Look out for a counterfeit bull dollar which is in circulation. It has every appearance of the genuine, except that it is not stamped so sharply. One unaccustomed to handling coin, or rather not making a business of handling money, could hardly detect it or be made to believe that it contains fifteen per cent of base metal.—The Dalles Chronicle.

F. C. Rowley, assistant manager of the Deschutes Irrigation Co., of Bend, Crook county, and H. T. Hunter, arrived last night with two four horse teams for work on the ditches to be built in that county, offering \$2.25 and \$2.50 per acre. Mr. Rowley went to Eugene and Mr. Hunter, a former resident of near here, remained in Albany. They expect to leave for home Monday morning. Mr. Hunter reports five times at Bend, where numerous buildings are going up including a bank.—Albany Democrat.

Sherman county Settlers have been quite numerous in town Valley during the week giving testimony before Commissioner Thos. B. Neuhansen, as to their claims on lands formerly held by settlers in Sherman county, but who were ousted from the same by a decision of the Supreme court. While many settlers, and others, have about made up their mind that they would not be remunerated for the injustice done them, the TRIBUNE has always contended that in time the Government would reimburse the settlers, and we hope they will receive what is justly due them in the way of good and satisfactory cash remuneration.—Gross Valley Journal.

A country newspaper man, who is very fond of honey, visited a neighboring city recently and at one of the hotels he served with a dish of nice honey. He enjoyed it so much that he told his wife about it when he got home. On his next trip to the city she accompanied him. They visited the same hotel and when the noon meal was being served he said to his wife that he hoped they will receive what is justly due them in the way of good and satisfactory cash remuneration.—Gross Valley Journal.

A few of the farmers of this section are through haying and those that are not are getting along nicely.

Mr. Walter Morris, of Maury, gave us a flying call on the 12th. Mr. Morris stated that every one had good crops and was getting along nicely in putting it up.

We understand Grant Mayes has bought a number of fat cows. In this neighborhood and will be here soon to commence riding for them.

Norris was taking a pleasant ride last Friday when something went wrong with his horse and they both fell "up side down" in a ditch; all they lacked to complete the job was that Dick wasn't there to ask them "if they ever intended to come back?"

Mr. T. F. Long gave us a pleasant call last Saturday.

Charles McClunon who has been working for Logan is once more on the creek, he stated that Mr. Logan had an abundance of hay this year.

Elliot—Dayton Elliot, aged about 40 years, died Friday, August 12, 1901, in the mountains about 25 miles from Woodville, Jackson county, from acute asthma. The remains will be interred here, probably arriving today. The deceased was a brother of Mrs. W. H. Kay of this city.—Eugene Register.

Mr. Elliott was formerly a resident of Prineville and was well known to nearly all of the old residents of Crook county. During his residence here he was engaged in teaching school a large part of the time. He was a cousin to M. R. Elliott, of this city. Deceased had been a sufferer from asthma for many years.

James Connelly, a large sheep raiser from Cherry Creek, Crook county, was in Moro in business with the Eastern Oregon Land Co. yesterday. Mr. Connelly says stock men just own or rent the timber range in the Blue Mountains now-a-days if they want to run sheep successfully. The free government range of ten or fifteen years ago is a thing of the past. Mr. Connelly owns a large tract of natural meadow land at Little Summit Prairie, which he uses as a summer pasture for his flocks. It is a beautiful spot to summer on, a branch of Crooked river flows through the place, thick full of trout, while round in the timber are bear, cougar, deer, and sage hens habitat. It was near this prairie we ran away from our first bear about 18 years ago, he had supper of a Chinaman, and was on the lookout for an Irish breakfast but we managed to persuade him to take a fat mutton instead.—Moro Correspondent.

Perry Reed, of Culver, was transacting business in town Tuesday. Mr. Reed says threshing is well under way in the Haystack section but that there are not threshers enough in operation to handle the crop as it should be. Stroud & Son and Hoffman & Rodman are both running their steam threshers to their fullest capacity as are the Barnett Brothers with their horse power, but these he does not think are equal to the task. However it is reported that two machines from Hay creek will move over before long to help take care of the crop. A large part of the crop has been contracted to the Irrigation companies at Bend who have had an agent in that section. The prices so far contracted for have been: Oats 35 cents a bushel and wheat 85 cents a bushel, delivered at the Forest place on Crooked river, 5 cents a bushel more in coffee for delivery at Bend. The prices here in Prineville are a little better than this as 60 cents for oats and 85 and 90 cents for wheat are being offered. Down in the Agency Plains country a good yield is reported but most of that grain will be marketed there for seed grain next year as from reports a large acreage will be put in next season.

Mr. Stewart of Paulina was visiting in this neighborhood last week. Mr. Stewart says the hay crop is exceedingly good in the Beaver creek district this season.

A Huckleman has a new kind of hay buck which has to be loaded with a pitch-fork. Mr. Huckleman is rushing the cattle this summer, commencing work about eight o'clock in the morning and getting eleven a. m. He then has the boys to hitch a team to the wagon and drive two miles to dinner, and take three hours rest and get back to the field some time in the evening. The boys are so tired at night that they are afraid they can't hold out till the finish.

We were visited last week by a couple of gentlemen who called themselves prospectors. They were very queer looking prospectors, they were very well dressed wearing white shirts with high collars and also leather shoes to walk in, as they said they were light and easy on their feet, for they were traveling by hand. But when they were last seen one of them was so foot sore that he was almost unable to navigate. We wish their success in finding what they are looking for, though they didn't say it was gold.
