Rev. J. A. Mitchell gave a very interesting lecture last Friday evening at the union church on "Catacombs of Rome," which was greatly appreciated by those who attended. Rev. Mitchell spent many weeks among the ruins of the ancient city and his lecture was filled full of interesting facts gained from a visitation to the scenes which he described.

A special committee from the Rebecca lodge waited upon the Odd Fellows last Saturday evening and notified the members that a surprise was in order for them at Belknap hall, where, it is needless to say, they lost no time in going. There they found a banquet prepared for them and after recovering from the complete surprise partook of the delicacies spread before them. A table full of all the good things that could be gotten together was occasion enough for an expression of good fellowship and enjoyable evening being spent by all the lodge members present.

J. F. Morris is selling Ladies Winter Hats, Child's Hoods, Misses and Children's Golf Gloves, Children's Jackets and the latest style Ladies Butcher Coats at actual cost. This is an opportunity to secure these staple articles at prices seldom offered and you cannot afford to overlook it. Champ Smith returned Tuesday from a week's visit at Bend. Mr. Smith informs us that building activity still continues at Bend and that every man capable of handling

While in Bend he purchased the interest of Fred Shonquist in the saloon business held jointly by them, and Smith & Cleek are now sole proprietors of that popular resort.

George W. Miles was in the city from his stock ranch at Paulina the last of the week. He said he believed the district there had recorded weather record as any place in the county this winter, the thermometer dropping to 23 below one night a week ago. Mr. Miles began feeding his stock the day before Christmas which was several weeks later than usual.

Beginning on February 1st and continuing until March 1st, J. F. Morris will sell a large assortment of Men's Suits and Trousers and a fine line of assorted Negligee Shirts. These goods must be sold to make room for the spring stock and to do this a big reduction of prices will be made. Call and look over the stock. Getting the prices will convince you that the goods are offered at bargain figures.

Bidwell Cram, a Cross Keys cattleman, was in town on Monday morning, on his way home from Shaniko, where he delivered 50 head of best cattle to Charles Butler for Port Townsend. The cattle brought \$3.75 per cwt., and averaged a little over 1300 pounds each. One car-load lot averaged 1400 pounds. Mr. Cram has contracted 250 head of beef, in all, and the balance will be delivered in lots of fifty, monthly. He will receive \$4.25, and advance of half a cent per pound, for the balance of his beef.—Antelope Herald.

Prineville will mark the 13th day of January as the unlucky one on which fell its first heavy snow of the winter of 1904-05. About five inches on the level descended during the night and reports from other portions of the county indicate a still heavier fall. This is the first storm of any magnitude to visit the city during the present winter, a light fall of snow on December 24th only lying on the ground for a couple of days before disappearing under the force of a favorable Chinook.

The snow storm down in the valley has caused quite a sensation, being an unusual occurrence down there. At Salem they haven't seen snow for three years and when they went to look for sleighs in order to enjoy it they found them minus. At Albany they had the first sleighing in fifteen

Charles Green of Boston, who buys wool for Koshland Bros. was in the Pendleton country during the past week, contracting a number of 1905 clips. When interviewed by one of the newspapers of that town he stated that the price was stronger than last Spring, and that from one to two cents per pound more than last season, was being offered. This, he said, would bring the Umatilla county wool up to from 15 to 16 cents, and that tributary to Shaniko would go from 17 to 19 cents per pound.

Some of the substantial business men of John Day are organizing a company for the purpose of driving a tunnel through Canyon mountain around the base of which many years ago vast deposits of placer gold were found and incidentally there sprung up in that region one of the largest cities in the state at that time. Engineers have been consulting regarding the new project and it is believed that a tunnel drilled through the mountain will cut some rich quartz ledges. Since the placer mines played out a long time since no thorough prospecting has been given the district where many men made fortunes from the soil.

FOSTER & HORGAN.

