Rev. C. P. Bailey, who arrived in the city Monday night, left yesterday to attend the Middle Baptist association at Mayville. Rev. Bailey was formerly a resident of The Dalles, but now resides at Oakland, Or. It is his intention to return to this city this fall.—The Dalles Chronicle.

Mr. Clay A. Simpson, Manager Washington Life Insurance Company of New York has recently delivered to Mrs. McDowell his company check in settlement of the policy which Chas. E. McDowell had taken last December through Mr. Simpson's agency.

The United Artisans, held their regular meeting Monday evening for the first time since April 8th. Officers were elected as follows: Mrs. E. H. Smith, M. A., Mrs. Isaac Cleek, Supt., Mrs. J. W. Boone, In., Mrs. W. T. Pogue, Sr. Com., Mrs. James Sharp, Jr. Com., Mrs. Celestine Miller, M. C., W. T. Fogle, Sec., Wm. Draper, Treas., and Dr. Belknap Med. Ex.

Grace Belknap returned Friday from San Jose, California. She recently completed her first year in the San Jose conservatory of music, and comes to spend the summer visiting friends and relatives. Her parents, Mr. and Mrs. H. A. Belknap will not return for about a year, when they intend making Prineville their home once more.

It is reported that Indians from the Warm Springs reservation are hunting in Klamath county just across the southern border of Crook county, and are causing some Crook county settlers considerable inconvenience. Should they get in Crook county they will be summarily dealt with, as it is the intention of Sheriff Smith and Deputy Sheriff Claypool to rigidly enforce the game laws.

The expenses incurred in caring for the smallpox patients during the months of April and May reach a total of about \$5000. When it is considered that this is only a small fraction of the loss caused by the recent plague, it will be readily seen to what extent Prineville's business interests were injured. The great loss, however, is being compensated for in part, by a renewed business activity which is good to look upon.

The hailstorm of Monday did some damage on Lower Crooked river, while on upper Ochoco, the downfall was principally rain, accompanied by a heavy wind. The latter blew a good deal of the alfalfa down causing some damage. Jupiter Pluvius seemed to

vent his wrath especially on the country from here to several miles below town, and opened up his reserve artillery, sending hail stones and jagged pieces of ice, of damaging size. However, the rain accompanying the hail did more good than the latter did harm, when taken as a whole.

A number of the local fans met at the Journal office Monday evening and organized a team to be known as the Prineville Baseball Club. They propose to develop a strong team for the game of the Fourth, and also to secure as many other games as possible. Reid, Myers was elected Captain and W. C. Black Manager, and the line up which is a particularly strong one, will commence practice at once.

W. A. Booth, of Prineville, spent Wednesday in our city on his way to Lakeview. Mr. Booth left on the stage Wednesday evening for Summer Lake where he will spend a day before proceeding on his trip. He expects to meet his brother, R. A. Booth and another party at Lakeview. They will start from that place and make a trip of inspection of the Military Road Land, which will take them into Idaho. It will take the party about a month to make the trip.—Central Oregonian.

The Journal is in receipt of the Agricultural College catalogue of 1902-1903. This institution is situated at Carvalla and has enjoyed a large patronage the past year. It is a thoroughly practical school and counts among its students several Crook County young folks. They are Edith Howard-Zureher and Roy Howard who were both in the graduating class the former finishing a course in Household Science and the latter a mechanical course. Other students are Miss Una Stewart Gladys and Guy Moore, John Howard and Ridgely Draper.

Beef Selling High.

Portland markets are now paying a higher price for beef steers, than has been known for years. Five to \$5.50 per cwt being the prevailing price. The same steers are selling for \$4.00 to \$4.40 in South Omaha at the present time, so it will be seen that the coast markets are much better for cattle than the eastern markets.

Saw Mill Burned.

The Derham saw mill situated about 15 miles from Ashwood was burned to the ground last Wednesday together with about 500,000 feet of lumber. There was no insurance, and the loss is quite heavy. Mr. Derham will rebuild at once, and will be able to utilize some of the old machinery.

Wool Sales.

