It is announced that there will be a Grand Masquerade Ball at Glaze's Hall, on St. Valentine's night, Feb. 14, given by Sharp's orchestra. This musical organization has a reputation for unexcelled dance music, and the costumed dancers who attend this event certainly have the assurance of a good time.

Ed Harbin returned Saturday from Portland where he went recently to purchase machinery for the new Oshoco Milling Co. The company has the frame work of its building up and will soon be under cover and when the machinery begins to arrive it will be put in place and the wheels will soon be spinning around and making music on the air.

Hon. J. N. Burgess, one of our representatives in the legislature came down last night from Antelope and left this morning for Salem. On account of his brief stay in this city, The Times-Mountaineer was unable to meet Mr. Burgess, though it learned from other sources that Mr. Burgess would likely father the Streckman county move in the legislature.—Dalles Mountaineer.

Saturday and Sunday nights were peculiar in that a fog hung over the valley and it was cold enough to freeze on the brush and fences making them look like Webfoot weather. "When the frost is on the pumpkin and the goose is hanging high." Telephone wires looked as large as the wires from White river to The Dalles flouring mill. This order is rapidly logging to the front and it will not be long until it has as large if not the largest membership of any order in the city.

Last week we omitted a very important item from our news columns, but it was from no fault of the reporters. Prof. E. E. Orton was presented with a fine son by his wife and he was too busy looking at the little fellow to see how much he resembled his father, to say anything about it to the Journal man. However, he has squared himself with the force and we will forgive him this time and hope that young Mr. Orton may live long and that his parents may always be as proud of him as his fond parents now.

Last Sunday the second of the series of big rabbit hunts came off. The scores made were not so good as usual with the exception of that made by Ray, who it seems was blessed with his usual good luck making as large a score as the average at the last big hunt. Some of the boys think that Ray runs down some of the rabbits as he is on the jump all the time after he strikes the rabbit country. No matter how it was done he has again carried off the gold medal and he now has but one more time to win it until it is his individual property. The score stood as follows: W. W. Ray, 140; J. H. Templeton, 104; Dr. C. A. Cline, 103; J. C. Rasmussen, 80; I. W. Spear, 66; John Elliott, 65; David Grimes, 48; Total, 619.

The public installation given Tuesday evening by the D. of H. and Workman lodges of this city was one of the most enjoyable affairs of the season. A large delegation of members from outside lodges was present and took part in the ceremonies. The ceremonies were very impressive and were well rendered, especially was this so of the Degree. The ladies of the Degree have a well drilled team and under the captaincy of Brother Draper the evolutions were nicely performed. A short program was rendered in connection with the installation ceremonies and after the business part of the meeting was over refreshments were served and to say that ample justice was done them would be putting it mildly, especially so when it is known that the Journal man was there and went away fully satisfied with the spread. After refreshments games were indulged in until the midnight hour. Every one went home feeling that it was one of the most enjoyable evenings of their lives.

Dr. C. A. Perrin,

Dear Sir:—
I have nearly finished the former bottle and am practically well. My case was one most physicians would have pronounced incurable. My appetite is good, have gained 40 pounds in weight and feel like a new lease of life was given me. One of the bottles I send for this time is for a friend and the other for myself as I do not intend to be without it.
Very truly yours,
T. B. HARBO.
