THREE NEW OFFICES ASKS ABOUT RANGE SWEAR IN VOTER LAMONTA GROWING

Rapid Settlement of County Creates More Postal Stations

Lower Bridge is the name of a new postoffice which was established at the crossing of the Willamette river at the Cascade Mountain Wagon Road. C. W. Elman has been appointed postmaster.

Petitions are out for the establishment of a new postoffice at Powell Butte to bear that name. The order creating the new office is expected to be received in a short time.

Orders were received Monday creating the new postoffice of O'Neil at the Carmichael place on Crooked river. T. C. O'Neil has been appointed postmaster.

Postmaster Summers has received a bulletin from the postoffice department calling for bids carrying the mail between Prineville and Crook. The letter office having been created several weeks ago with Sarah J. Milliron postmistress. Bids on the contract will be received up to April 17, the bulletin stipulating that the mail stage shall leave Crook every Monday and Friday morning at 7:30 o'clock, arriving in Prineville not later than 5:20 of the same day. Returning the stage shall leave Prineville every Tuesday and Saturday morning at 7:30, arriving at Crook not later than 5:30. The distance one way is 32 miles.

The contract for carrying the mail between the two stations will be let for a term of four years, beginning July 1, 1906, and continuing until June 30, 1910. The bond required is \$1200.

Senator Fulton Sends Letter of Inquiry to Stockmen

A letter is being sent out by Senator Fulton to stockmen of the state relative to grazing charges on the reserves. The letter is as follows: "Complaints have been made to me regarding the range charges made in some parts of our state for forest reserve privileges. These have been distributed between both sheep and cattle interests, but largely the former. I had upon investigation that the prices being charged in Oregon are greater than on many reserves of the country, which has been explained on the basis of climatic conditions permitting longer use of Oregon reserves. In response to the complaints made, and that our state may receive any fair treatment as ascertained by other, I would like to be provided with a statement by every stockman of Oregon using the reserves, covering the following points: How long is your stock able to graze on land allotted to you, or where they were wont to graze on what is now reserve land; what is the value of the range you use for fattening; how many acres are required on the average to support one sheep, cow or horse; what are the physical difficulties attending use of the range; what is the mean altitude of that section you have; when does snow disappear and when do storms begin?"

A general answer to these questions will put in my possession facts which will enable me to argue for our state's interests. I would be pleased to hear from you soon on the subject."

Attorney General Gives His Opinion on Primary Election

Attorney General Crawford has rendered an opinion which settles the question whether a voter who has not registered before the primaries can vote in that election. The Attorney General holds that a voter may qualify on primary day by signing blank "A," provided for in the direct primary law.

Opinions have widely differed upon this subject, and there has been much discussion of it, for the reason that there will be many voters who will fall to register and who will demand the right to vote on primary day. The prevailing opinion has been that an unregistered person could not register at the polls and vote for section 5 of the direct law says that "no person who is not a qualified elector and a registered member of his party making its nominations under the provisions of this law shall be entitled to join in signing any petition for nomination to vote at said primary nomination election."

Attorney General Crawford says if this were all the law contained upon this subject, the intention would be plain that unless registered the party could not vote. He looks further, however, and finds that in sections 4 and 5 of the primary law there are provisions which make the Australian ballot law applicable, and section 257 of the code is expressly made applicable to primary nominating elections.

This last mentioned section provides for any elector who is not registered in the precinct in which he applies to vote to sign blank "A," and vote if otherwise qualified. Section 5 of the direct primary law says that "nothing contained in this law shall be construed to deprive any elector of the right to register and vote at any primary nominating election required by this law on his complying with the special provisions of this law in the same manner that he is permitted by the general laws to register and vote at a general election."

Constructing the law as a whole, the attorney general finds that the elector may qualify by using blank "A" on election day, and hence that county clerks should send out such blanks with the ballot boxes and poll books.

New Settlers Are Rapidly Filling One of County's Richest Districts.

