 Proper Treatment of Pneumonia.
 Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala, who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

LIVER TROUBLES
 "I had Theford's Black-Draught a good medicine for liver disease. It cured my case after he had spent \$100 with doctors. It had the medicinal value of a horse."—WILLIAM COFFMAN, MARTIN, Parkersburg, W. Va.
 If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the congested bowels, stirs up the torpid liver and causes a healthy secretion of bile. Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 2-cent package of Theford's Black-Draught should always be kept in the house.
 "I used Theford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Martindale, Ill.
