### ANNOUNCEMENT

Mrs. Ida Prose wishes to inform the general public that they can get the very best meals to be had in Prineville at her boarding house. Next to W. H. Young's blacksmith shop. Call and Test them.

The report is current here that Eastwood & Deo, who have moved their saw mill onto timber lands recently proved up on by them, have been served with notice by the Interior department restraining them from cutting timber on said lands until further notice. Mr. Compton has been served with a like notice. We hope to hear that these reports are without foundation.—Malheur Pioneer.

Three extra stage coaches were brought into play Monday to bring in a crowd of land applicants from Shauko. The party was in charge of A. E. Mathews, of Minneapolis, and Neil Smith, of West Superior, Wis. The party left Tuesday morning for the Deschutes and Silver Lake country to look for claims. Mr. Smith stated that he knew of over a hundred persons who were waiting at the two points mentioned for their party to make a report. If the latter was favorable, as he said it would be, the balance of the party will be in Crook county in side of a couple of weeks. Mr. Smith stated that the extreme cold weather in the east was partially instrumental in getting the people started towards a warmer climate and he said that it would be difficult to estimate the number of new settlers which would come into this part of Central Oregon during the present year. The members of the party were on the lookout for timber claims and homesteads and expect to be gone about eight days before making the return trip.

Neuhausen, special agent of the department of the Interior, who has been prominently identified with the land fraud cases in this state during the past two years, has been placed in charge of all the special agents and government secret service men working in this state and will continue the investigations in different parts of Oregon, which are now in progress.

Sheriff Smith has begun sending out the tax notices of the latest made on the 1904 roll. Nearly 2000 names appear on the lists this year, a material increase over those on the last assessment roll. The increase is due principally to the find proofs on homesteads and timber claims which heretofore have been exempt. Next year the list, owing to the rapid settlement of various portions of the county, will show several hundred new names.

Secretary J. H. Gwinn, of the Oregon Woolgrower's Association, has written the Eastern wool buyers in regard to sale dates to be fixed in Eastern Oregon this season. When he hears from them he will at once fix the dates of public sales for the entire district. Mr. Gwinn feels confident that unless a very high price is offered very little of the Eastern Oregon clip will be sold prior to the sale dates. The sales days have been a success and the sheepmen are satisfied with the results, as they have paid considerable money to keep up the organization.

A Wyoming buyer has purchased about 10,000 yearling ewes of parties residing in this county, the price being from \$2.25 to \$2.50 per head, according to quality of sheep. Only four rooms, which will serve as an annex to the main building, are to be built at the present time, as it is not felt that the main structure will be needed for some time. Arrangements have been made with the board of the Baptist church to use their edifice two Sundays out of the month.

The large automobile which was being built at Portland for the lines between Cross Keys and Bend, has been about completed and was taken out for its trial spin in Portland, last week. Don P. Ren of Madras, and a party of newspaper men from Portland, took the machine for a 25-mile run, making the trip in about fifty minutes. Mr. Ren says the machine is a very powerful one, and that he believes it will prove satisfactory in the work for which it was built. The auto will not be brought out to Central Oregon for several months yet, or until the Winter has passed and the auto-line can be put in good condition for continuous service.—Antelope Herald.

### Sheriff Smith Gets \$350 Reward.

Sheriff Smith received word the last of the week from Sheriff J. H. Smith, of Mendocino county, California, that William Lambert had been sentenced to the penitentiary for life for the murder of Frank L. Drake. Lambert was arrested by Deputy Sheriff James Smith at Bend and brought to the county jail in this city last November where he was identified by Sheriff Smith as the man wanted in the California town and for whom a reward had been offered. The sheriff received vouchers along with the letter telling of the murderer's conviction, and as soon as these have been filed out and returned he will receive the sum of \$350, the reward offered, with \$100 additional given by the California county for his clever piece of work.

Lambert's trial was held during the fore part of this month. The jury disagreed in the first instance and before the second trial had begun Lambert pleaded guilty in the hope of receiving the court's mercy. The judge imposed a life sentence. Lambert's partner, White, who, it is thought, was with the former when he came to Crook county, has not yet been found. A reward of \$250 is still standing for the latter's arrest and conviction.

### Death of Samuel Courtney.

Samuel McMillan Courtney, well known resident of the John Day valley, and a pioneer of 1845, died at the home of his daughter, Lizzie Clark, near this city, Sunday, February 5th, after an illness extending through several months. The direct cause of his death was a hemorrhage of the brain, which was probably superinduced by a paralytic stroke, which he suffered some time ago, and from which he never fully recovered.

Deceased was born January 27th, 1845, being ten days over sixty years of age. He was a native of Illinois, and with his parents crossed the plains in 1845, and located near Brownsville, Linn county, Oregon. Here he grew to manhood, and in 1868, married Margaret E. Noble, the daughter of a well known family of that locality. In 1882 he moved to eastern Oregon and settled in Crook county, where he resided until a short time ago, when he removed to the Izae country. During his residence in Crook county he was engaged in the cattle business and here he was prominent in the affairs of the county and district in which he lived.

Besides an aged father, I. B. Courtney, of Cleveland, Washington, one daughter, Lizzie Clark, of this valley survive him.

The remains were interred, February 6th, in the Prairie City cemetery. Rev. Garver, of the Methodist church conducting the services.—Prairie City Miner.

Every one of these of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have ward off it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. WILCOX, Logan, New York. Sold by D. P. Adamson & Co.
