J. P. O'Brien, general manager of the Harriman Northwestern lines; R. B. Miller, general freight agent of the O. R. & N.; M. C. Buckley, general superintendent, and Chief Engineer George H. Baschke, made up a party which left Portland at 11 o'clock last night aboard a special train over the O. R. & N. for the purpose of inspecting the new branch extending from Arlington to Condon. The party will return to Portland Sunday morning. Monday evening the same officers, together with a few invited guests, will leave for Shaniko, on the Columbia Southern, where they are due Tuesday morning, and a start will be made immediately for the Bend country, for the purpose of investigating the future prospects for the Columbia Southern when the extension of 100 miles is made from the present terminus. The trip will occupy ten days and it will cover close to 300 miles, all to be made in vehicles. In the past year 6000 settlers have found homes between Shaniko and Bend, and the irrigation in progress in Crook county has provided places for 500 more.—Tele. gram.

Mr. and Mrs. Ed Runnels, of Post, are in the city visiting.

L. S. Logan was in the City this week from his ranch at Camp creek.

P. B. Poindexter went over to Bend Tuesday morning on a business trip.

George Roba was in the city yesterday from his stock ranch at Paulina.

J. S. Bogue was down from his Rosland ranch this week on a business trip.

Leo Lafollett and wife returned last week from a visit to the Lewis and Clark exposition.

Cashier Baldwin, of the First National bank, returned this week from a business trip to Portland.

J. E. Newbill and brother, C. A. Newbill, of Grizzly, were in the city on a business trip the first of the week.

M. D. Powell and family have returned from The Dalles where they were in attendance at the meeting of the Baptist association.

C. M. Banta, of Haystack, sold his ranch at that place this week to Rev. George of Laddlaw for a consideration of \$1500. Mr. Banta intends to move to Canada soon.

Mr. and Mrs. George Noble and son, Albert, returned Tuesday evening from Portland where they have been spending the past two weeks at the centennial exposition.

Rev. J. A. Mitchell will conduct the services at the Presbyterian church next Sunday. The subject for the morning sermon: "Work;" and for the evening: "Measure for Measure."

Erl Shultz and Morgan Watson left this morning by carriage across the mountains for Frank Elkins Crook county farm, where they will spend a couple of months.—Albany Democrat.

Grover Young returned Sunday evening with his sister, Miss Stella Young who has been attending St. Mary's Academy at The Dalles. They came around by Madras to attend the ball game there.

Miss Gertrude Sharp, Miss Hazel Howard and Miss Pearl Vanderpool leave next week for Portland. They will meet Miss Addie Vanderpool at Dufur and the party will go from there to spend ten days visiting the fair.

J. H. Horney and family, of Haystack, Crook county, were renewing old acquaintances at the Pioneer's picnic. They are now visiting the Exposition in Portland, but will return here for a longer visit before returning home.—Brownsville Times.

Benjamin Shepherd was in the city yesterday from Paulina. Mr. Shepherd said a small water spout near the forks of Crooked river did considerable damage in that district a week ago. A dam was washed away and other property was injured by the high water.

The Lewis and Clark expositions is making a record in attendance never paralleled by other expositions if proportionate cost is considered. The total paid admissions for Omaha for June was somewhat over 100,000. According to F. B. Davidson, chief of admissions, the Lewis and Clark exposition will far exceed that, and would even equal it if it ran from 2000 to 4000 average paid admissions a day less than it has been doing for the past two weeks. Instead of doing that it has increased steadily in attendance ever since the opening day. The total attendance for the first week was 99,275; for the following week was 100,724, and the total attendance at the exposition reached 229,417 Saturday night.

