Mrs. C. A. Jones, Miss Coleman and Miss Grace Jones, accompanied by Mayor A. L. Goodwillie, of Bend, were in the city Saturday to attend to some land matters.

J. N. Hunter, of Bend, was in town Saturday on his way to The Dalles where he goes to appear as a witness in some timber land final proofs. He left here Sunday morning.

J. H. Haner returned the last of the week from a political tour of western Crook county Saturday. He left Monday noon for Portland on a business trip expecting to return either tomorrow or Saturday.

U. S. Cowles and Geo. Mayes passed through town on last Thursday afternoon with two wagon-loads of fixtures and parts of the "still" which they will set up on the Deschutes near the Cowles sawmill within the next two weeks. Mr. Cowles says that the still will be in operation within the next 30 days.—Madras Pioneer.

Heavy rains and fast melting snows brought the waters of both the Ochoco and Crooked rivers high up on their banks during the past week. The latter stream cut into the banks in a few places, but did no serious damage. The Ochoco, following its usual custom, changed the course of its channel to suit its own convenience. A couple freezing nights the first of the week checked the streams and lowered the water nearly a foot.

H. Y. Huston and Wade Huston came up from Hay Creek the last of the week, called here by the illness of their father, Knox Huston. They brought with them several large chunks of coal which is being taken from the properties recently opened up in that section. They are using the fuel now altogether for cooking and blacksmithing purposes, although no great depth has been attained on the veins as yet. The samples brought to the city were taken from a depth of only a dozen or so feet, the vein matter having been pursued a distance of about 40 feet into the side of the ridge, giving but little distance from the surface down.

Byron Cady returned Friday from the Christmas Lake valley where he located a party on homesteads. The land there is being taken rapidly and the region will probably witness a larger settlement this year than any other section of Eastern Oregon. Homestead cabins are being constructed all over the immense flat and a company has recently been formed to establish a general mercantile business to supply the demands which will be heavy from now on for all kinds of merchandise. Mr. Cady was accompanied by Everett Long, of Silver Lake, who came over for a load of grain and supplies. Mr. Long said he believed a large amount of the new trade originating in that section would come to Prineville this year.

Coal Properties Near Hay Creek Are Being Developed

Development work at the Hay Creek coal mines, a property which was opened up a few weeks ago, has disclosed several good veins of bituminous coal, all of which will be worked as rapidly as possible. For the past two weeks the men at work on the property have drifted in on the larger vein, which has a width of five feet, and the tunnel is now between 30 and 40 feet in length. The tunnel is being sunk into the side of the ridge and as yet no considerable depth below the surface has been attained. In consequence the coal is still capped with clay and the cap rock, but this, it is stated, will disappear as the tunnel is sunk farther into the ridge and away from the surface.

Prospect work has also been carried on throughout the 15 claims which were located by the different associations soon after the first discovery, and in all of these croppings have been found. Other tunnels will be sunk as soon as possible where the best surface indications exist.

From the tunnel in which work is now being directed a large number of tons of the fuel has been taken and thrown on the dump. The coal is being used in the camp for cooking purposes and for use in the blacksmith forges and is giving excellent satisfaction. Quite a number of samples have been distributed about town during the past week and tests made of the burning and heating qualities.

MUST SHOW PARTY

Voters Must Give Party Affiliation or Lose Vote

Crook county voters who, in registering for the primaries, failed to show their party affiliation, or else registered with the word "none" or "Independent" under the party head, will lose their vote the 20th of this month, Attorney General Crawford having handed down an opinion last week to the effect that no one can vote at the primary election who is not registered either as a Democrat or a Republican.

The Socialists and Prohibitionists would be entitled to vote for their own party nominees, provided they had cast votes enough at the last election to entitle them to participate in the election. As there are but two tickets in the field, Republican and Democrat, it is the positive opinions of Mr. Crawford that the judges of the primary election have no discretion in the matter, and unless a voter is duly registered as a member of one or the other of these two parties they cannot allow him to vote.

Under the law it is a misdemeanor for a man to even offer to vote unless he is entitled to cast a ballot.

Schools Close April 20.

County School Superintendent Dinwiddie has received notice from State Superintendent Ackerman that Attorney General Crawford looks upon primary election day, April 20, as a legal holiday, and has rendered an opinion to that effect. According to the school law it is illegal for a teacher to hold school on any legal holiday, and Superintendent Dinwiddie will notify all teachers in the county that the schools be closed on the day of the primary election.

Ship Record Breaking Bees.

H. L. Friday & Co. delivered two car-loads of beef at Shaniko on March 18, which averaged heavier than any cattle ever delivered at that shipping point heretofore. The two car loads, 49 head in all, says the Madras Pioneer, weighed on an average of 1393 pounds each, while one car load of 23 head averaged 1532 pounds each. One steer in this car weighed 1760 pounds, and was the heaviest beef ever weighed in Shaniko. These cattle were all fed at the Friday ranch on Trout creek, and afford a good illustration of the manner in which the product of these alfalfa ranches is turned into coin.

**Republican Candidate for United States Senator
 CHAMPION OF STATEMENT ONE**

Jonathan Bourne, Jr., candidate before the Republican primaries for the nomination of United States Senator in congress, for the long term, commencing March 4, 1907, was born in New Bedford, Mass., February 23, 1835, was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878; was a Republican member of the Oregon Legislature in the session of 1885, and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888, and Oregon's member of the Republican National Committee from 1882 to 1892, and a delegate to the Republican National Convention of 1892, and was elected as a Mitchell Republican to the Oregon legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the state, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office in Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential senator for the state of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nomination League, and holds the same position with the People's Power League at this time. In all these movements he has been one of the few to guarantee the necessary expenses of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the legislature should be compelled to elect the man the people select. To accomplish this result, he is championing statement No. 1 of the primary elections law as the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says:
 "If I am nominated and elected, I will, during my term of office, favor:
 "Republican Politics.
 "Amending National Constitution for People's Election of United States Senators.
 "Publicity Political Campaign Expenses.
 "National Control of Corporations in Interstate Commerce.
 "Rigid Exclusion of Asiatic Coolie Labor; Good Wages Make Good Citizens.
 "Legal Limitation Hours for Safety on Railroads.
 "Parcels Post, Including Rural Delivery.
 "Pure Food Laws.
 "Liberal Appropriations for Panama Canal, Coast Defenses, River and Harbor Improvements, including Columbia and Willamette Rivers, Coos, Yaquina and other Oregon Harbors, Celilo Canal, Government Canal at Oregon City.
 "Fair Share of Irrigation Fund for Oregon.
 "Loyal Support for Successful Candidates.
 "Rigid Enforcement Statement One.
 "Roosevelt for Second Elective Term.
 "I desire that the following statement be printed after my name on the nominating ballot:
 "I WILL SUPPORT PRESIDENT ROOSEVELT'S DETERMINATION THAT JUSTICE BE DONE ALL MEN."
