E. E. Laughlin, the Paulina cattle man, was in the city several days last week on business matters. Mr. Laughlin says the range in that part of the county is the best it has been for several years and that stock as a result is looking much better than it has at corresponding times during several past seasons. He is making arrangements to dispose of 200 or 300 head of beef cattle to the Union Meat company in a short time.

Hon. W. A. Booth, who has filled office of sheriff and county judge of Crook county, and whom the democrats have nominated for joint senator or for the district comprising Crook, Klamath, Lake and Grant counties, was in the city Saturday, returning from a campaigning tour through Lake and Klamath counties. Mr. Booth's home is in Prineville, but to reach the two southern counties of his district, he found it more convenient to come out to Shannico by stage, then travel 800 miles by rail than to travel 200 miles across country by stage. When people are put to such inconveniences it would seem that a railroad running north and south through Oregon is needed.—Dalles Mountaineer.

It is reported that the Rabbit Valley stock plant, which has been owned jointly by H. J. and Joseph Lester, has been absorbed by the latter. H. J. Lester, it is stated, will move his family to his fine ranch and intends selling his entire sheep interests as soon as possible. While the purchase price of the Rabbit Valley property was not mentioned, the deal was a large one as it engrossed a half interest in one of the best stock ranches in Central Oregon.

The Journal office has received letters at different times with the address Prineville spelled in almost as many ways as there are stars in the firmament. Mail matter has come to us as "addressed to 'Prineville,' 'Prinevile,' 'Pinesville,' 'Pierceville,' and various other names. But the worst of all these contortions arrived through the mail last week. The whole office force was stupefied when the address was read and even the office cat was stricken with a stupor from which it has not yet recovered. In bold and humiliating letters the envelope was addressed to "Prinevile." That was too much, and it was on account of the meanness that we declined to return the letter and sent it back post haste to the writer.

Hon. J. A. Laycock, of Mt. Vernon, Grant county, the Republican nominee for Joint Senator from this district was in the city the last of the week looking after his political fences. He has defined himself to the satisfaction of the voters on the county division question and will make a strong pull for his entire party vote. This is Mr. Laycock's first visit to Prineville and he expressed himself as being greatly pleased with the town and the portion of the county through which he traveled. Prineville was well represented at Bend last Sunday. A good sized crowd went out from here to witness the base ball game and the club's colors were in evidence on every hand. The party of young ladies which went out to help win the game consisted of Misses Iva Booth, Nellie Day, Georgia Hodges, Maud Vandorpel, Fay Hodges, Jackie Brock, Gertrude Sharp and Berna Pindexter. Mrs. L. Jordan accompanied the party as chaperon.

She succeeded in saving only a few household goods so rapidly did the fire consume the building. The loss amounted to about \$1000.

Prineville Wins the First Game.

Bend went down in defeat in the first local baseball game of the season last Sunday to the time of 15 to 7. The Prineville ball tossers had an easy time of it all the way through, battoning out a lead of four runs in the first inning and two more in the fifth and sixth. Then the seventh was disastrous to the river players and the locals piled up an even half dozen more just to show their weakness with the stick.

Four Deschutes runs came in the third inning and one each in the three innings but one following. That was all to speak of, except that everybody had a good time and the "rooters" of course came in for their share. Not a few feminine voices contributed to the chorus of "Slide, Kelly, slide," which helped things out materially and made the mouthfuls of Deschutes sand taste like angel's food cake. The line-up was as follows:

Prineville Deschutes
Jordan c Wieder
Rosenberg ss Dudley
Sofia, Bailey p Brock, McLeod
Bailey sb Reed
H. Smith lf West
Constable 1b W. Brock
Booth cf McLeod
Gray rf Sheridan
Foster 2b Beck
Umpire, Harold Baldwin.

The score by innings ran along this way.

1 2 3 4 5 6 7 8 9
Prineville 4 1 1 0 0 2 6 0 1 15
Deschutes 0 4 0 1 1 1 0 0 7

Services at the Union church next Sunday will be conducted by the Rev. Z. W. Commerford, pastor of the Presbyterian church. The pastor will discuss in the evening "Things Essential to Victory," and in the morning "The Greatest of Campaigns." All persons not worshipping elsewhere are cordially invited to be present. Our own people should feel it their duty to attend. God rewards the faithful.

The Ladies Aid Society of the Presbyterian church will meet Thursday, June 9, with Meetings Thomson and Biggs at the Reddy.

The wool shipments to Shannico have begun and during the week a number of freight wagons heavily loaded have passed through the city on their way to the Shannico warehouse.

Most of the wool so far has come from the Ochoco district. None of the Silver Lake clip has yet put in an appearance.

Editor The Journal:—Leaving Prineville and vicinity on a bright May morning we came by easy marches to Shannico on the hill. The roads in many places needed working very badly. Especially is this so in the Willow creek country. Rock and gravel seem to be the proper thing as where the roads were treated that way two years ago they are in fairly good condition.

We noticed considerable improvement having been made at the B. S. & L. ranch at Hay creek during the past two years, although there is a desolate looking spot where the store stood a short time ago. However we were told that would be remedied before long when a new and better building would be erected.

Alta looked fine and will be a good stop. Between Hay creek and Trout creek are the most favored spots in the country and there will produce a large amount of grain. Antelope valley is in the best of condition, but bids fair to all wash down the canyon if something is not done to check the water. A great deal of improvement is noticeable along the line of the Columbia Southern, but Kent is far ahead of any of the towns. Two years ago it had a hotel and a couple of buildings. Now it is nearly as large as Prineville.

Portland is the same old town, only the landlords are trying to make a decent sum for board expenses. Many of them are so old that they are like pension commissioners Black's old soldier "one foot neatly in the grave and the other darn near it." Yet they are raising the rent on their buildings every month and at the present rate will bankrupt every renter before the Lewis & Clark fair gets started.

Rent is out of sight any place close it and unless one is a millionaire he cannot pay such rents and live. Where rents were \$35 two years ago they are now \$75 and by this time next year will no doubt be double. There seems to be a general impression among the business men that the fair is going to be detrimental to the best interests of the city as the reaction will be more harmful than the boom will do good.

Automobilist and Oregon Horse.

The town of Bend has caught the automobile craze and some of the residents of Crook county are becoming quite enthusiastic. A good story is told on the man who brought the first automobile to Bend. He was from the East and had been an automobile man since the introduction of the machines. On his first trip to Bend he encountered many difficulties and when within a few miles of Bend his machine quit on him entirely. The next day he hired a saddle horse and started back to his auto. Not being familiar with Oregon horses the animal soon became convinced that his rider was "easy" and finally balked. The automobilist tried in vain to start the horse from his seat. He then jumped to the ground, got down on all fours and crawled under the horse to see what the matter was. Any Oregonian familiar with the Eastern Oregon saddle horse knows what happened without telling any more.—Lakeview Examiner.
