THURSDAY, MARCH, 12 1903.

It appears from the Lake County papers that they are engaged at present in giving the little hamlet of Silver Lake a series of slurs...

The selection of the Three Sisters as the coming season's outing point by the Mazamas was a good one. It will give the people who make this trip an opportunity to see a section of country that is little known...

The "official history" of the Second Oregon Regiment which was criticised by Senators Fulton and Smith during the recent session of the legislature, a poor excuse for what it is intended and for which the state paid liberally.

Let us have another history, that will give credit where it belongs or else let us destroy the ones that are printed for they are anything but what they are labelled—"a history of the Second Oregon Regiment in the Philippines."

Forestry Notes.

The public forests in Sweden cover 18,000,000 acres. Of this 12,500,000 acres are under scientific management. There is a central bureau of forestry with forestry corps at work in the fields.

That trees affect soil temperatures has been proved by many experiments in this country. In South Australia some observations showed that the temperature of the soil in a forest was 21 per cent lower than in the open field...

Speaking of forest reserves, a Utah paper says the people of that state are being taught that it is

easier to get timber with forest reserves than without them. The government aims to regulate, not stop the taking of timber.

The Columbia Southern.

The annual report of the president of the Columbia Southern as given in the Oregonian shows the affairs of the company to be in a prosperous condition. It covered the year ending June 30, 1902.

The number of tons of freight carried southward last year was 23,000 as against 20,000 for the year before, and the north bound traffic was 46,000 tons, against 59,000 for 1901.

In connection with the fact that the number of passengers carried last year exceeded those of the year before by 4361, the further fact that the increase of lumber carried into the country was 1,600,010 feet more than in 1901 is deemed significant as showing settlement and improvements.

Personality has done wonders with both heredity and environment. It has made moderate gifts and accomplished marvelous things. Men with moderate gifts, by patient and persistent application have put to shame the splendidly equipped, who have indolently frittered away their patrimony.

It is said that Miss Lang and M. T. Nolan, receiver and register of the Dalles Land Office will assume their respective positions about the 1st of April. It is indeed a fitting testimonial to Miss Lang's efficient service in Land office work, that she should be advanced to her present position and she has a host of friends who are glad for her deserved success.

Additional Locals.

John Edwards and family left Sunday for Albany to reside in the future.

Mrs. A. Gesner and her daughter, Miss Rhoda Gesner, of Salem, are visiting with Mrs. Gesner's daughter, Mrs. Arthur Hodges, this week.

C. H. Crain, of Johnson creek, was shaking hands with his many friends in the city last week.

Hay in this part of the county is as staple as flour in the Klondyke and is selling for most any old price. Those fortunate enough to have a surplus are in a good way to coin money and unless the weather moderates soon there will be considerable loss of livestock.

Perry Kayler, of Molalla, Oregon arrived in the city last week and is visiting with his brother Elmer, of the firm of Smith and Kayler. He is already becoming an expert with the awl and thread and no doubt will be an expert saddler in a short time.

Guy Erwin Moore, has been chosen by the Oregon Agriculture College to represent that institution in the inter-collegiate oratorical contest. Moore is a Prineville boy.—Dalles Mountaineer

J. S. McMen was in from his farm near Lamonta, Monday, and reports hay very scarce in that section of the county. Although he has run out of hay his stock are in good condition and unless the cold snap lasts longer than he expects he will not lose any considerable number.

Rev. Robert Hotchkiss, of Pendleton, arrived here the latter part of last week to take the position of assistant pastor of the M. E. church. This arrangement will be very acceptable to Mr. Clark who has been over-worked for some time past.

Dr. W. W. Taggart is getting the manuscript for his descriptive pamphlet in shape for the printer. Among his write-ups for the publication is one on the geology of Crook County, by Thron Thronson, of Ashwood, which is one of the best and most original that it will ever be the pleasure of anyone to read.

The editor of the Journal was unavoidably called away from office work two days this week, and on this account several communications, including our local school news are left out of this issue.

A week ago last Tuesday there occurred an accident at the Hay Creek stock ranch which resulted in painful injuries to the Chinese cook. The Acetolene lighting apparatus refused to work and John Chinaman with his natural curiosity, but minus his usual caution took a candle and proceeded to investigate. The result was an explosion, a damaged lighting apparatus, and a severely burned Chinaman, who will recover.

The Wasco County court has granted the request of the Good Roads League, of Antelope, and has set aside \$700, to be used by them in improving the Prineville-Shaniko wagon road between that place and Crook's northern boundary.

Died.

Early Thursday morning after a lingering illness, Mrs. Louisiana Elliott McVay aged 51 years.

The funeral will be conducted from the M. E. church at 11 a. m. Friday, by Rev. Clark.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Adamson & Winnek Co.

By the passing on the last day of the session, Emmett's bill creating a new district out of Lake and Klamath counties, Attorney L. F. Conn. of Lakeview, was made prosecuting attorney for these counties. Present District Attorney A. E. Reams, will represent Jackson and Josephine counties. The successors to Mr. Conn will be elected in June 1904.

For Sale.

One registered Herford Bull, 5 years old. B. F. ZELL, Prineville, Or.

Too many school books, too many school studies, and too much work for the pupils, and too much work for the teachers is the cry voiced by Senate Concurrent Resolution No. 24, offered by Miller of Linn, and adopted. This resolution declares that, through the great press of studies attempted under the Oregon law, proper education of children along lines that would prove most advantageous in active life is prevented.

Laundry Solicited.

Mrs. Dora Lyons wishes to announce to the public that she will do washing and ironing at reasonable prices. Washings will be delivered.

Notice of Final Settlement.

In the matter of the estate of William H. Adams, deceased. Notice is hereby given that the undersigned, administrator of the estate of William H. Adams, deceased, has filed his final account as such administrator in the County Court of the State of Oregon for Crook County, and that said Court has fixed Monday, Apr 1 6th, 1903, at 11 o'clock A. M. for the hearing and final settlement of said account.

All persons are therefore notified to present their objections to said account, if any they have, at said time and place.

WM. ADAMS, administrator of the estate of William H. Adams, deceased. W. A. Bell, Attorney for estate.
