Brights Disease And Diabetes

We desire to place in the hands of those afflicted with Brights Disease and Diabetes a 36-page pampolet that is saving human lives. It is not an ordinary pamphlet, such as is commonely used to advertise medicines, but is principally made up of reports of scientifically conducted 7 per cent of recoveries in these hitherto

incurable diseases. The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal (the deaths from Brights Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 400 Washagton street, San Francisco, Cal.

Sick stock or poultry should not eat cheap stock food any more than eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer. ed.
