He expressed himself as well pleased with the general appearance and location of our city. While here he was the guest of Prof. E. E. Orton.

C. Fewerhelm was in the city Tuesday and reports having sold his entire crop of rye for \$1.25 per bushel. He says that he raised 2500 bushels on 134 acres of what might be ordinarily called desert land. Altogether Mr. Fewerhelm's grain netted him a very neat sum. The rye spoken of was raised about three and a half miles from town on the Conals Flat road.

We understand that a short time since there was several cases of scarletina in two families in our city, the heads of which failed to report the same to our local health officers. While no spread is anticipated, citizens boasting external virtue should comply with one of our state's most important laws. Anyone having the interests of the community at heart will certainly do so.

Among the local horsemen Dr. C. A. Cline will enter a two-year-old running horse, and Wm. Pollard his John H. horse for the Jockey Club events next month. So far there has been no other Prineville horsemen who have declared their intention of entering for the events. These promises to be a good meet however, as a good many outside horsemen will try for the purses.

The young ladies in the city who are organizing a concert band will meet at the residence of Miss Iva Booth next Tuesday evening at 7 o'clock to make arrangements for a basket social on Sept. 18 for the benefit of the organization. The present officers of the company are: Una Stewart, president; Lizzie Ketchum, vice-president; Iva Booth, secretary; Beulah Crooks, treasurer.

The Journal has received the premium list of the Second Eastern Oregon District Agricultural Society announcing their prizes for their exhibition to be held September 28 to October 3rd inclusive. Special attention will be paid agricultural exhibits, and as our county is embraced in the Fair district, it should receive a liberal support from Crook County both in attendance and exhibits.

Judge W. A. Booth, D. E. Stewart and J. H. Templeton returned Friday from their hunting expedition in the Cascade Mountains. Mr. Stewart killed a cougar six and one half feet in length while Mr. Templeton killed the proverbial bear with his "Betsy." While the judge got no big game he holds the record for a rapid shot, having while on this trip dismounted, untied his gun, and wounded a deer in just three seconds.

Lional A. Johnson, traveling correspondent of The Oregonian, spent the first of the week in the city, leaving Thursday for Lebanon, by way of the Military road over the Cascades. He reports doing a flourishing business in Eastern Oregon for his paper, and while here wrote up our magnificent country for his paper. He is an old friend of The Journal man and we acknowledge a pleasant call from him.

Don't forget that D. P. Adamson carries a complete line of school text books, and school supplies at reasonable prices.

Three Nickels In The Slot Machines.

C. H. Donlap, a young man from Lakeview, succeeded in placing three infernal machines in Prineville, where the capitalist-killer can pass away the time listening to Ta-ra-ra-boom-de-ay accompanied by the after beats of his nickels as they hit the inside cash box.

The legislators of two years ago passed a law forbidding the use of these machines, but the man who framed the bill proved to be a nickel in the slot "bribe" and it was an illegal clause. Consequently, the nickels and quarters still drop, while the tunes play on.

Sugar Beets Hauling A Possible Industry For Crook County.

H. Y. Huston, of Slaters, was in the city Tuesday accompanied by his step-son Mr. Winkle. Mr. Huston left at The Journal office a sample of the sugar beets and carrots raised by Mr. Harris at the Cline Falls ranch. For quality, and size they are certainly very good and should dispel the observer of any idea that our county was not good for agriculture. Mr. Huston says there are about 400 acres of wheat immediately around Slaters that is about ready for threshing. He estimates the yield at 20 bushels per acre.

The High School.

The high school has an attendance of 13 which makes a small class, but the size is overcome by the earnestness of the students. Prof. A. C. Strange feels much encouraged at the prospects, and especially requests all the young folks to be present at a reception to be given at Mrs. H. P. Belknap's home in this city Friday evening. A short program, refreshments and games will be the order of the evening. All interested in education should be present as Mr. and Mrs. Strange desire to meet them and get better acquainted with our young townpeople.

Prominent Livestock Men Here.

A party representing the Live Stock firm of Bogue, Coe and Bogue of Sioux City, Iowa, composed of C. D. Weitz, W. H. Lexington, Joe Trautman, and J. F. Bogue arrived in the city Sunday evening. They will be in our section for a month, and say that they will buy only horses. At first they claimed they would also buy cattle, but either our local conditions or prices do not suit them and they now declare cattle buying out of the question with them. Just whether or not the gentlemen would take the latter at a low figure we do not know, but it is not probable that they will be able to get any amount for anything below a reasonable price.

Mrs. J. F. Spinning Experiences Eastern Flood.

Mrs. J. F. Spinning, who left Prineville last week to visit with relatives in Iowa, was unfortunate enough to be carried into the storm center which has swept recently through Kansas and Nebraska. Mrs. Spinning wrote to her husband here that corn stalks and grass hanging to the telegraph wires became a familiar sight in the vicinity of Omaha where the flood reached its highest point. At Council Bluffs, which was almost completely submerged, the city officials were using steam launches in the streets, and the water in the race track, where races had been held a day or two before, was 21 feet in depth. The Missouri river rose five feet in 15 minutes.

Mrs. Spinning reached her destination safely although fatigued from the many nights of danger and suspense.

A New Addition to Crook County's Stockmen.

Thomas Thorpe, Jr., formerly of New Orleans, La., has bought the section of road land lying immediately east of the McCallister ranches on Lower Crooked river. He is a late arrival in our section, and intends to make his home on the land purchased where he will actively engage in the sheep business. It is his intention to let contracts soon for clearing and breaking this land, for the purpose of seeding it to alfalfa. He has also bought a forty-acre tract of meadow land also belonging to the road company and lying in the vicinity of Blue Lake.

Mr. Thorpe is an intelligent energetic young man, and is a substantial addition to the population of our county. He is a veteran of the Spanish-American war having served in General Chaffee's brigade at the campaign around El Coney, where he was severely wounded.
