Bright's Disease And Diabetes
 We desire to place in the hands of those afflicted with Bright's Disease and Diabetes a 36-page pamphlet that is saving human lives. It is not an ordinary pamphlet, such as is commonly used to advertise medicines, but is principally made up of reports of scientifically conducted tests in a large variety of cases, showing 87 per cent of recoveries in these hitherto incurable diseases.
 The specifics employed in these tests are known as the Fulton Compounds and the results obtained prove conclusively that these dreaded diseases so long fatal (the deaths from Bright's Disease alone are appalling, over 100,000 a year, starting as kidney troubles) have at last yielded to medical science. The pamphlet is free. Write to the John J. Fulton Co., 409 Washington street, San Francisco, Cal.
 When to suspect Bright's Disease:—Puffy ankles or hands; weakness without apparent cause; kidney trouble after third month; frequent urination; (may show sediment or cloudy on standing); falling vision; day drowsiness—one or more of these.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
 J. B. BELSHER, St. Louis, Mo.
 Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cared by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
