Cecil Yancey was absent from the VIII grade on the forenoon of the 7th.

Miss Frances Miller was a visitor of Prof. Mosier's room Wednesday afternoon.

Ruth Taylor and Verna Howard were absent from Mr. Mosier's room at different times last week.

The pupils of Prof. Orton's room visited Prof. Mosier's room one day last week.

Some of the pupils of Prof. Orton's room seem to be color blind, for everything seems to be Gray to them.

There have been several cases of tardiness during the last few days. It seems that we should all guard against this.

Misses Ruth Taylor, Bessie Parker and Mable Omeg were visitors of Prof. Mosier's room Friday afternoon.

Pearl McFarland, Etta Prine, Georgia Hodges and Artie Hardin were absent from the seventh grade Friday.

None of the pupils of the seventh grade were tardy during the past month. I think we're doing pretty well, don't you?

Our organ is just as nice as it was when we got it and we expect to keep it that way for all the pupils are interested in it.

If the earth should be equally divided among its present inhabitants each person would have for his share 2 3/4 acres.

Clarence Sharp has dropped out of school. He went to the Willamette valley to spend the winter with his uncle.

Miss Maud Dobbs, was a visitor of Prof. Orton's room last Friday. We hope she will soon be able to enter upon school duties again.

The records of the great banks of Newfoundland show that the God leave there entirely two months every year, December and January.

Addie Foster, of the VIII grade has dropped out of school. We are sorry to see our school mates drop out from among us and hope that Miss Foster will soon return again.

Miss Regan, of Minneapolis, Minn., paid the school of Prineville a pleasant call Wednesday morning and delivered some very interesting and amusing speeches.

Miss Ada Taylor, one of the teachers, who has been sick, is now very much better and in a short time she will be alright. The pupils are all glad to hear of her rapid recovery.

The pupils of the VI and VII grades had an old fashioned spelling match Friday afternoon. The two grades spelled against each other. Dolly Hodges, of the VI grade was the last one to leave the floor and Bertha Elkins was next to the last.

Last Monday, January 12, it became necessary to stop the school for at least a week, on the account of the scarlet fever. Every one should take advantage of this vacation and study in order to catch up in the study that he or she is behind in. There are several pupils in the different grades that need this extra study and they can not do better than spend their time this way.

The following pupils of Prof. Mosier's room have been neither absent nor tardy during the past month. Roy Canning, Sammie Newsom, Lockwood Simpson, Nate Wurzweller, Oscar Prose, Verna Cline, Dolly Hodges, Cecile Smith, Grace Wilson, Lester Cohrs, Sichel Hinkle, Charlie Summers, Mildred Baldwin, Beulah Crooks, Edna Estes, Maggie Foster, Mary Glenn, Estella Hodges, Verna Howard, Verona McGowan, Pearl McFarland, Birdie Morris, Celia Nelson, Ruth Taylor, Anna Salomon, and Aleatha Dillon.

#### Considerably Married.

Young but ambitious justice of the peace in one of South Idaho's rural precincts was suddenly called upon to marry a couple when he was called away from his office and without book prompting. He had studied the statutory forms, however, and decided to risk the ceremony.

John Jones and Eliza Cook were the applicants, and, after directing them to "tie the mark," the squire said:

"Mr. Jones, repeat your name, age, residence, occupation, and date of naturalization, if any. You do solemnly swear, or affirm, as the case may be, that you are a free, white and male citizen of the United States, or will be on the 6th of November next. That, to the best of your knowledge and belief you are not a biga—that is to say a marriage free trader; and that you never will be in your power to prevent it. That in the case now pending, wherein you are plaintiff and Eliza Cook defendant, you will tell the truth, the whole truth, except as to matters stated on information and belief, so help you God."

Turning to Eliza the judge said: "You do solemnly swear that you will answer such questions as are put to you regarding your qualifications to—become the wife of John Jones. That you know Jones to be the identical person who now confronts you. That you have had full and complete satisfaction, of said Jones, of all just demands, the receipt whereof is hereby acknowledged and the grantor forever released therefrom. That you do this freely and voluntarily and separate and apart from your husband." "Know all men by these presents that I, John Texas, magistrate, with malice toward none and charity for all, in the name of the Territory of Idaho, and in consideration of \$5 to me in hand paid, do now proclaim you man and wife, until death does you part; subject to the decision of the Democratic territorial convention to be held at Boise City on the 18th day of August, A.D. 1888."—Skamania Pioneer.

The Executive Committee most respectfully urge your presence and interest.

M. R. BIGGS, President.  
J. H. GRAY, Secretary.

#### Lemon Juice vs Typhoid.

That lemon juice will destroy the typhoid fever germs in water is authoritatively announced by the Chicago health department after careful experiments extending over the last three days. One teaspoonful of the juice to half a glass of water is known to be a good combination, and repeated trials have invariably produced the same result—every germ was killed. This confirms the announcement made on Christmas Day by Dr. Asa Ferguson, a London physician, to the effect that lemon juice was a deadly foe to typhoid.

#### Notice to Electric Customers.

Your attention is called to the monthly lighting rates, which will be found in the last part of Section 10, Ordinance 122, which reads as follows:

Evening until 10 p. m., .05 per candle power; evening until midnight, .06 per candle power. All night lights .08 per candle power. Residences, churches and halls special rates. Residences were given a .04 rate for this reason. They are supposed not to burn their lights only when in actual use, and in no case to burn lights all night in unoccupied rooms.

Beginning November 1st, 1902, we will charge an .08 rate on all night lights unless permission has been granted for same.

We positively will not furnish current to lights not purchased from P. L. & W. Co. Where this fraud is found to exist service will be discontinued without notice.
