P. G. Jones, of Silver Lake, was in the city Sunday en route home from Shaniko, where he had been to take a load of passengers, who had been out in that country looking up some timber land.

Rev. G. M. Booth, presiding elder of the M. E. church spoke in the city last Sunday. He spoke on "Missions" at the morning service and raised a neat sum by subscription to be used in that cause.

Mesdames C. I. Winnek and H. P. Belknap entertained the Degree of Honor Tuesday evening at Dr. H. P. Belknap's home in this city. A large crowd was present and music, games and refreshments were the order of the evening.

P. G. Kubanks, agent for the Chicago Crayon Company is in the city in the interests of his firm. Mr. Kubanks expects to stay in the city until after the Fourth delivering pictures for which he had taken orders last winter. He also expects to help along in the celebration.

J. H. and Otto Gray returned last Friday from Heppner. They reported the conditions there very bad when they left, but the committees in charge of affairs are working very hard to get things in order. They say it will be many years, however, before the town will be in its normal condition.

A. H. Grant, of Bend, Sundayed in the city. He says that the Bend Mercantile Company will amuse the residents of that section with a grand display of fireworks on the evening of the Fourth. He returned Monday, taking his wife and family with him. They will make Bend their future home.

Some good work has been done on the road from this place to Bend. The road supervisor of Powell Buttes has had the road out as far as the old river bed cleaned up of rocks and the improvement is quite noticeable. If Bend would see to it that their part is done, one of the best roads in the county could be had.

The enterprising livery stable and stage men, Booth & Cornett, are preparing to establish a livery stable at Bend which they will use in connection with a daily stage line they intend running between our city and that place. They will have this line in operation within a few days. Besides handling their stage business, their stable at Bend will also have rigs for timber people and others.

The ball games scheduled for the Fourth will not be as originally intended, owing to the size of the purse being cut down. The Warm Spring Indian Reservation will contest with our local team. The prizes will be \$100 and \$50, and as the Indians are good at the National game, a nice contest is assured. The local players are practicing faithfully and expect to get the winners end of the purse.

Beginning at 4 o'clock on the afternoon of July 4th, the Presbyterian Ladies Aid Society will serve delicious ice cream and cake for the small sum of 15 cents. The Helping Hand Society will serve ice cold lemonade and the best of home made candies. You will find them located in the building formerly occupied by Doak's butcher shop. As this is for a worthy cause your patronage is solicited.

Three hundred and fifty square miles of territory devoted to the culture of sisal and henquin fiber supplies the twine to bind the wheat crops of the world. This twine is used in the United States, Argentine and Russia. The United States furnishes all the binders which use the twine.

L. A. Booth left Wednesday with a load of furnishings for the Pilot Butte Inn at Bend. This stopping place has recently changed hands, A. C. Lucas, of our city having taking charge of it. He will conduct it in the future as a first class hotel, and he will also have charge of the Pilot Butte Livery Stable, of the same city. Booth & Cornett, the stage and stable men are the proprietors of the stable.

The different committees working on the coming celebration have failed to make out a program for the day, but will get together tonight and arrange matters. The public assured, however, of a good interesting program consisting of speeches sports and fire works. Outside people make no mistake in coming to spend the Fourth with us, as every effort possible is being made to make the celebration worth coming to see.

The Prineville school board will meet the later part of the week for the purpose of electing teachers for the ensuing year. It is probable that they will add another teacher as our city's rapid growth has made the handling of the increased number of scholars almost an impossibility for five teachers. There are about 250 children in our city. Two hundred and thirty five were enrolled at the close of the last term.

O. R. Henry, passed through town Tuesday enroute to Shaniko with a load of wool from the John Da. country. Mr. Henry says he found the roads from Beaver creek this way to be almost impassible and that it was necessary to carry a pick and shovel and work the road so get through. Considerable complaint is being made in regard to the condition of the roads from here to Paulina and the supervisors who are supposed to look after such roads should see that they are kept in proper condition for travel.

W. A. Booth returned Monday from a trip to Lakeview, where he went to meet his brother and party for the purpose of looking over the Military Road Land, purchased by the Booth, Kelley, Lumber Company last season. Mr. Booth reports a pleasant trip. He was much pleased with the country south of Silver Lake. He stopped over a few days at Summer Lake and found it to be a veritable garden spot, strawberries and other tender fruits being raised to perfection.

An interesting game of base ball was played on the local diamond Sunday between Park Doak's scrub team and the regular nine. The scrubs gave the regulars a run for their money and with a little more practice and by the addition of one or two more good players they can win out. The boys are out practicing every afternoon preparing for the game on the 4th. The score Sunday stood 11 to 14 in favor of the regulars.

Word was received Tuesday evening by telephone from Hay Creek that the Indian Band and B. S. Ball Team would be here to participate in the Fourth of July celebration. The Indian ball tossers are a husky lot of players and if the Prineville team expects to win the purse they will have to improve in their playing. However, the local boys will make some changes in their line up and the team which will play the Indians Saturday will be the strongest ever put out at this place. One of the best exhibitions of the national game ever played in Prineville will be the result of Saturday's game and all who attend are assured of a royal good time.

H. A. Jackson a mining man of well known ability, in speaking recently of the Diaz Meadows mine near Prairie City said unhesitatingly that it was a great mine, and that the fact could not help but become known in due time. He forecasts a production of precious metal from the mining district in which it is situated, that will not only surprise the outside world, but the local miners as well. This is the property often referred to as the Belknap mine.