Herbert Rideout has purchased a half interest with J. E. Calvan in the stock of goods formerly owned by N. A. Tye & Co.

Some extensive improvements will be made in the store and a new and fine assortment of goods will soon be put in.

J. L. Gilchrist, a prominent stockman of Crook County, has been in this city for several days this week, the guest of Commissioner Best. Mr. Gilchrist visited this place 22 years ago and finds things somewhat changed since that time.—Burns Herald.

Alek Davis purchased 100 head of three and four-year-old steers of C. H. Erickson the first of the week, paying \$25 per head for the stock. He will drive them to Silver Lake, after they have been gathered from the range at Bear creek, and from there take them to Kinmath marsh where he has 600 tons of hay. The latter he bought some time ago paying but \$3 per ton for it.

T. H. Dore who has been here from Salmon City, Idaho, since last Sunday left yesterday for his home. Mr. Dore owns extensive property and business interests in Idaho, but intends to dispose of these and locate in Prineville and engage in business. He was much pleased with the city and the surrounding country after spending a few days here and decided to move to the section as soon as the necessary arrangements could be made. Mr. Dore was formerly county clerk of Lemhi county, Idaho, in which county he lives at the present time.

The two companies of the Prineville Fire Department, No. 1 and 2 are making arrangements for a dance to be given the 21st of February, which will be as are all the dances given by the fireman the great dance of the season. This year they expect to outdo all previous events and the dancing public can rest assured that they will have a good dance. The boys say that they will arrange it so that those who wish to dance all night can do so. Members of the companies will wear their uniforms and the bright colors will lend an additional charm to the dance.

Dr. V. C. Belknap and wife were down from Prairie City the last of the week. The doctor, who is treasurer of the Dixie Meadows Mining company, is very much pleased with the outlook for that property. It is the intention of the management to double the force of men at work in the mine.

The experiment of running slightly under capacity has proven so successful that the waste has been eliminated, and free gold is taken from plates without ore-crushing that causes it to slime. The concentrator is working well, and the base products will be hauled to Sumpner for treatment. It will require several teams to handle the concentrates.—John Day News.

Charles Belyen, one of the best pitchers to twirl the horse hide in the Willamette Valley league last year, is in the city from Albany. He will leave the first of the week for Bend to take a position awaiting him with the D. L. & P. company. Mr. Belyen will make a valuable acquisition to the Bend baseball team this year if he decides to play in slower company than he has been accustomed to during the past few seasons. He was offered a position at the slab on the Salt Lake Northwestern League team last summer and will make things hot for the local ball tossers if he gets onto the Bend team.

Uncle Sam's eye has been prying into the Lakeview land office of late and a communication from there conveys the information that the office has received word from Washington to return many of the patents which had been issued and were being held at Lakeview awaiting their turn to be forwarded to applicants. The action on the part of the Washington officials creates the impression that some of the patents are likely to be cancelled, but whether this will be done remains to be seen. At the best it has put many of the timber claimants who took up their quarter-sections in good faith on the anxious seat with the prospect in view of losing not only their land but the money which bought it.

Paulina Items.

Two of Sam Lytle's children are reported quite sick.

Weather moderate and stock doing fine. Would not complain at a little snow.

Centennial Note.

Vermont's building at the Lewis and Clark Centennial will be a reproduction of the old Constitution House of 1777.

Costa Rica will make a fine display of coffee, hemp, cocoa and other products. This display is valued at \$20,000.

An interesting attraction for women will be the display of the latest frocks from Paris in the French section of the Manufacturers Building.

Egypt and Morocco will make a combined African display. The exhibit will cover 2,500 square feet and its value will be \$25,000.

The hatching of chickens will be shown to the general public. All exhibitors of incubators will be required to make their displays operative, and at stated hours the crowds will be invited to come and see the chickens break their shells.

The piling and flooring work on the Trail and Bridge of Nations is now completed, and the Government Peninsula can now be reached by this route. The bridge spans 2,000 feet of water and is the longest bridge ever erected at an Exposition.

