

A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness, who after the care of a doctor, who had prescribed a course of treatment of sulphur and iron, had found relief, but who, after a few days, found that she was being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of her suffering and a proper remedy for it.

He found it, and dug from Nature's Laboratory, the earth, Nature's remedies for woman's weaknesses and ailments. He found in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic glyceric process, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"The wearing of corsets too tight seemed to have brought on an abdominal pressure, weakening the ligaments, and resulting in displacement, which troubled me until I was not fit to walk, and at times could hardly stand," writes Mrs. Beverly Sparks, of 124 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Before the first bottle was used I felt much better. Improvement went steadily on, and within ten days I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed remedy—a boon to sick women."

No other will cure a cold so quickly. No other is such a sure preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by D. P. Adamson & Co.