C. E. Edmondson and Robert Edmondson of West Branch, near Mitchell, the father and son who were arrested and placed in the county jail last week by Sheriff Keeton, were indicted Wednesday by District Attorney Menefee, on the charge of shooting of sheep belonging to Thomas Fitzgerald, the crime for which they are held having been committed in the mountains last summer. The case against the Edmondsons was first opened in Justice J. D. McFarland's court here, but on motion of the district attorney was dismissed in said court and he returned an indictment against them without the formality of a preliminary examination, the defendants consenting to this proceeding. Judge Bradshaw has placed their bonds at \$1000 each, to insure their appearance in circuit court next September, and they are still in jail.—Fossil Journal.

Prineville defeated Madras at the latter place last Sunday by a score of 17 to 6. The game was one sided throughout, the local players having an easy time of it. Madras has a team of good players and would be capable of putting up an interesting game of ball with the aid of a pitcher! Their greatest weakness last Sunday was at the center slab.

Andrew Larson, who pitched for them last year and won the Fourth of July game for the Madras team in this city, is still in Wisconsin, but is expected to return in time to be with the basin players when they come to play a series of games during the Fourth of July celebration in Prineville. With the team that played last Sunday back of him he will be given the best of support. Last Sunday's score was as follows:

Prineville 123456789
400171202-17
Madras 10002210-6

C. L. Roberts is down from Maury on a business trip.

D. Koopman was in town from Paulina several days this week.

H. B. Reed was a business visitor from Sisters during the past week.

Roy Price and wife were down from Post visiting for a few days this week.

W. R. Booth and J. B. Claypool came over from Sisters yesterday on a business trip.

Fred Wilson and wife returned Saturday evening from a ten days' visit in Portland and Hood River.

Grant Mays, of The Dalles, was in town yesterday on his way to Camp Creek to look after his stock interests in that section.

Misses Mary and Anna Salomon returned this week from Salem where they have been attending the Willamette University since last fall.

Mrs. Hugh Lister and children left last week for Portland to attend the exposition. While there they will be the guests of Mrs. Lister's brother, W. T. Fogie.

George Stevens was in town Tuesday from Madras on a business trip. Mrs. Stevens, who has been visiting relatives in the city for several weeks, accompanied him home.

W. F. Hamner was in the city Tuesday from his ranch at Haystack. He has nearly completed his new residence which he is building to replace the one which burned down a few weeks ago.

Work on the new Templeton building has been delayed this week owing to a scarcity of brick. The supply was exhausted Tuesday and it will be the last of the week before a new lot has been burned and ready for use.

Max Wurzweller and Harold Baldwin are planning an extended eastern trip next month. From Portland they will go to Chicago, thence to Philadelphia and New York City and several other points returning home by the way of some southern route. They expect to be gone about five or six weeks.

J. W. Bledsoe has finished moving his photographic outfit from Bend and this week opened his gallery in this city. A recent view which Mr. Bledsoe has on exhibition at his gallery was taken from Powell Buttes and is a panorama showing a stretch of territory about 30 miles in length. The photograph was taken on three separate plates and is 14 inches high and 42 inches long.

Fire, which started in a rubbish heap back of the Harvey Cyrus jewelry store soon after 6 o'clock Monday evening, ruined the interior of that building and only by quick and effective work on the part of the fire companies was prevented from developing into a costly blaze. The flames had crept up the west side of the building and were circling over the roof when discovered by Perry Long. An alarm was turned in immediately and two streams of water were playing on the building before the flames had made any considerable headway, although for a time both buildings adjoining the one burning were threatened with destruction. The fire started in a place where it had every advantage and only through the prompt and effective work of the firemen was a costly blaze averted. The Cyrus store was damaged both on the interior and the outside and Mr. Cyrus will lose some jewelry which he was unable to carry away from the water. All the chairs and equipment in the Powell & Cyrus barber shop, which adjoins the burned building, were carried out, the only damage to that building resulting from the flood of water. It is thought the fire started from a match or cigar stub either of which might have been carelessly thrown into the corner of the building. Mr. Cyrus was at the rear of the store and out of the back door only a few minutes before the flames were discovered and there were no signs of a fire at that time.