No better evidence of the rapid growth and settlement of Lamonta can be found than in the registration record made there this year by George S. Miller, who was in the city Tuesday to file his petition for the nomination of Justice of the Peace in that precinct. Lamonta precinct was created by the county court at its January session and embraces two townships. Mr. Miller registered 68 out of the 15 voters living in that precinct, and the list is now about complete. Many new settlers are coming into the section, principally from Minnesota. "Every vacant foot of land will be taken," said Mr. Miller, "and the new settlers are constantly bringing more. The recent snow and heavy rains give every indication of a district producing a record-breaking crop this year, and nothing could be more favorable for a steady and permanent settlement. There is a demand most of the time for needed lands, now that the government tracts are practically all in the hands of homesteaders."

PROCLAMATION.

WHEREAS, the Secretary of State of the State of Oregon, has notified me in writing that pursuant to the provisions of an act entitled "An Act making effective the initiative and referendum provisions of Section 1 of Article IV of the Constitution of the State of Oregon, and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 24, 1905, the Oregon State Grange duly filed in his office on February 20, 1906, an initiative petition containing 7,838 signatures properly attached to a copy of said measure, certified in accordance with law, demanding that a proposed law, the title, tenor and effect of which is heretofore particularly set forth, shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906.

NOW, THEREFORE, I, G. E. Chamberlain, Governor of the State of Oregon, in obedience to the provisions of said act heretofore first mentioned, do hereby make and issue this Proclamation to the people of the State of Oregon, announcing that the said Oregon State Grange has filed said initiative petition with the requisite number of signatures thereto attached demanding that there shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the regular election to be held on the 4th day of June, 1906, said day being the first Monday in said month, a bill to propose by initiative petition a bill entitled "A bill to propose by initiative petition a law to provide additional revenue for state purposes; to levy a license on the gross earnings of sleeping car companies, refrigerator car companies and Oil companies; and to amend an act relating to a Sleeping car company, a Refrigerator car company and an Oil company within the meaning of this act; defining the manner of ascertaining the amount of such gross earnings; providing a penalty for violating the provisions of this act;" the tenor and effect of which in brief is:

WILLIS S. DUNAWAY
Candidate for State Printer

At Republican Primary, April 20, 1906

"I hereby pledge to the people of Oregon a great reduction of the enormous cost of the office, if elected, and I declare upon my honor that I shall seek neither to perpetuate old abuses of the office nor engage in new schemes to loot the treasury."

Willis S. Dunaway.

Willis S. Dunaway is a man of sterling integrity and thorough knowledge of the printing business.

Portland Labor Press.

Eastern Star Celebrates.

Members of the Eastern Star observed their 10th anniversary in Masonic hall Tuesday evening. Before the plates were spread for the banquet, Patron C. I. Winick delivered the address, which was followed by a vocal solo by Miss Colin Nelson. A laughable farce, taken part in by Mrs. H. P. Bellnap, Mrs. Corrie Foster, T. M. Baldwin and M. E. Brink, contributed to the evening's pleasure. Congratulations and evergreens were used in the decorations.

WORK WILL BEGIN

New Prineville Hotel Building Will Be Rushed to Completion

Work will begin again on the Prineville Hotel building some time next week. Mrs. McDowell has made a satisfactory settlement with the trust company and will have general supervision of construction work from now on. No new contract will be let.

Six stone cutters, who will be employed on the building, will leave Portland Sunday and work will begin probably early in the week. The north part of the building in which the stores are to be located will be finished first. This work it is expected will be completed by the middle of June. J. Michel has leased one of the store departments and will use it for his stock of merchandise. The other department will probably be leased to B. C. Gilbert to be used as a confectionery store. Additional help will be employed in the city and the structure will be completed as rapidly as possible.

Cold Weather Damaged the Fruit.

E. S. Cowles and H. W. Turner came up yesterday from Madras. Mr. Cowles said the extreme cold in his ranch the early part of last week did considerable damage to his fruit. The cherry and peach trees had just started to bud when the freezing cold set in. Most of the latter fruit has been killed, and damage has been done to some of the harder fruit. Mr. Cowles said he did not believe that the apples had been injured to any great extent.

