

Prineville Public School Notes

CHIEF EDITOR—Gay Lafollett.

ASSISTANTS—Lizale Ketchum, Iva Booth, Estelle Simpson, Irene Barnes, Chas. Christiana, Carl Hyde, Earl Holder, Elwood Draper, Birdie Morris and Ceola Smith.

The V grade pupils are busy drawing maps.

Willie Briggs entered the II grade last Friday.

If Rome was ever sacked by the Gauls, who furnished the sack.

Oscar Prose was promoted from the V grade to the VI this week.

Pupils of the fourth room rendered a program last Friday evening.

A few cold nights last week rendered it pleasant for those who like to skate.

Spring watches are sometimes like flirting women, their works are no good.

Clyde Rowell was absent all day last Monday. He took a trip to the McKay country.

Several of the pupils of Mr. Mosier's room were visitors in Miss Taylor's room last Thursday.

Lora Stearns and Roy Foster, of the VI grade received credit for drawing the best maps of the United States.

Our school column is short of items this week on account of most of the editors preparing for Christmas exercises.

The IX grade class have taken tests in Algebra and History. We are to take tests in Physical Geography and Grammar next week.

Teacher:—Why was Dickens an extraordinary looking animal?

Johnnie:—Because his tale came out of his head.

Rubies are scarce in this country. In fact we have only one in the whole neighborhood and she is claimed by a fourteen year old boy.

Christmas and New Year comes but once a year and let us all enjoy ourselves this year, and when we return to school after the holidays, we can report a grand time.

The VIII grade class have had tests in reading, writing, spelling, grammar, arithmetic and history. They are yet to be tested in civil government and mental arithmetic.

Burke's speech on Conciliation with the Colonies, the literary work of the IX grade has been completed, and the pupils are each writing a brief of that man's life.

Elsewhere appears the Christmas program, which the pupils of the VIII and IX grades are preparing. We expect to make this worth attending, and invite our friends and parents to our exercises.

Lawrence Hyde and Martin Prine, of the V grade, and Alex Barnes, Earl Wurzweller, Charlie Kutzman, Kenneth Miller and Mortie Porter, of the IV grade were absent last week.

Wilda Salomon has returned to school after a week and a half absence on account of illness.

Prof. Orton has proposed that his room buy a little book each, and read them during the holidays, then donate them to the library.

With this issue the present members of the editorial staff are relieved of duty and we are of the impression that while the column has, in no way, been an ideal one, and we may have been incorrect in our reports in a few cases, our efforts have not been fruitless, and have produced good results.

Change of Editors.

We have succeeded in making the column a fairly interesting sheet.

The co-operation of the students in general has been good, and interesting matter has always been at our service, in many instances more than we have been able to use, and while the outside schools have not responded to our liberal offer of space, we think that the sheet has started off on the right

foot, so to speak, and that if the continues to improve as it has the past three months, the column will be of some importance by the end of the school year.

The future staff is, we think, wholly equal to the occasion, and we offer to lend our assistance in any possible way until they become accustomed to the work. For work it is and we hope that at the expiration of the coming term the sheet will show the improvement that these people are able to give it.

Last Friday, December 19th, the school elected ten new editors. There were six elected from Prof. Orton's room and four from Prof. Mosier's room. Charlie Christiani and Clyde Rowell tied for chief editor. The second ballot not being cast for one chief and we will probably have two chief editors. The assistants are Iva Booth, Fay Hodges, Nellie Day and Henry Smith, of Prof. Orton's room, and Bertha Elkins, Roy Cumming, Ruth Taylor, and Celia Nelms, of Prof. Mosier's room. These new editors will succeed those whose term expired last week. With such a force as this we can write up a good column. Let us not only try but work with an honest zeal to make our column interesting to all who may read it.

Let no boy think he can be made a gentleman by the clothes he wears, the horse he rides, the stick he carries, the dog that trots after him, the house that he lives in, or the money that he spends. Not one, or all these things do it; yet every boy may be a gentleman. He may wear an old hat, cheap clothes, live in a poor house, and spend but little money. But how? By being true, manly, and honorable. By being civil and courteous. By respecting himself and others. By doing the best he knows how, and finally, and above all, by fearing God and keeping His commandments.—Western Christian Advocate.

Notice to Electric Customers.

Your attention is called to the monthly lighting rates, which will be found in the last part of Section 10, Ordinance 122, which reads as follows:

Evening until 10 p. m., .05 per candle power; evening until midnight, .06 per candle power. All night lights .08 per candle power. Residences, churches and halls special rates. Residences were given a .04 rate for this reason. They are supposed not to burn their lights only when in actual use, and in no case to burn lights all night in unoccupied rooms.

Beginning November 1st, 1902, we will charge an .08 rate on all night lights unless permission has been granted for same.

We positively will not furnish current to lights not purchased from P. L. & W. Co. Where this fraud is found to exist service will be discontinued without notice.
