Dr. Rosenberg was called to Paulina Tuesday night to attend Mrs. A. J. Noble who met with a serious accident in the morning. She had driven to the post office and had started home in the carriage when the horses became frightened and attempted to run. Mrs. Noble controlled them for a few minutes and then seeing that they were becoming unmanageable jumped from the carriage. The weight of her body was thrown to her leg which was broken by the fall. Albert Noble drove into town to get a physician, arriving here Tuesday night.

O. G. Collyer was in the city this week from Culver. Mr. Collyer, who is Justice of the Peace in that district, stated that the evidence produced at the inquest which was held over the remains of F. H. Jackson showed that the man had been temporarily unbalanced for some time past, and that his self inflicted death was probably brought about at a time when he was not responsible for his acts. Jackson had property interests near Clayton, Washington, for which he had been offered \$10,000. Jackson's brother, who lives at the latter place, has been notified of his brother's death.

With 18 consecutive days of warm weather and perpetual sunshine as the record since the 19th of February, Crook county can well afford to look pleasant and sympathize with less fortunate sections. The maximum temperatures in Prineville during the past week have kept well up in figures and the average maximum reaches the 72 degree mark. All over the county plowing is being carried on and a continuation of the present weather will see the work completed before many more days have past. If present indications can be taken as indicative of the future, the county will be visited with heavy rains during April, May and June, just at a time when most needed in this section to insure bountiful harvests of grain, hay and in fact all other produce.

The base ball fans held a meeting Monday evening to arrange for the games and grounds for the coming season. At the meeting it was decided to try and secure ground for the diamond at the Fair Grounds and if this is done some good games will be seen here this summer, as an admission charge can be made, thus assuring the team a chance to offer inducements to outside teams to come here and play. The Prineville team, judging from those who have agreed to play, will be hard to beat. Several new faces will be seen in Prineville uniforms and the infield will be hard to beat. The outfield will also be extra fast. Taking the line up of the players on paper they look like winners.

A Serious Runaway

Last Sunday morning T. J. Malloy put a new hack together, and Mrs. Malloy took their children and Mrs. George Kirk for a drive. It was a beautiful day and they were enjoying the ride immensely, but all good things must come to an end and so they started for home.

Just as they pulled out of Willow creek they saw the team that Prof. P. C. Fulton was driving commence to run, the tongue drop down; the team become unmanageable, break loose from the buggy and the Professor dragged out on the ground. Mrs. Malloy, who was driving saw the team was heading for the right rig, so plied the whip and tried to get in behind a road scraper to avoid them but the team came too fast, and with a mad determination ran right into them, striking the rig and team a side and rather front blow, overturning the rig and literally jumping right on it and the occupants. How any of them escaped alive is a mystery. The Malloy team then broke loose and they all ran away, leaving the rig upside down and the occupants under it. Mrs Malloy was badly shaken up, so much so that her life was despaired of for nearly 24 hours. Mrs Kirk has a jaw broken and four teeth knocked out; Lon Malloy a badly bruised head; Irene a broken arm; in fact all but the Malloy baby were more or less badly injured. Irene would have been killed outright but for the presence of mind of Mrs Malloy, who at the last moment threw her aside and out of harms way, but almost forfeiting her own life in the attempt to save that of her child. The injured ones are now on fair way to recovery.

Death of Amos Dunham

Amos Dunham, one of the oldest and best known residents of Crook county, and for many years engaged in the business of stock raising, died at his home in this city last Friday morning at 1:30 o'clock. Death was due to a general breaking down of a physique which had withstood the hardships and privations of frontier life from early years until the deceased had grown to manhood. For twenty years he had been a worthy and industrious resident of Crook county and his death marks again the passing away of another of those men whose business industry and integrity has made Crook county what it is today.

Amos Dunham was born near Clarksville, Missouri, in 1834. At the age of 18 he crossed the plains with an ox team and settled in southern Oregon, where he resided for several years. Later he moved to Linn county and in 1884 he took up land in Crook county in the vicinity of Hay creek, where he engaged in the stock business to a successful degree.

Mr. Dunham was married in Linn county in 1862 to Miss Eliza A. Churchill, to whom eight children were born. The widow and six of the children survive the deceased. They are: H. D. Dunham, P. N. Dunham, C. C. Dunham and Mrs. P. R. Doak of this city; Mrs. Joe McCullom, of Ashwood, and Mrs. J. A. Douthitt, of The Dalles. One brother of the deceased lives at Grangeville, Idaho. The funeral services were held at the Union church Saturday afternoon, the Rev. W. P. Jinnett, pastor of the Methodist church, conducting the services.

Buy's Fine Blooded Stallion

A sale was made last week by which O'Neil Brothers and Carey W. Foster became the principal owners of the finest thoroughbred stallion ever brought into Crook county. The animal is a black 3 year-old Percheron, weighing 1700 pounds, and the price paid for him was \$3200.

"Shamrock," the dignified title under which the stallion is known, formerly belonged to J. G. McMillan, a well known raiser of fine stock, of Rock Rapids, Iowa. The animal is registered and comes from the finest family of horses in the east. Mr. Foster, while in Baker city and Pendleton last week completed the bargain to purchase the horse, the sale being made through Mr. McMillan's representative who had been in Prineville for several weeks previous. The animal will be kept in the city during part of the summer and the balance of time will be at the O'Neil ranch at Forest. He is a magnificent type of horse flesh and has excited much comment and admiration here in the city. The owners are to be commended and congratulated upon their purchase which insures for the future a fine grade of this class of stock from this portion of Eastern Oregon.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by D. P. Adamson & Co.
