An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by all druggists.

Bright's Disease And Diabetes

We desire to place in the hands of those afflicted with Bright's Disease and Diabetes a 26-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these terrific incurable diseases.

The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreadful diseases are long fatal (the deaths from Bright's Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 400 Washington Street, San Francisco, Cal.

When to suspect Bright's Disease: Puffy ankles or hands; weakness without apparent cause; kidney trouble after third month; frequent urination; (may show sediment or cloudy on standing); falling vision; day drowsiness—one or more of these.

LIVER TROUBLES

"I had Thedford's Black-Draught a good medicine for liver disease. I cured my liver after he had spent 100 with doctors. It was the medicine I take"—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine from the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims so many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marchwood, Ill.