Must File Petitions by April 4.

County Clerk Smith calls attention to the provisions of the direct primary law which require that all petitions for county offices be filed in his office not later than April 4. The same law requires that the registration blanks for the outside precincts be filled on or before April 10, the day when registration closes until after the primary election.

Registration in the Prineville precinct reached 170 today. Ketchikan still leads all the precincts with over 180 voters on the registration books. The local registration has been slow and indications point to a rush to the clerk's office about the middle of the month, which will be on April 10. The registration should be completed before that date to prevent mistakes and also to relieve the clerk of the extra work.

Run Launch on Deschutes.

Lovers of outdoor sport, who reside in the vicinity of Bend, organized a company last week which will build a 30 foot, 19 horse-power launch which will be operated on the Deschutes river above Bend. The organization will be incorporated with a capital stock of \$6000. The par value of the shares will be \$30, and a large number of subscribers have already been secured. The boat will carry about 25 passengers, and is for pleasure purposes alone. The Deschutes river above the falls affords fine boating and the organization is meeting with considerable enthusiasm.

Losses 250 Tons of Hay.

Two hundred and twenty-five tons of hay, belonging to J. W. Gilchrist, were burned at the Glenn ranch on upper Crooked river last week, presumably by an incendiary. Mr. Gilchrist has had the Glenn property leased and this winter has been feeding his cattle there. The hay was in three separate stacks and the flames started in each at the same time. Mr. Gilchrist stated while in the city the first of the week that there was no doubt in his mind that the fire had been set. The loss amounts to about \$1800.

Yearling's Sell for \$3 per Head.

Thomas Sharp, Jr., sold 1500 head of mixed yearlings to W. J. Morsch of Douglas, Wyo., last week. The band is to be delivered in Shaniko after shearing. The purchase price was \$3 per head.

The Black Butte Land & Livestock company sold 2200 head of weathers to the same purchaser at \$1 per head, and the same price was paid to Hugh Lader of Linnita for a mixed band of 2000 head.

Saw Mill Men Indicted.

Indictments were returned by the federal grand jury last week against A. R. Eastwood and Jack DeWitt who own a saw mill in the vicinity of Grizzly mountain, charging them with cutting timber on government land. U. S. Marshal Griffith was in Madras Saturday and placed both under arrest, the bonds being fixed at \$500.

H. M. Calk's Candidacy.

H. M. Calk, candidate for United States Senator, has been so closely identified with the movement for the upbuilding of Oregon and has been so close a student of conditions effecting the interests of this State, that he is the ideal man to represent Oregon in the Senate.

During the next few years Oregon is going to make wonderful growth in the development of her industries and resources, and important questions affecting them are certain to arise. The State will thus need in the Senate, a man thoroughly in touch with the conditions and Mr. Calk is the man for the place.

The people can certainly trust him to get what they want.

C. A. Johns for Governor.

Dear Sir: Oregon is a large state and I fear that time will not permit me to visit your county. Will do so if possible.

Have made a hard fight for this nomination, and should Eastern Oregon in which I have lived for eighteen years, give me local support, I will be nominated. This is her political opportunity, and I trust that you will see your way clear to assist me.

State Bank Examiner.
Give primary law fair trial.
Liberal sense of official honor.
Liberal support to aid high standard of education.
Rich and poor will receive alike courteous treatment.
With Roosevelt on railroad legislation and labor question.
Office of Land Agent must be above suspicion and without adjustments.
Franchises should pay reasonable tax. Express and similar companies should pay tax on gross earnings in state.

C. A. JOHNS.

Doctors Are Puzzled.

The remarkable recovery of Kenneth McIvor, of Vancouver, B. C., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Whooping Cough, Hoarseness and La Grippe. Guaranteed at D. P. Adamsen and Templeton & Son drug store. 5c and \$1.00. Trial bottle free.

A Lively Tussle.

With that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25c at D. P. Adamsen & Templeton & Son.

Yours With The Goods WIDE AWAKE I. MICHEL