Last Wednesday's wool sale at Shaniko, was an improvement over the previous day as 750,000 pounds changed hands, as against 650,000 on Tuesday. The Baldwin Land and Livestock Company received the highest price, one choice lot bringing 164 cents and their entire clip averaged about 15 cents. The Shaniko market has averaged a cent higher than it did last year, and has shown plenty of buyers in evidence.

Cattle Thieves At Work.

Reports of depredations of cattle thieves on herds owned by parties in the eastern and central parts of the county keep reaching us, one owner reporting a loss of 30. Such work should be investigated and prosecuted to the fullest extent of the law, and will be. The guilty parties are known, and any more such work will surely result in arrests. Needless to say the marauders are not Crook County cattlemen nor even residents but belong to an adjoining county, and have practiced this business for several seasons. Such work often times results in a well attended and thoroughly enjoyed necktie party.

Scab at Shaniko.

A special stock train consisting of 15 carloads of sheep, loaded at Shaniko and billed to Omaha, passed over the O. R. & N. Thursday night, save the East Oregonian.

There would have been 32 cars in this shipment, but upon arrival at the stock yards, the government inspector found part of them to be infected with the scab in a light form and held 17 carloads for further developments. These infected sheep were dipped Friday and will have to be held for ten days before shipment. It was thought by stockmen that the scab had been completely stamped out in Shaniko district and this instance comes as a surprise.

A Runaway Accident.

Last Monday while Guy Lafollett was driving in from the Lafollett ranch on McKay, accompanied by his mother Mrs. T. H. Lafollett and Herbert Rideout, the team was frightened from a singletree breaking and became unmanageable. Herbert Rideout jumped, sustaining a few bruises while Guy held to the lines until the harness broke freeing the horses from

the rig and was then dragged over the dashboard, getting a few scratches. Mrs. Lafollett kept her seat in the buggy and was uninjured. The harness was so badly torn up, that it was necessary to buy a new set while the buggy was also badly used. The scene of the accident was on the McKay road about a mile from town.

The Dixie Meadows Gold Mining Company's Developments.

Dr. H. P. Belknap returned Thursday from Grant county, where he went three weeks ago on recreation and incidentally to visit the Dixie Meadows Gold Mining Company's mine. Their property is too well known to need of description. A good part of the stock is owned in our section, and the doctor brings back flattering reports that will do these people's hearts good. A number of mining experts have recently visited the mine, and pronounce it without doubt a several million dollar property, as it now stands. Work is progressing satisfactorily, 20 men being employed. They are working in about 750 feet on the lower drift and when 100 feet further in, will commence on the upraise to connect with the upper drift. The boarding house, which is 24 by 80 feet is completed and the mill building is in the course of erection. The roller process machinery with a capacity of 100 tons of ore per day will soon be on the ground and will be in operation by October 1st.

In the meantime the Grant county court has appropriated \$1000 to build and improve the county road from Prairie City to the mine, the former place being 12 miles south of the latter. This sum was appropriated by \$500 subscribed by Prairie City citizens, and the camp is assured of good outside communication.

School Election.

The school election held at the court house Monday was poorly attended, only a few freeholders being present. I. L. Ketchum's term as school director having expired, M. E. Brink was elected in his place to serve for a period of three years. The resignation of M. R. Elliott as school clerk was not accepted, and Mr. Elliott consented with some reluctance to serve another term. He stated that this was his 11th year, and as the place was peculiarly hard one to fill, with no salary compensation worth mentioning, only \$35 per year being paid, he thought it should be given to some other capable person. The office of school clerk is an important one, he having to handle large sums of money, and it not only requires honesty but also large bonds, and with these things in view, the board moved that they take some action to raise the salary attached to the office. No further business coming before the meeting, it was adjourned.

The one noticeable thing about this school meeting was the deplorable lack of interest which should be taken in it by the patrons of our school. This election was general throughout the state, and it would not be hard to find a great many districts where the property interests represented would be only a small fraction of what they are in District No. one, where the attendance and interest manifested would make us ashamed of ourselves.

The importance of this meeting was greatly added to, by the contemplated changes and improvement to be made in our school for the coming year, and while the new officers could not be improved upon, and will give entire satisfaction, the vote showed an extraordinary lack of interest in an important event.
