

## LOCAL MENTION

W. G. Killenbeck was in the city from Culver during the past week transacting business matters.

Champ Smith and wife returned the first of the week from Albany where Mrs. Smith has been spending the past three weeks visiting with friends and relatives.

Dr. E. O. Hyde, of Prineville, has been in the city the guest of his brother Mr. Milton Hyde. He was a delegate to the A. O. U. W. grand lodge—Albany Democrat.

Mrs. Dwight Roberts and son and two daughters arrived in the city from Lebanon last Thursday and will make their future home here. They were accompanied by George Roberts of Lebanon.

Mrs. Jay P. Lucas arrived here Saturday evening, for a visit with her parents, Mr. and Mrs. Wallace. Mr. Wallace appears slightly improved this week, though his condition is still questionable.—Antelope Herald.

School superintendent C. B. Dinsdale entered into his official duties the first of the week. Mr. Boegel finished his work in the office last week and a clean record is left for the new officer to commence work on.

J. M. Henkle was in the city Monday from Grizzly where he says the alfalfa crops have all been cut and stacked. Both the first crop of alfalfa and the grain are good and the second crop of alfalfa, he says, will be considerably larger than the first.

Warren Glotz came over from Bend Saturday to secure some instruments for the band at that place. He says the musicians are making great progress and he expects soon to have them turning out better air medleys than the county has before heard.

E. S. Terwilliger, a brother of Claude Terwilliger of this city, accompanied by Charles Keith, arrived in Prineville Friday from Molalla, Ore., and will spend some time here. Both are mining men and they will make an inspection of the mineral properties in this country.

With dozens of people away to the mountains and at different points visiting, farmers all at home buying and with few coming and more going, Prineville presents a more deserted appearance than it has for many a day. Next month, however, when everyone is home again and the fall trailering begins there'll be business for everybody and everybody will be busy.

### KOLA CHERRY

An invigorating drink for summer. It is something new in Prineville. D. P. ADAMSON Servis II.

Mr. A. M. Hammer returned this noon from a visit with his brother Ex-County Clerk Hanmer, at Haystack, Crook county, where W. F. is doing well. He has 100 acres in wheat and oat cultivation, last year in the local market receiving \$1 for his wheat and 5¢ for his oats. A. M. brought back numerous specimens of things raised, from sage brush to live coyotes. The latter is not yet here, but is expected tomorrow, when it will be given an exhibition on show window curiously.—Albany Herald.

H. W. Gould, superintendent of the Tillotson-Cram properties on Lookout mountain, came down the face of the week in an effort to secure competent mining help to work in the tunnels. He telephoned to Ashwood and Baker City where he thought he could get in touch with some capable miners. Mr. Gould said the company had several hundred feet of track laid in the tunnel and were using an ore car which was purchased from the Howard mines. S. S. Johnson, a mining man from Seattle, went up with him the first of the week to look over the properties.

Colonel A. R. Greene, special inspector of the department of the Interior, arrived in Prineville the last of the week from Bend where he has been making an inspection of the additional selection of lands made by the D. L. & P. company. Mr. Greene came across the Cascades in a buggy and was fortunate enough to secure a photograph of a fine buck deer while enroute. The animal stepped into the road scarcely 60 feet in front of the team and made an excellent pose for the inspector's camera.

A new postoffice called Tumalo has been authorized at the Wimer ranch, half way between Bend and Sisters, and George W. Wimer has been appointed postmaster. His bond, in the sum of \$300, with Thomas Arnold and John Slemore as sureties, was forwarded to Washington Tuesday, and on the approval of that bond commission to the new postmaster will issue. The service will be from Bend. Provisions for carrying the mail has not yet been made but a petition is before the department for a mail route direct between Bend and Sisters and favorable action upon it is expected soon.—Bend Bulletin.

