland Special,"
which goes through to Chicago without
change, and the one in the "Atlantic Ex-
press" runs to Kansas City without
change. Passengers in this car for Chi-
cago change to a similar car at Granger.

Much of the first class travel is being
carried in these cars, the rates being
lower, and the service being nearly equal
to that in the palace sleepers.
