The State Printer's Office.

A mistaken idea prevails to some extent as to the emoluments of the State Printer and the practical workings of the office. It is not the big "fat" office it is accused of being.

In the first place the appropriation for "printing" conveys a wrong impression. The biennial appropriation is not for printing alone, but includes also the cost of paper, ruling election supplies and many smaller items, amounting for the biennial period to about \$23,000. The last report of the Secretary of State to the Legislature will show these figures to be correct. Then the State Printer must provide his own printing plant and pay all running expenses of the office. The pay rolls alone for the two years exceed \$25,000. The Salem Typographical Union can bear out the accuracy of this statement. The cost of material, a limited amount of work done in outside Union offices during a rush in the State Printing Office, rent, power, inks, and a hundred other expenses, adds fully \$10,000 more. This makes \$58,000 of expenses which the State Printer does not get.

Thus it will be readily seen that when the cost of production of the printing is taken into consideration, the State Printing Office is not all profit. It is just like any other printing business. It costs something to run it.

Criticism has for years been directed at the State Printing Office and it seems that it still continues. The present State Printer has been accused of graft, of dividing the profits of the office with political bosses, and of a further division for the use of the state printing plant. There is absolutely no truth in these statements. I pay \$100 per month rental for the plant and no more, which is considered a reasonable rental. I have a lease duly signed to this effect and there has been no division of the office with any person.

The fees paid the State Printer are fixed by law, and every item printed is measured by an expert printer, appointed by the Governor, whose duty it is to measure the printing and affix the amount due as provided by law. Governor Chamberlain appointed to this position Mr. Albert Tozier, a Democrat, a practical printer, and secretary of the Oregon Press Association, whose integrity is unquestioned and who has measured all printing done and approved all bills therefor in strict accordance with law. Every bill for printing is also carefully audited by the Secretary of State. Mr. Dunbar is acknowledged to be one of the best officers the state has ever had, and his auditing stamp of approval is sufficient guarantee of honest accounting.

The State Printing Office is a target of attack without just reason. The heavy cost of printing in past years has been chiefly due to the large number of copies printed. This has been reduced by law, and the price now paid by the State for most of the public printing is not above that charged by the printing firms of Portland, and some of it is considerably less. For some classes of work, especially where a large number of copies are required to be printed, the price should be reduced somewhat.

I have given this subject careful study, and believe there are two methods by which the cost of printing could be kept down to a minimum. One is to limit the volume of printing and revise the schedule of prices upon an up-to-date basis, the same as that of commercial printing generally. The other is for the State to own and operate its own printing plant, and to pay the State Printer a reasonable flat, fixed salary. Either of these plans, or similar plans along these lines, which the Legislature might adopt for the betterment of the service, would meet my hearty support.

My Republicanism will be attested by the people of Linn County, where I formerly edited the Daily and Weekly Herald for twenty years.

As a native Oregonian and a printer of twenty five years' experience, I have endeavored to conduct the State Printing Office in a clean, business-like manner, and as a candidate for a second term, am willing to stand upon my record. The books of the office are open for inspection.

Republican Candidate for United States Senator  
CHAMPION OF STATEMENT ONE

Jonathan Bourne, Jr., candidate before the Republican primaries for the nomination of United States Senator in congress, for the long term, commencing March 4, 1907, was born in New Bedford, Mass., February 23, 1855, was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878; was a Republican member of the Oregon Legislature in the session of 1885, and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888, and Oregon's member of the Republican National Committee from 1888 to 1892, and a delegate to the Republican National Convention of 1892, and was elected as a Mitchell Republican to the Oregon legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the state, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office in Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential senator for the state of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nomination League, and holds the same position with the People's Power League at this time. In all these movements he has been one of the few to guarantee the necessary expenses of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the legislature should be compelled to elect the man the people select. To accomplish this result, he is championing statement No. 1 of the primary elections law as the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says:

- "If I am nominated and elected, I will, during my term of office, favor:
  - "Republican Politics.
  - "Amending National Constitution for People's Election of United States Senators.
  - "Publicity Political Campaign Expenses.
  - "National Control of Corporations in Interstate Commerce.
  - "Rigid Exclusion of Asiatic Coolie Labor. Good Wages Make Good Citizens.
  - "Legal Limitation Hours for Safety on Railroads.
  - "Parcels Post, Including Rural Delivery.
  - "Pure Food Laws.
  - "Liberal Appropriations for Panama Canal, Coast Defenses, River and Harbor Improvements, including Columbia and Willamette Rivers Coos, Yaquina and other Oregon Harbors, Celilo Canal, Government Canal at Oregon City.
  - "Fair Share of Irrigation Fund for Oregon.
  - "Loyal Support for Successful Candidates.
  - "Rigid Enforcement Statement One.
  - "Roosevelt for Second Elective Term.
- "I desire that the following statement be printed after my name on the nominating ballot:

"I WILL SUPPORT PRESIDENT ROOSEVELT'S DETERMINATION THAT JUSTICE BE DONE ALL MEN."

PROPERTY OF  
The Haystack Livestock Breeders Association will be kept at the Leach Place, three miles west of Lamonta on Prineville-Culver road, except Fridays and Saturdays, when he will be at the S. S. Brown place.

SEASON BEGINS THE FIRST OF APRIL

Description: Brilliant is a very large, heavy boned, heavy chested horse, remarkably hearty and rugged, well qualified to transmit draft character to his foal. Color Black, with white markings. Weight 2000 pounds more or less according to conditions.

Fees: Single service \$10 due at time of service. Season \$20 due at end of season. Insurance \$25 due when foal sucks. Also payable if mare is disposed of, or moved from the county. Mares from a distance will be well cared for at cost of feed only, but will not assume responsibility in case of accident.

Believing that farmers should not rely on the grain market alone, the above company was organized to facilitate the breeding of improved stock. Horses of the above type will enable them to profitably market their surplus produce at home.
