

Country Correspondence

The following country correspondence was left out last week. We are always glad to publish the news from our country correspondents and would like to have one from each postoffice in the county.

Crooked River Happenings.

The Messinger boys are making and hauling posts.

The earth is wrapped in a winding sheet of snow in these parts.

Mrs. Weaver and children took a trip to Deschutes bridge one day last week.

Mr. and Mrs. McDowell and son Olliver paid Prineville a visit on Friday.

Very few stock have been lost in this neighborhood, although some are very poor. Hay seems plentiful yet.

The question for January 30, is Resolved; That the truth should always be spoken. Leaders are Jud Montgomery and J. J. Hash.

Montgomery brothers returned home one day last week from Picket Islands, where they had been to look for a few head of cattle.

Miss Grace Merrill was absent from school a few days last week, nursing a very sore throat. She is now able to attend her studies at school.

Mr. and Mrs. H. C. Wilhoit went to the city last week, in the interest of their timber claims. On their return home, they visited one day with Mr. and Mrs. Dodson.

Mr. Merrill's teams returned home last week with the machinery for the planning mill at Bend. It will be delivered at that place by Mr. Merrill as soon as the weather and road will permit.

Jimmy Tetherow accompanied by Johnnie Tetherow was present at the discussion of "Education" by the society Friday evening. They went on to the city to transact business, and returned home Tuesday.

Messrs. McCalister, Merrill and Forest are putting a dam in Crooked River, where they will take out an irrigation ditch in the near future. The water will be used to their land on the north side of the river.

Willie Claypool, of Sisters, informed us one day last week, that he was the proud father of a 10 pound boy, presented to him by his wife on the 19th. Willie says; wife and child are getting along nicely while he hopes to recover.

Mr. McCalister was over to his place in this neighborhood Saturday, and returned to his home Sunday. When he gets his place improved and his residence established upon it a prettier place on the river will be hard to find.

Henry Barnard joined the Modern Woodmen of America lodge Monday night at Prineville. This is a good step and several of the young men in this locality should do likewise, leaving something to benefit the dear ones, who are left when they have gone to rest.

It was decided that singing school would begin Sunday January 25, so several of the pupils gathered at the schoolhouse in the afternoon but the leader Mr. West being absent, Prof. Wilhoit gave those present a lesson in vocal instruction. The song books are expected this week and we hope Mr. West and all the pupils will be at the school house next Sunday at 2 P. M.

Report of district No. 18, for the month ending January 23, 1903.
 No. of days taught, 18

Rosland Items.

Stock are looking better in this locality than they have for years.

John Maston was seen in our midst last week.

Wm Bogue and family, started to town this morning to be gone some time.

We have had three days of continual rain now and the snow and ice are nearly gone.

M. F. Hawthorne and Hank Slover are spending a few days hunting on Big river.

David Hill had a slight touch of the ways of Woodcraft, at a meeting of the M. W. A's last Saturday.

G. T. Sly has been awarded the contract for carrying the mail from Rosland to Odell. He made his first trip last Saturday.

Geo. Beatty, the Rosland postmaster is taking advantage of the good roads, and is hauling hay from Paulina creek.

D. Wilhelm returned from Prineville today. He is intending to move his family to Bend some time soon for the benefit of the school.

Perry Poindexter and party are headed for Davis creek on a hunting trip. At last accounts they were making slow progress on account of deep snow.

Whitten and Bradshaw have moved their headquarters to the stage station on the Silver Lake desert and will remain there all winter.

J. J. Vandervert had the misfortune to fall on the ice a few days ago and hurt one of his legs. At first it was thought to be broken but later developed only to be badly sprained.

MAC.

Saw Death Near.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for coughs and all throat and lung diseases. 50c and \$1.00 at Adamson & Winnek Co. Trial bottles free.

Granma's Apology.

It seems that my young neighbor thinks I was a leetle to plain in my remarks in that piece that I wrote to the paper a week or so ago. Well really I am sorry if I hurt anybody's feelins, but you see I did'n know I had such a peart little neighbor, or I would a gone over and axed his, or her advice before I writ it.

Now you see when folks git old they are kinder hard of understandin, but when I went to school if the preacher had a meant all our Christmas doins he would a said, them things, not that thing, but lawsame how times do change. Now if I see a cabbage on one side the road and another on tother side, I call them both cabbage, but you know the bible says the generation will git wiser and weaker. Well I am real glad that, that part of the Scripture is being filled up, and more glad that one of the latter day generation, lives in this part of the world. And now honey stand up and tell Granma your name, cause anybody thats as smart as you be, being so young, had'n't orter be ashamed of their name.

GRANNY PECK.

A Womens Awful Peril.

"There is only one way to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50cts. Guaranteed. For sale by Adamson & Winnek Co.

What The Fair Will Do For Oregon

I believe the Lewis and Clark Exposition will be of the greatest benefit to Oregon. Some of my reasons for believing this are as follows:

Oregon has been content for many years to rely on its resources and thinking it was not necessary to make any showing to the world.

As a consequence the state of Washington has developed its resources and received an increase in population greater than Oregon. This will be a Pacific Coast exhibition, and without hurting any other state it will be of the greatest benefit to Oregon itself. It will stimulate the growth and development of Oregon by making others believe in us, and what is of more importance, will make us believe in ourselves. It will start industries and the development of Oregon's resources which have hitherto been put off until some more convenient season. It will make Oregonians acquainted with each other, and will remove local jealousies for the grand object of a great state growth. It will increase the state pride of all Oregonians.

The Fair must of necessity be held at Portland for convenience, for in Oregon all roads lead to Portland. This is the best place, and where strangers would naturally expect it to be held, and where it must and can only be successful. The exposition will show in a compact form not only what Oregon has and is doing, but what she can and may accomplish.

So far as the people of the Eastern States are concerned, it would be a great damage to Oregon if the exposition should not now take place. A failure now would amount to a state disaster. We must not only not let it be a failure, but Oregon must make it a grand success. We have gone too far to turn

back.—F. V. Holman, in the Portland Journal.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prondergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly ward off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by all druggists.

Laundry Solicited.

Mrs. Dora Lyons wishes to announce to the public that she will do washing and ironing at reasonable prices. Washings will be delivered.

Lumber \$10 Per M.

After January 1, 1903, we will sell lumber at our mill on Ochoco for \$10 per thousand. Give us a call.
