

Local Mention

M. C. Aubrey, of Bond, was a Prineville visitor Monday.

George Day left Monday for Eugene, where he goes to attend his father's funeral.

Roy Price left Saturday for the desert, where he goes to ride for horses during the coming summer.

Assessor D. F. Johnson, of Mill Creek, was in from his Mill Creek home last Saturday on business.

Bruce Gray left Monday for a few day's stay at the Bonneyview stock ranch on Upper Crooked river.

St. Hodges wishes to announce that commencing with Feb. 15, the price of feed will be raised to 75 cents per bush, at his feed yard.

Charley and Ed Sunkley made a trip Saturday to the Tetherow bridge on the Deschutes where they landed quite a number of muskrats of nice trout.

Mrs. Jno. McTaggart received her fine new line of Spring millinery Tuesday, and prospective buyers will find some very handsome styles from which to select.

George Wright and Orange Hodges returned Monday evening from the Tetherow bridge, where they have been angling for weeks past with good success.

Mac Cornett arrived Friday night from Shaniko and spent Saturday in transacting business connected with his stage line. He left for home Saturday evening.

Joseph Ester and wife of Paulina, left Thursday for a week's visit with Mrs. Ester's parents Mr. and Mrs. W. F. Elliott on Upper Crooked. They go from there to their Paulina home.

Mrs. Weigand, the photographer, leaves Monday May 11, for Portland, where she goes to purchase up-to-date photographic supplies. Gallery will be closed until her return the first week in June.

A. L. Hunter, of Deschutes, was in the city Wednesday on business. Mr. Hunter is a former resident of our city, and later conducted a baggage saddle business in Burns. He and his family are now nicely located at Deschutes.

The Journal Job office is working on a catalogue for the enterprising saddle and harness man J. W. Boone. In a few days it will be ready for mailing, and its contents and description, will give a fair idea of the up-to-date stock carried by Mr. Boone.

Dr. J. H. Rosenberg intends leaving soon for a much needed rest. He will spend some time in Portland with relatives, and intends going to the beach for a few weeks of Pacific beaching. Mrs. Rosenberg and the baby will accompany him.

A. O. Mosier left Monday for his home in John Day City, via The Dalles. He goes to the latter place as the county delegate of the M. W. A. lodge for the state meeting. Mr. Mosier has been employed in our schools during the past eight months and has given good satisfaction.

Guy Reese, of Lava, who contracted smallpox in Shaniko, died last Saturday at his home on Paulina creek from the dread disease. He lived with his mother on a homestead and was a young man of exemplary habits, aged 24 years. During his illness he was nursed by John Sizemore, and up to the present time no new cases have appeared.

The influx of timber seekers which has been almost discontinued for the past few weeks owing to smallpox, is commencing again, and every day witnesses crowds going from here to the timber. However, many large crowds destined for the woods by way of this place have turned back upon learning of the situation, but will doubtless come back again for when a man wants a timber claim he generally wants it bad.

A Scandinavian timber man while under the influence of liquor ran amuck last Wednesday night, and seeing a victim in one of our young men started towards him menacingly. The young man not caring for a personal combat, took to flight and soon outdistanced his would be assailant. The latter was fined \$12 and costs on the following morning by City Recorder Biggs for the pleasure of giving chase to a respectable citizen.

Monday, May 4th, being the 72nd birthday anniversary of D. E. Templeton, a family reunion was planned by the children at which all were present, as well as quite a number of grandchildren. The children present were Mrs. Med Vanderpool, Mrs. Philliber, Mrs. Ida Cantrell, R. M. Templeton and John Templeton. An enjoyable time was had. Mr. Templeton is one of Crook county's hale hearty substantial citizens, and certainly carries his 72 years very becomingly. May he have many such birthday anniversaries.

We are experiencing a genuine news famine this week.

Ladies' Shirt Waists in all grades and styles at Salomon, Johnson & Co.

Reports from Bond state that there is no smallpox in their little settlement.

Floyd Rowell, of Upper Crooked river, spent a few days in the city the first of the week.

All persons knowing themselves indebted to Smith & Clerk will please call and settle as they need the money.

The school at Deschutes which was recently closed owing to smallpox, has started again under the able instruction of Prof. Arlo C. Hampton.

