Brights Disease And Diabetes

We desire to place in the hands of those afflicted with Brights Disease and Diabetes a 32-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases.

The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal (the deaths from Brights Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 400 Washington street, San Francisco, Cal.

When to suspect Brights Disease:—Puffy ankles or hands; weakness without apparent cause; kidney trouble after third month; frequent urination, (may show sediment or cloudy on standing); failing vision; day drowsiness—one or more of these.

For Choice Homestead Locations AND Desert Lands WRITE
ROBT. SMITH,
Prineville, Oregon.

After his conviction of the crime of horse stealing, to which charge he had pleaded guilty, George Elliott, having once tasted freedom by escaping from jail for a few hours, sought again to make way for liberty. This time, he secreted a table fork about him for a little season, with which, and a stick of stovewood, he tried to bore his way through the wall of the jail. The plan moved along nicely, as he was assisted by one of the prisoners from Pondilton. But the work went a little too slow, and was finally given away by another of the prisoners. Although the young fellows were locked in a cell, this small inconvenience did not deter them from continuing their attempt at escape. They succeeded in prying a piece of pipe from the water system, and with this all but succeeded in twisting off the lock of the cell door. The youngster, Elliott, seems incorrigible, and if Sheriff Ambrose succeeds in landing him safe in the pen for a year, he is to be congratulated.—John Day News.

Will Crook County Have An Exhibit At The Fair?

In order that the people may meet and decide as to whether they desire to have the resources of Crook County exhibited at the Lewis and Clark Fair in 1905, I hereby call a meeting of the people of this county to meet at the court house in Prineville, Oregon, December 21, 1904 at 10 o'clock a. m. I would suggest that each precinct hold a meeting and send as many representatives to this meeting as possible, and also select someone in each precinct to receive and collect exhibits, and recommend their name to the meeting here December 21, 1904.
Hoping that the people of this county will take an active interest in this matter I remain
W. A. BELL,
Judge Crook County, Oregon.

Black-Draught Stock and Poultry Medicine
I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.
Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured. If it is possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