A feature of the Treasury department exhibit in the Government building will be a mint in full operation where souvenir medals will be turned out every day instead of gold and silver coins.

Alongside of the mint exhibit will be the display of the Bureau of Engraving and Printing, which not only prints all the paper currency of the country, but prints its postage and revenue stamps as well. This too will be an active exhibit, for a printing press will be continuously operating, illustrating the method by which the Government has its finest printing work done at Washington. Specimen plates of a special design will be printed in view of the visitors. This bureau will also show specimens of the bonds, notes, certificates and other obligations issued by the United States, full sets of the postage and revenue stamps, including stamps prepared for the Philippines, and specimens of notes, bonds etc., showing all the processes from blank paper to a finished note.

Will Make Educational Exhibit.

Portland, Ore., Jan. 9, 1905. To Oregon's Educators:—

The Educational Department of the Lewis and Clark Centennial Exposition has adopted the following plan of exhibit:—

The exhibit will be arranged in the order of the following:—

1. The kindergarten to the university. So far as practically the exhibit will be arranged by counties. For purposes of organization the county will be the unit. Cities may organize as a unit within the county unit. The Educational Department recommends, however, a collective presentation of the work from different counties, except in cities having special supervision. The collective exhibit plan will require that material furnished by the different schools be assembled at some county center, arranged, labeled and shipped by county organizations. Papers that best illustrate county plan of exhibit will be placed in exhibit cabinets, others will be bound at the expense of the State Commission.

The arrangement will be by subjects and grades, beginning with the lowest grade. A typewritten statement or outline of the work to be exhibited in cabinets is essential to a correct understanding and presentation of the exhibit.

Exhibit cabinets are to be purchased by exhibitors. This Department recommends that these cabinets be kept at some convenient county location after the Exposition closes and become the center for the reception of meritorious work which may be supplied from time to time to the end that the exhibit idea may be made a useful adjunct for encouraging excellence of pupil's work.

It is the desire of the Department that the Oregon educational exhibit shall honestly represent the real work of the schools in the best way possible. Local industries should form the foundation for a large share of language and geography work. Grain farming, stock raising, fruit and vegetable culture, become at once the choicest of topics for written work. Visiting observers are always pleased and benefited by the stories children write of their own environment.

Our educational exhibit will come directly into comparison with that from such states as Massachusetts, New York, Missouri, Wisconsin and California, as well as our Northwestern States. We want the comparison to be such as will fully express the good work being done all through the state. Each school district in the state is cordially invited to send something for the exhibit. Local interest and local pride will certainly stimulate each to do its best.

F. B. ROBINSON, Supt. Educational Exhibit.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia.

Course of Lectures.

Rev. Mitchell seems to be a workaholic. Continue here at this time by no sleep, without the sleep he can do no work. To build it he has arranged a course of lectures. The first one on "Courtship" will be given Friday, January 27. It is safe to predict in this course, a pleasurable time for the community, judging the rest of the lectures by the one on the Catacombs. That was made interesting because he had been there, and it may be supposed as to his lecture on "Courtship" that he has been there as well. As the object is a worthy one the evening in question should bring him a good house. The program is as follows:

Musical.....Quartet
Remarks.....Hon. M. E. Brink
Vocal solo.....Mrs. C. M. Elkins

LECTURE

A-The question stated and the value of a good wife set forth.
B-Whom to court.
C-The courtship of a cheap John.
Instrumental Duet
E-Old bachelors, their liability and true standing before the law and in society.
F-Dot lofe-letters.
G-Secret Selection
H-Secret worth thousands but given away this evening.

The lecture and the program will be given in the Union church, beginning at 8 p. m.

Card of Thanks.

To the many friends and the members of the Rebeccas, the Knights of Phythias and Odd Fellows whose kind offers were tendered me during my recent bereavement, I desire to express my heartfelt thanks.
