M. will be filed in this office on Monday July 27, 1903, and that on and after said day, we will be prepared to receive applications for entry of lands in said township, from any persons who made settlement prior to the withdrawal of said township for the Cascade Forest Reserve.

### High School Site.

The site selected by the High school board as a building place for the High school is just inside the race track, and is 240 feet by 240 feet in size. It is owned by the road company, which asks \$400 for it. However, an effort is being to get them to donate the ground which they should do. It would be a public spirited action, that would be appreciated by every taxpayer in the county, and in the end, our gain would not be their loss. It has not been learned as yet what they will do in regard to the matter.

### A Jewelry Fair With Us.

An individual representing himself as the agent of a large Eastern Jewelry house, is peddling cheap jewelry at fabulous prices in our section. An investigation shows his goods to be worth perhaps one third the sale price, and the method of disposing of them, is what makes the sales. His terms are very liberal; as he only asks that the purchaser give his note for six months without interest, but he is very careful at the

same time that the notes are given by reliable parties. People should be warned of such a grafter, and give him a wide berth.

### Births And Deaths Must be Reported.

It is necessary now to make official record of every birth and every death. A new law that is already in effect requires every physician, midwife or head of the family to give notice by the end of the month to the county health officer of any birth that occurs under his or her charge. Every physician, midwife or head of family must give notice to such health officer within 48 hours of every death. No burial can take place until a proper burial certificate has been made out and transmitted to the county health officer.

All these requirements are the result of the act creating the state board of health, which passed the last legislature. It contained an emergency clause and took effect on its approval by the governor. It creates a county, as well as a state board. The county board is the county judge and county physician.

To this officer must be reported all infectious diseases, deaths, and causes thereof, of burial of every person that dies in the county, and in the case of birth of any child give name of parents, residence and occupation.

### A Reported Heppner Victim Safe.

Taking the Heppner reports as facts, we felt that it would come within the province of this week's Journal to chronicle the death of one of Prineville's young men, Bruce Gray, who was supposed for a few days, to be one of the missing who would be found together with other victims of the awful Heppner disaster, among the piles of debris that marked the course of the flood. However, the feeling of sadness that came over us, when we almost felt certain that the report was true, has given way to a feeling of absolute joy, upon learning that it was a mistake and in lieu of the death notice, we are glad to state that Bruce is alive and healthy, and in our midst, having arrived home safe and sound Monday evening. Hearty hand shakes and congratulations, upon his fortunate escape kept him busy for some time, after his arrival.

### Married.

At the residence of the bride's parents Mr. and Mrs. W. F. Elliott, on Up-Ochoco, Sunday, June 21st, Mrs. Jennie Claypool to W. C. Black, Rev. H. C. Clark, pastor of the M. E. church, officiating.

Aleck Honck and Neil Milligan returned from their fishing trip on the Deschutes, loaded down with the speckled beauties, among which was two fine dollybirds.

Mr. and Mrs. Ben Helfrich while driving out last Sunday evening, met with quite an accident. The horses became frightened and started to kick, one horse kicked over the tongue and made things lively for a while. Mr. Helfrich told his wife to jump out, which she did without any serious injuries. Ben stayed with the buggy until it became too tropical, when he jumped out and turned the team loose. He came out with a badly sprained wrist and several severe bruises. The rig was badly delapidated.

### In Remembrance of D. Bond.

On the banks of fair deliverance  
Walks our loved one, gone before  
To the land of endless glory  
On the bright and golden shore.

Precious one how much we miss  
Thee;

Mortal tongue can never tell,  
But we know what'er befalls thee  
Jesus doeth all things well.

No more sorrow, grief or heartaches  
Mace thy peaceful rest so sweet.

For we know that thou art learning  
Lessons at our Saviour's feet.

When we scan thy life here with us  
Full of kind and noble deeds  
Thou hast taught us, loving kindness  
Is the flower among the weeds.

Now to Christ our loving Savior  
Thy weak spirit we commend  
Knowing in His sacred presence  
All eternity thou'lt spend.

Composed in loving remembrance  
of our brother Dayton Bond, who  
passed from this life April 17th 1903,  
at Prineville, Oregon after a brief illness.  
By his sister, MARIE A. WILEY,  
University Park, Oregon.
