At orney Elliott will have the management of the new property, and judging from the present demand for city lots there will be a quick disposal of the real estate.

Prineville Man Drives His Cattle South to Klamath County.
C. J. Johnson, of this city, in company with his brother, W. B. Johnson, and Dell Dibble, the two latter gentlemen from Silver Creek, arrived at Silver Lake last Tuesday with a band of about 1000 cattle from their Silver Creek ranches. The Johnson cattle are all beavers, while Mr. Dibble has nearly his entire band of stock cattle with him.
They will make Silver Lake their headquarters for a short time until something definite is known regarding the hay. If the price of the latter is too high they will drive farther south where prices are expected to be more reasonable, or where stock buyers can be found. Their action was made necessary owing to the prevalent high prices in the Silver Creek district in Harney county. High prices for hay prevail there, and unlike this section, it is not purchasable at any price as there is absolutely no surplus.

Georgia Harper Company Furnishes Prineville a Treat.
The Georgia Harper company arrived in the city last Thursday and that evening opened a week's engagement that has been all and more than they claimed. In fact the company's work has been of the highest order, and has been considered a rare treat by the large audiences furnished by this city. Miss Harper's work in Comille was especially commendable, but the different parts she took during her engagement here have classed her as an actress of fine attainments, and the best ever seen in Prineville. Her support was unusually strong, and the work of George Dietrick in many of the leading parts which he took was equal to that of Miss Harper's. The company is by far the best which has ever presented a play on the Prineville stage and a return next season will be eagerly looked forward to. The opera house was crowded every night, and the same sized audiences are assured the company if it returns next year.