Mrs. Dora Lyons wishes to announce to the public that she will do washing and ironing at reasonable prices. Washings will be delivered.

Mrs. Susie Stayton's millinery store is open to the public, and is enjoying a good patronage. Women will buy pretty spring millinery, and it can be found at Mrs. Stayton's.

Wm. Young, the blacksmith employed by Elkins & King is on duty again, and is turning out first class work every day. He has entirely recovered from his recent indisposition.

Acting Postmaster Wozniak has a postal card with the name of Albert Lathrop written upon it, but the address is not legible. The sender will please call at the postoffice and rewrite the address.

S. D. Percival arrived Sunday from his homestead near Heister's station, and is giving the Journal a lift in the mechanical department. Mr. Percival leaves soon for Paisley, where he goes to conduct the Chewaucan Post for Wm. Hader.

W. F. King and wife returned Thursday from Burns, and other outside points, where Mr. King went some time ago to solicit trade for the well known and reliable Prineville firm Elkins & King. Mr. King reports a very successful trip.

"They make good clothes," is a familiar expression used in connection with the garments made-to-order by Strauss Bros. of Chicago. Good clothes to order at moderate prices has made this firm famous. Samples displayed by Salomon, Johnson & Co.

While Warren Glaze and Warren Crooks were out walking on the grade near town last Sunday a hunter took a shot at the former mistaking him for a hawk. We've heard of people mistaking the shapes of bear and deer in the minds of game exterminators, but we believe this is the first instance on record where a good looking young man was taken for a bird of prey. Luckily the shot missed its intended mark and the target and sportsman are mutually thankful.

Col. C. F. Smith, of Lamonte, spent Tuesday in our city on route to the Tunnelo ditch, where he goes to superintend the construction of the big Tunnelo ditch. He states that it is the purpose of the management to soon have 60 or 70 men and about 40 teams at work. It is from five to eight feet in depth and broad enough to allow of a team and wagon turning around inside of its width. It traverses one of the prettiest sections of Oregon for a distance of 25 miles and when carrying its full capacity of water will conduct 30,000 inches for the use of the settlers. The source of the water supply is the beautiful mountain stream the Tunnelo. The Columbia Southern runs parallel with this irrigated land at a distance of three miles, which gives good shipping facilities for the producers of that section. The camp is now located at the head of the ditch and will be moved as the work progresses. This ditch has never been given much publicity, and little is known of it, though its size and importance it rivals that of any in the West.

The Smallpox Situation is somewhat improved over what it was last week. Miss Laney Boyd was reported by Dr. Belknap free from the disease, and being fit for her discharge upon a proper fumigation, but owing to the county physician's adverse opinion the Boyds were Tuesday night placed in quarantine at the race track. They will in all probability stay there until all excitement is over. Of the eight cases under treatment, all are progressing nicely and no further fatalities are anticipated. Mrs. Summers is feeling much better, Robert Herrington is sitting up as well as Perry Poindexter. Mrs. Turner is doing nicely and Robert McMurtrey, who is the newest case, is doing

as well could be expected. I. Dillon Sr. and L. Dillon Jr., John Getz and Ralph Poindexter are rapidly convalescing, while Clark Ewing and Ronda Claypool are practically well. Dr. Rosenberg is at home free from all evidences of the disease, and has in probability never had it at all. Business conditions are improving and the authorities fear no further spread. However, they anticipate a few new cases from among those now quarantined, who have had direct exposures, by associating with those who have had smallpox, but they are well prepared to take care of them, and upon developing any symptoms they will be immediately isolated at the pesthouse or at their home.

To those who live outside, we do not believe that there is any danger in their coming to town should they desire to do so for trading or other purposes. The health board has worked faithfully and diligently and too much cannot be said in praise of their work. Those not acquainted with the conditions have no idea of the hard propositions they have had to contend with. We are indeed fortunate in having such citizens in our midst. A few weeks more and smallpox will have been a thing of the past according to those who are in a position to know.

Miss Kate Helfrich Reported Dead.

A phone was received yesterday from Portland announcing the death of Kate Helfrich, who left this city about four weeks ago. According to the report she had been sick in Portland for about a week before the fatal termination of her illness. She has many friends in this section who sincerely regret her untimely death.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured. If it be possible to cure it, Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better, Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
