The Deschutes Improvement company, of Bend, is making arrangements to open a land office in this city. Frank Gardener, until recently station agent at Sumpter, Oregon, will probably be in charge. The office will probably be in the Prineville Hotel.

County court adjourned this week after being in session since last Wednesday. The term has been one of the busiest to confront the present members and a great volume of business has been dispatched promptly. The panel of jurors for the May term of the circuit court has been drawn, numerous road petitions acted upon, the tax levy fixed and a bulk of other business which has kept the members in session during long and tedious hours.

John Geiger is on the still hunt for 50 cold blooded men who will freeze for him. So far this year he has put up only 30 tons of the congealed fluid, but if a spell of cold weather will come along and hold out for a few days he will increase his present supply to 300 tons. Considerable ice several inches thick has been cut this week, but it will take colder weather than the past month has been to get the supply up to the quantity wanted.

Fred W. Smith returned the last of the week from Portland where he was looking after business matters when he learned of his sheep being slaughtered near his Paulina ranch. Mr. Smith is inclined to look upon the shooting in rather a philosophical way and said that if he could not run sheep on his several thousand acres of land in that district which he owns and has rented he was going to sell out to someone who could.

J. F. Morris is selling Ladies Winter Hats, Child's Hoods, Misses and Children's Golf Gloves, Children's Jackets and the latest style Ladies Butcher Coats at actual cost. This is an opportunity to secure these staple articles at prices seldom offered and you cannot afford to overlook it. You are cordially invited to call at the store and examine any of these articles.

The joint initiation of members held by the two fire companies last Saturday evening will be set down in the records as a very memorable occasion. It will be a painful recollection to those who tasted for the first time the sweets of initiation, but with the others who looked on and enjoyed the discomfiture of their newly acquired members there remains only the memories of a good time. And probably those who were introduced to the mysteries of the organization forgot their woes and sorrows in the events which followed the initiation. There was a banquet with the tables spread with things that appeal to the

palate and while gathered around the festive board it is more than likely that all griefs were washed away. Then came the speeches and toasts were responded to by many of the older and some of the younger firemen present. Retiring chief, W. F. King, conferred the honors of his office along with the necessary apparel to the newly elected chief, Edwin Hodson, and after that ceremony had been finished formally was tossed to the winds and a general house warming took place. It ended only when the small hours of the morning were told by the clock and the members now are wishing that the event was to be done over again. That is, some of them do, others do not. Probably the twelve new fire fighters are the ones who have opinions of their own.

Methodists Adopt Anti-Liquor Resolutions.

The members of the Methodist church adopted the following resolutions last Sunday morning and sent them together with a petition to the state legislature:

"Whereas, the present Local Option Law of the State of Oregon was enacted by the vote of the people, giving to the people for the first time the power to effectively restrict the sale and which the liquor forces are now endeavoring by every possible means, both legal and illegal, to overthrow; and

"Whereas, any amendment or alteration of the law before it has been duly tested would be both unwise and unfair, robbing the temperance forces of the state of a victory won. Therefore, be it

"Resolved: That we emphatically protest against any repeal or amendment of the law by the legislature of Oregon for 1905."

Increase in Postal Business.

Postmasters Summers has completed his summary of the postal business transacted in this city during the year ending December 31, and the report shows a very gratifying increase in the sales of stamps, mail handled, money orders issued and paid, and in fact every line of business handled in the office. The report is as follows:

Total sales of stamps, stamped paper and cards.....\$ 3,299 91
Box rents.....\$ 268 01
Number of money orders issued 5178, amount.....\$31,063 00
Number of money orders paid 1288, amount.....\$ 8,399 40
Newspaper postage.....\$ 25 02
Newspaper free matter 3102 pounds.
Newspaper paid matter 2502 pound.
The number of stage routes centering in Prineville is shown to be six with a total mileage of 456 miles. Fifteen post-offices, exclusive of all those lying to the north, are supplied from the local office.

The increase in the sale of stamps, stamped paper and cards over that of last year amounts to \$191.11, a very satisfactory figure when the fact is taken into consideration that Bend and Cline Falls do not receive their postage supplies from the local office as they did during 1903. Had the arrangements been the same during the past year as during the year previous the business of local office in its postage sales would have increased probably \$2000.

DIED.

Mrs. Carson, whose maiden name was Elizabeth Stricklin, was born in Fulton county, Illinois, in 1834. She was left an orphan while still a young girl, and with her three brothers and an uncle crossed the plains in 1854. Two years later she was united in marriage to W. A. Carson of Jackson county, Oregon. Besides an aged husband she leaves to mourn her departure two daughters, Mrs. Coats of Albany and Mrs. Hoffman, of Culver, and four sons, R. C., M. C., W. A. and B. E. Carson. Mrs. Carson united with the Baptist church in 1869 and remained a faithful and consistent member.

In this city, Monday, January 9, Henry Stroud at the age of 68 years. The remains were buried Tuesday afternoon, the Rev. O. W. Triplett conducting the services.

Henry Stroud was born in Benton county, Oregon, in 1847, and was married to Miss Arzillah Carter of that county in 1865. In the fall of 1882 Mr. and Mrs. Stroud moved to Crook county where they established a permanent home. To the union eight children were born, seven of whom—six sons and a daughter—survive. They are C. M., F. C., T. E., C. L. and Elmer Stroud and Mrs. Eva Winslow of Crook county and W. M. Stroud of California. The funeral services which were held at the Union church, were in charge of the A. O. U. W. of which order deceased was a member in good standing.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by D. P. Adamson & Co.
