Prineville Public School Notes

This column is edited by pupils of the upper grades, purpose, the general advancement of all educational interest.

Editor: Guy G. Lafollet.
Assistant Editor: Charles O. Christiani.
Reporters: Irene Barnes, Ralph Poindexter, Georgia Hodges, Stella Young, Elwood Draper and Lester Cohrs.

The school news which has appeared regularly in the Journal columns for some seven months have been edited each of the two terms by boys of the IX grade or High school. While electing persons to serve during the final term two girls of our class were chosen, who after due consideration absolutely refused the honor or drudgery of the office. Thus after no little hesitation and at the earnest request of the Professor, and others we have been induced to attempt the duty. In doing so we feel that those elected, if they had executed the duties of the office could have done so in as able manner as ourselves, and that a great responsibility rests upon us. In response to which we promise to exert our most able efforts always keeping the good of the school in view. The public school enrollment at present numbers some two hundred and fifty pupils, the high school division numbering twelve. The eighth grade graduating class in the Prineville School numbers about sixteen at present all of whom we hope will pass the final examination. These together with the twenty or more we expect from various county districts will constitute a high school worthy of the name. With the pupils bright and diligent and teacher equal in merit to any in the state there is no reason why a good education cannot be obtained at home as abroad, at least, the opportunity will be offered to those who will take advantage of it.

This is about the time of year for pupils to begin to drop out of school. This is a mistake. Parents should see that their children remain in school until the close of the year, and get credit for the year's work. Pupils can not go on with their classes next year unless they do this year's work and are promoted at the end of this year. Pearl McFarland and Beulah Hyde, were absent from school last Monday on account of sickness. Valda and Arthur Barnes were absent from school last week on account of the sickness of their brother. The visitors of Prof. Mosier's room on Friday, were Misses Edith and Ruth King, Maude Dobbs and Miss Gesner, of Salem. Those who have neither been absent nor tardy during the last month are; Edgar Barnes, Willie Carey, Lester Ferguson, Nate Wurzweller, Roy Canning, Carl Holder and Dolly Hodges of the VI grade. Lester Cohrs, Elwood Draper, Stella Hodges, Mildred Baldwin, Stella Young, Verna Howard of the VII grade. Beulah and Verna Cline have dropped out of school to go to the Country. Georgia Hodges was absent from school Thursday and Friday afternoon on account of sickness. Celia Nelms was absent from school the first part of the week on account of sickness. Ralph Poindexter, Nora Kizer and Fannie Osborn of the VIII grade and Iva Booth and Gertie Sharp of the IX grade were neither absent nor tardy last month. Fred Lucas entered the third grade last week. This gave Miss Foster an enrollment of 53 pupils.

Earl Wurzweller, Louise Summers and Bessie and Jessie Elliott, of the 4th grade and Nellie Summers of the 5th grade were absent at different times last week. Miss Foster has three pupils who have been neither absent nor tardy during the past month. They are Lavelle Dillon Nora Walker and Ethel McDaniel.

Bert Barnes has not been among us for some time. It was reported that Bert had been suffering from an attack of scarlet fever. We hope for his speedy recovery. We notice that the Central Oregonian of Silver Lake is publishing a "school column" which resembles our own. This column presents a new appearance. It is edited by a former Prineville girl.

Last Friday a standing committee of five members was appointed by Prof. Orton. They were: Iva Booth, Fay Hodges, Irene Barnes, Berna Poindexter and Finny Child. The duty of this committee is to select songs for the morning singing that we have in Prof. Orton's room. An enjoyable program was rendered by Mr. Mosier's pupils on last Friday, the vocal music being of the best quality. The boys of Prof. Orton's room have erected a horizontal bar on the campus and may be seen frequently attempting various athletic practices. Our organist, Gertie Sharp, was not present Friday morning. A volunteer did her part. The following program was rendered in Prof. Mosier's room Friday.

An aged negro orator, F. C. Fremont, of Watertown, S. D., a well-known representative of the colored race, who, at the close of the Civil War, was president of a society that sent many negroes back to Africa, lectured here last week on the "Race Problem," and while here he called on Congressman Tawney and ask for a private interview. He stated that he had a communication which he desired the Congressman to convey to the President, to the effect that he had come into possession of information that a plan had been made to attempt the life of President Roosevelt on his Western trip, but that this had now been abandoned, and instead the plotters were planning at some favorable point in Colorado or Montana to capture Secretary of the Treasury Shaw, Secretary of War Root and Attorney-General Knox and carry them to the mountains, to be held for suitable ransom. Fremont refused to divulge the source of his information, but insisted that it was correct.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach & Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated, and pleasant in effect. For sale by all druggists.

MRS. L. S. ADAMS.

Of Galveston, Texas.
"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Theford's Black-Draught should be used.
