Notice is hereby given that J. F. Forest, will not be responsible for any debts contracted by other parties, without an order from me.

R. W. Cady, of Buckley, Washington, passed through Prineville Saturday, going on south on timber business.

Dr. Harold Clark and wife are in the city enroute from Silver Lake to Mitchell. He expects to be here in May to practice dentistry.

Portland Club Whiskey, a pure bourbon, well matured. Recommended by leading physicians. For sale everywhere.

Word was received last week that Thomas O'Connell, who is well known in this city, had suffered a severe bruising up from being thrown from his horse near Silver Lake.

H. G. Homme and Rolf Vaale, of Echo, Minnesota, were in the city the first of the week on their way to the timber. They paid this office a pleasant call.

Through lack of space the time card of the Prineville-Mitchell stage line was left out of this issue. It will appear in next week's Journal however.

Hugh Lister came in from his Paulina ranch Saturday. He reports snow about five inches deep at his ranch and the weather condition good for feeding cattle. He returned home Wednesday.

W. H. Smith, the livery man, has placed his stock, and is now running a daily stage between this place and Shaniko in connection with Shaniko parties.

Dr. J. W. Vogel, an expert oculist of Portland, will be in Prineville every three months. Those wishing anything in his line would do well to consult him.

Milt Zell was the victim of quite a serious runaway Thursday afternoon. The accident happened on Main street and was due to the team getting frightened at a buggy. One of the horses was badly hurt, as well as the wagon being considerably damaged.

C. G. Cornett, the stage proprietor, came in on a business trip Sunday. He reports that the snow on Buck Mountain is between three and four feet deep, but that the stage has no trouble in passing over it, as a good solid track has been beaten by the frequent passage of teams.—Burns News.

Thursday evening our city was startled by a fire alarm turned in from the O'Neil building. The fire ladders responded promptly and were on the spot to deliver the goods, but found that the blaze had been extinguished by means of a private hose owned by Mr. O'Neil.

Miss Millie Howard, a daughter of Rev. Howard, and a former resident of this county, was married recently to Dudley Baker, a resident of Dillard, Douglas county. Miss Howard is a popular school teacher, and has many friends in this section, who wish her bon voyage.

Revival meetings are in progress at the Methodist church, having been commenced Sunday evening by Rev. Clark. E. E. Cawood, D. D., of Portland arrived Tuesday, and will speak every evening this week. Dr. Cawood is an able speaker and all should avail themselves of this opportunity to hear him.

The Poindexter Shaving Parlors have changed hands, M. C. Adkins having sold to McCulloch & Hyde. They are both accomplished tonsorial artists and are young men, well and favorably known in our city. Mr. Adkins is undecided as to his future plans, but will make Prineville his home for a time at least.

Charley Voegtly, Wm. Cummins and family and Miss Dodson composed a Burns party, which passed through here the first of the week en route to Portland. That the Burns people should choose this route to the metropolis, speaks well for the Prineville-Burns stage line and its efficient management.

Word was received by T. M. Baldwin from Judge W. A. Booth, to the effect that the Stockman County bill was killed in the senate on last Tuesday afternoon. Great credit is due those who represented our county's interests, as the fight made by Stockman County aspirants, was no weak one.

Among those attending the teacher's examination this week are R. C. Cook, of Haystack; Miss Alma Throop, of Post; C. B. Dinwiddie, of Johnson creek; J. E. Calavan, of McKay; A. C. Hampton, of Deschutes and Warren Brown, of Culver. The

examinations commenced Wednesday and continue for county papers three days, while the examinations for state papers continue for four days.

There is an exhibition at C. I. Winnek's drug store, this city, a sample of Australian Salt bush, which resembles a common garden weed. It is claimed for it, that it will completely reclaim alkali soil of the strongest kind destroying the alkali in a short time. It needs no moisture for its growth, but does better on dry soil, and will attain a height of 18 inches in 15 days. It is said that stock will eat it in preference to alfalfa, and that they do well on it.

The stage agency held by C. I. Winnek is now in charge of Oscar Hyde. Mr. Winnek having resigned on account of lack of time. Mr. Hyde took charge of the office Feb. 1st, and is a capable young man, and will give the traveling public good attention. The agency includes the Burns, Shaniko and Silver Lake lines.

The timber business continues brisk. East-run parties are arriving every day, and are proceeding to the pine woods to select claims. Most of the locators are from Minnesota and the Dakotas, where they have learned the value of the yellow pine, by seeing it sell for fancy prices from the very time it was opened up to the market.

John Geiger informs us that O'Neil Bros. and himself, have harvested in the neighborhood of 280 tons of ice during the recent cold snap. This is the largest quantity of ice put up this year. All peeding ice for the summer have seemed to avail themselves of the opportunity, and the "ice men" and their teams were kept busy last week.

There have been a number of inquiries of late, relating to the publication of timber notices and the rate allowed by law for the service. In answer, we would say, that there is no fixed rate, but the law does specify that the charge shall not be excessive. Ten or twelve dollars for single notices and \$7.50 or \$10 for consolidated notices is the usual rate of charge by papers doing the fair thing.

C. D. Weisz, of Sioux City, Iowa, left for Burns Monday, after a weeks stay in our city. Mr. Weisz is the representative for Bogo, Cowe & Bogo, eastern horsebuyers, and expects to do business with the Crook county horsemen during the coming season. He wants 500 horses to weigh from 1150 pounds and up, and to be delivered at Shaniko from June 1st to September 1st.

Miss King's recital, given Saturday afternoon, was well attended by her class and their mothers. After a musical program refreshments were indulged in, and all report having had an excellent time. Miss King has a large class of pupils who are making rapid progress under her teaching. Especially is this true of the younger pupils. Miss King is well pleased at the progress made by her class.

The Journal of January 29th contained a report of the marriage of Miss Edith Howard, formerly of this city, to J. D. Zurcher, of Enterprise, which was a mistake. We are in receipt of a letter from Mr. Zurcher, requesting correction. The report was started by friends of Miss Howard in this city through a misunderstanding, and seemed to us at the time to be accurate enough to warrant publishing.

This office has received a number of inquiries from people interested in regard to what they will have to do in order to make final proof on timber claims that were advertised to be made before A. C. Palmer, whose term of office expired in October. We understand that Mr. Palmer is trying to settle this and hopes to have it satisfactorily adjusted in a short time. We have consulted several parties, in regard to this, who are in a position to know, and they say the best plan is for the claimant to the land to make out an affidavit and send it to the land office for a new filing on the land and readvertise before making their final proof. This will cost them about \$10, where if they went ahead and made final proof before some other officer than the one specified in the advertisement, they take chances of having their deed to the land held up. This would cause a good deal of delay and besides give some one else a chance to contest their right to hold the land.

Elwood Field Fence

The above cut shows our ELWOOD woven wire fence. It is so strong that it stops all large animals and so close at the bottom that the smallest pig cannot get through it.

The largest meshes in the higher sizes are eight inches from center to center, the next size mesh is four inches from center to center, while in the lower part of the fence additional strands are introduced making the smaller meshes just the size of a four inch diamond divided in the middle. We carry this fence in stock in the following sizes: 26 inch, 34 inch and 42 inch, in 10 and 20 rod rolls.

WE FULLY GUARANTEE THIS FENCE

So that you take no chances in buying it. It gives perfect satisfaction every time.