The New York Central Railroad is preparing to test the worth of beech, birch and maple woods as track ties. The company now uses Southern hard pine, but it has to be brought from far away; the supply is becoming low, and it is proving too expensive. Trial will accordingly be made of these woods found in abundance near the line of road. The plan is to season the birch, beech and maple ties and treat them to a preservative solution of some sort. It is believed that in this way a more durable tie can be obtained at less expense than the hard pine, which lasts about five years.

The Haystack Base Ball Club will be here to participate in the ball games scheduled for the 4th and 5th. The boys have a strong team this season and expect to show the local boys a few things about the national game.

Cattle Rustler Caught.

Arch McKay, of Mitchell, was last week bound over by the Justice's court of that place in the sum of \$500. He is to appear before the full term of circuit court and answer the charge of cattle stealing. He was already under bonds for the same offence, his first case having been continued from the Spring term of court. The last offense was committed on Crook County cattle men, and as the evidence is very strong against him, it is probable that he will be punished. It is also thought that his trial will implicate others and it is hoped that the depositions that have been committed on Crook County stock men in the past, will be stopped by this proceeding.

C. C. Hutchinson vs A. M. Drake.

The case of C. C. Hutchinson vs. A. M. Drake was decided by Judge Bradshaw last Saturday in favor of the defendant. In this suit Mr. Hutchinson prayed for a one half interest in the Pilot Butte Development Company's holdings, alleging that it was through his information that said holdings were acquired. He also asked that Mr. Drake be restrained from disposing of any of the property of the company. In this suit he was denied the right to be co-defendant even an interested party. Judge Bradshaw considered Mr. Drake's evidence sufficient to prove that the company's works and development were at all times independent of Mr. Hutchinson. Mr. Hutchinson is expected to file another suit soon, but its ending will in all probability be the same as this one, as his case has been at no time a clear one. In the meantime the Pilot Butte Development Company continues to improve and their work is being rapidly recognized as an important factor in the development of the section in which they are situated.

The Firemen Entertain.

Fire Company No. 1 held an enthusiastic meeting Monday night, at which time three new members were initiated into the mysteries of that company. After all business before the company was dispensed with, they were treated to a spread fit for a king, which was furnished by Fireman W. E. King. A number of the boys from Company No. 2 were present and to say that the good things to eat were enjoyed would be putting it mildly. The Firemen of this city have a reputation for doing the right thing in an event of this kind, but the report furnished by Mr. King Monday night outdone all past records and will long be remembered by those present. After the boys had satisfied their appetite they were treated to cigars by Fireman Michel. They then adjourned to meet at the Ochoco bridge with tin cans and other instruments capable of making as much noise as possible. From here they marched in two's to the residence of Fireman Black, who was recently married and treated him to an old fashioned serenade. The boys gathered around the front of the house in a circle and at a signal from the leader the music began and it soon aroused Mr. Black from his peaceful slumbers, who coming to the door in full dress gave the boys the price of a treat to desert from any more of the music.

Concert on Poverty Flat.

Last Monday evening the editor of this paper and his household were treated to a very realistic imitation of a Darktown band concert. The players numbering about 50 were all from among our local talent, and their rendition of the beautiful opera, William Tell, bespeaks much praise for their director, Oscar Hyde. The different sections harmonized nicely, and especial praise is due to the soloists; Wm. Holder, alto, P. B. Doak, tenor, Ora Parker, trombone, and Bruce Gray, tuba, all handled their respective instruments in a mastery way, and proved conclusively that they are artists of no mean ability. Their support was also good. Our musical critic being absent on this occasion, our description is necessarily a little off, but unnecessary to say the concert was thoroughly appreciated. After 15 minutes of soul stirring tones, the enthusiasm of the music seized hold of us, and we were forced to interrupt the proceedings with the price of a "smile." However, the cashier, Herbert Bideout, being excited, dropped nearly half of the donation in the editor's wife's flower bed, and our heart was duly made glad the following morning when she found the same, while coating the flowers of weeds. We have invested the money lost by the company's cashier in catabas, and while we must confess to being glad at his oversight, we sincerely hope that the Holders-Draper-Kings-Summers-Michel-Panacke-Crisdine-Gray-Booth-Lytle-Parker-Bideout-Whitsett-Hyde-Cyrus-Ray-Doak-Wright-Bailey-King musical trip will not think us miserly, oh no, boys.

Presentation of Flag Delayed

The ladies of the Fourth of July committee of 1903, having a surplus of money on hand have bought a flag with the same, which they proposed to present to the city on the coming Fourth of July, not being able to procure a proper flag staff, will defer the presentation to some future date. The flag however, will be displayed on the flag staff of Wanzweiler & Thompson store on the coming Fourth, waving its colors to the breeze for the first time as the procession passes.

Married.

At Rice Hill, Douglas County at the residence of the bride's parents, Mr. and Mrs. J. W. Jones, June 23rd, Orange Hodges and Miss Bessie Parker. Both the bride and groom are well known in this section, Miss Parker having visited at different times with her brother Ora Parker, of this city, while the groom is a native Crook County boy. The young couple has many friends, with whom the Journal joins in wishing them a married life free from trouble and filled with happiness to overflowing.
