

**Crook County Journal.**

COUNTY OFFICIAL PAPER.

THURSDAY, OCTOBER 30, 1902.

**SCHOOL COLUMN.**

Written to advance the interests of education in general.

Written by a pupil, each from the eighth and ninth grade of the Prineville Public School.

Written this week by Guy G. Lafollet and Stella Simpson.

Miss Etta Prine of the VII grade has not yet returned to school.

Miss Estelle Simpson was absent last Friday because of illness.

The primary pupils in Miss Foster's room are preparing a program for next Friday.

Miss Taylor was absent Friday afternoon. Lizzie Ketchum taught in her place during her absence.

Ralph Sharp, who has been absent for some time, intends to resume his studies the first of next month.

We wish to thank Irene Barnes and Nellie Day for the service lent in preparing this copy of the School Sheet.

Ada Taylor is teaching the room formerly taught by Miss Belknap. Miss Isenberg, because of illness was not able to come.

Finney Childs, formerly of Eugene entered the IX grade and Frank Taylor entered the VIII grade this week. This increases our number to 32 enrolled in the Prof's. room.

The third division of the Advancement Club delivered an able program last Saturday afternoon. The members are all taking much interest, which makes the work more encouraging.

We understand Mr. Mosier "rode the Artisan goat" Monday night of last week, but as he was able to maintain his position the remainder of the week we suppose he received no serious injury therefrom.

The VIII grade is taking as supplementary reading the book called, "Washington and his Country." This is a very instructive work giving his complete life and a very good early history of the United States.

The name of the society in Mr. Mosier's room which formerly was the Wide Awake Literary Society has been changed to the Adelpian Literary Society. Its meeting times have been changed from every Friday evening to every two weeks.

The IX grade class are taking "Burke's Speech on Conciliation" as Literary work. This is one of five little books that we will study during the year. The IX grade work is very interesting, most notably history. We have finished Grecian History and are studying Rome.

The Powell Butte district is having a very beneficial term of school with Miss Marshall of Minn., at the helm. They have ten pupils in attendance, four of which are studying VIII grade work. We would like to see all of these and as many others as possible take the final examination next spring.

We would gladly accept reports of special programmes or of usual

school work from the teacher or an able pupil of each school district in the county for publication in these columns. Always give district number and address all such communications to Lock Box No. 133, Prineville, Oregon.

**Stricken With Paralysis.**

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—GEO. R. McDONALD, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by all druggists.

**JOHNSON CREEK SCHOOL.**  
MARY KIRKHAM }  
AMY BEARD } Asst. Editors.  
C. B. DINWIDDIE—Teacher.  
Oct. 17th, 1902.

The attendance has been a little short this week mostly on account of the fair, although some is caused by sickness.

One new pupil entered school this week making a present enrollment of 18. Boys 6. Girls 12.

Mr. Frank Ray returned from the valley last Saturday. Mr. Ray took some horses to the valley. He reports them selling as well as he expected.

Mr. Beard and Mr. Zimmerlee returned from Alkali Flat yesterday to take in the fair. They are digging a well there and report 51 feet and no water.

**A Lake of Death.**

A vast lake, in the heart of the mountains of Clark county, Washington, with its surface covered with the decaying carcasses of deer, bears, wolves and foxes, has been discovered by a timber cruiser named Duval. It is believed the animals sought shelter in the lake from the forest fires of September. They were either smothered by the heat or crowded so closely that they drowned.

**Stood Death Off.**

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at Adamson Winnek & Co's. drug store.

Frank Robinson, of the vicinity of Waterloo, has been arrested on the charge of stealing a set of harness from Mr. McTimmonds' who lives on the Frank Simons place. Robins started to leave the country, but was overhauled in the vicinity of Foster by Frank Vail and the constable of Sodaville precinct.—Express Advance.

**Stops the Cough and Works off the Cold.**  
Laxative Bromo Quinins Tablets cure a cold in one day. No Cure, No Pay. Price, 25 cents.

There is room for some work on the road from this place to Shaniko, down on Trout creek. There are several grades that have become pretty well filled up with rocks and dirt from the hill above, and it is only a question of a short time when someone will upset and be loser to the amount of several hundred dollars.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.
