Mrs. Fred Unrath,
President Country Club, Benton Harbor, Mich.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.

R. O. Carland, of Haystack, was a pleasant caller at this office Monday and added his name to our mailing list. Mr. Carland has a homestead in that section and is well pleased with the outlook for the future. He reports water scarce this fall, but the recent cold nights are causing it to rise in the creeks and there will soon be an abundance.

E. A. and V. C. Belknap and wife are over from Prairie City on a visit to relatives. The Belknap brothers are largely interested in mines in the near vicinity of Prairie City and are sanguine of the future importance of that place as a mining center. Many thousands of dollars in placer gold have been taken out of that camp and the quartz mines are now paying handsome dividends in many cases, but development work has been slow on account of lack of capital until the last few years. However during the past year or more there has been a great deal of activity in that district and no doubt their will be a boom in the near future.