James Gilchrist would like to buy an improved farm in this vicinity. There must be barn room enough for a team and a buggy, and the house must be built for two. Jamie is very well pleased with the Maury mountain district, but would buy a place of this description in the adjoining neighborhood. Anyone with a place of this kind could make a sale with Mr. Gilchrist who is now stopping at the Mountain Home near the head of Maury creek.

The Three Sisters Were Flattered.

Among the many means of advertising Oregon which have been employed during recent years, none have been more effectual than that of placing before the people of the East scenic Oregon by views published by the O. R. & S. Co. and other agencies. The Columbia river route has thus been made more famous. Interior Oregon is now to have its innings in this regard and for the next three months, as during the past three, the middle counties will be visited by our splendid artist, A. Gifford, who in his travels throughout the state is improving the opportunity to secure views of every particle of scenery worthy the notice of his camera. Last week he made a long journey just to call on Three Sisters, whom he greatly admired and whose home is in the extreme western part of Crook county. The sisters felt flattered, and gave him their choicest smile, in consequence of which he secured some excellent negatives of these grand snow peaks. The pictures bid fair to rival those famous Mt. Hood. Today Mr. Gifford and family, together with Chas. Lamb, are on their way to Dayville in Grant county, and if plans are carried out, it will be at least three months before they return to The Dalles. His trip proving most successful.—Dales Chronicle.

In the matter of the route in Dist. 17, it is ordered that G. H. Nye, road supervisor of District No. 17 place the road any and all washouts, or fills in good condition for the travel to pass over, and clerk ordered to notify supervisor of this action.

In the matter of the application of Hugh O'Kane for liquor license, bond approved and receipt for \$200 filed. Clerk ordered to issue license for six months.

Cougar Killed at Haystack.

One of the largest cougars ever killed in the county was shot by O. H. Belknap at Haystack last week. The animal measured over six feet in length and was brought to buy in the Belknap corn field where a rifle bullet put him out of existence.

Mr. Belknap was riding home about noon one day last week and saw the cougar in the road some distance ahead of him. As he rode towards it the big cat jumped the fence and hid himself among the stalks. Mr. Richards home was only a short distance away and he and his family and some of the neighbors were hastily summoned. The party surrounded the cougar and stood guard while Mr. Belknap mounted his horse and rode a distance of thirty miles to secure a rifle with which he shot the animal.

Entertained at Mosiacle.

Quite an imposing musicalale was arranged by Messes Commerford and Belknap last Friday evening. A delightful musical program, well rendered recitations and readings and a room made attractive with tasteful decorations and furnishings added to the pleasure of the evening's entertainment. The event was given in honor of Hon. J. N. Williamson and Miss Williamson, Mrs. L. P. Blair, Miss Blair, Miss Packer and Mr. Charles Blair of Pittsburgh, Mrs. N. J. Garfield, of Walla Walla and Mrs. C. A. Gray of Salem. The spacious hall was beautifully arranged for the occasion and the hundreds of more guests present entered thoroughly into the spirit of the evening's entertainment which was enjoyed by all. Those who assisted in receiving and introducing the guests to the company were: Messes Foster, Belknap and Commerford.

The musical selections were quite the best which have been heard in the city, and the readings by Miss Salomon and Master Garfield met an appreciative audience. Mrs. Belknap contributed one of her laughable and imitable readings which will be long remembered for its whole some merit. The program was arranged as follows:

Piano solo, Miss Blair; vocal duet, Miss Hodges; reading, Miss Salomon; vocal solo, Mrs. Commerford; piano solo, Miss Crooks; reading, Mrs. Belknap; vocal solo, Dr. Edwards; address, Hon. J. N. Williamson.

As the conclusion of the evening's program sherbet and ice were served while a trio on the mandolins and piano was being rendered by Misses Stewart and Crooks and Mr. John Luckey, Jr.

Announcement.

Mrs. Clarence Wiley was quite ill the past week. Dr. Edwards was called from Prineville to attend her. Mrs. Wiley is now on the road to recovery.

The team belonging to William Gilchrist, which disappeared last spring with the harness on, was

seen lately near Hampton Buttes.
