very close."

agree with the General that the and that is the matter of a bounty promise" to the best way.

Our Fainre Prospects.

As the time of general thanksgiving and praise draws near let us look into the future as well as the for the coming year. The present mountains this winter and that is a certain source of a large amount of water for next summer's crops. immeasureable value to the com-The continued rainfall at short intervals insures the thorough soak- out for these bounties would not ing up of the soil, which will bring leave the county and for that reawill the summer showers be fre- least, until it can be tested. quent and lasting and from this supply is drawn the supply of water for the numerous irrigating ditches. From this source is derived the numerous stacks of alfalfa that dot the fields and stock yards in autumn and on which the Let us all feel thankful for the harvest that has been garnered and coming year. Let Thanksgiving Mountaineer. be a joyful season and let us all devote a portion of our time to the consideration of the duties Stomach and Liver Tablets. Easy to we owe our fellow man and to the take. Pleasant in effect. For sale by contemplation of the many mercies of Him who doeth all things well.

While we have not said much about the matter heretofore it is now time to make a statement in this regard. ers of this county who oppose the continuance of the scalp bounty. The sheepmen of course, favor its retention, but as they are only a part of the whole people they cannot always have their way in such matters as pertain to the public good. The farming communities as a whole are opposed to the bounty being retained and in mapy

cases make the claim that the enormous increase in the population of jack rabbits is directly attributable to the coyote scalp boun-
