OBITUARY.

The following was taken from the Brownville, Linn county Times: Mrs. Mae Miller, wife of Rev. B. C. Miller, the beloved pastor of the First Baptist church of this city, died at her home Tuesday evening, June 5, 1906, after a lingering illness, of heart disease. Mrs. Miller was the daughter of Mr. and Mrs. George Barnes, and was born in Prineville, Oregon, on February 25, 1872, where she resided until 1897. In 1894 she was married to Rev. B. C. Miller.

In removing Mrs. Miller God has plucked one of his choicest flowers. Her life was a beautiful one and the beneficial influence it has shed can never become extinct. She was a Christian lady possessing rare talents and a will and disposition to do her Master's work. This she did by improving her opportunities to do good unto others.

Since she and Mr. Miller have taken up their residence in Brownville they have endeared themselves in the hearts, not only of the members of their own church, but of all, irrespective of church or creed.

The funeral services were conducted Thursday morning at the Baptist church by Rev. S. A. Douglas, of Albany, and Rev. W. P. Elmore, of this city. The casket was completely surrounded by beautiful and sweet-scented flowers which had been deposited by loving and sympathetic friends.

Immediately after the services the remains were conveyed to Halsey from which place Mr. Miller accompanied them to Prineville, the home of Mrs. Miller's parents, where they were laid to rest.

The whole community keenly feels the loss sustained through the death of this good lady, and all deeply sympathize with the heartbroken husband.—Brownville Times.

Some Facts for Your Consideration

We have just received a large shipment of Ladies Fine shoes direct from the factory and we claim to be in a position to give you better values and a nicer and later line to select from than any of our competitors. The reason we can do this is that we buy from a factory in the East that makes Ladies fine Shoes exclusively. Doesn't it stand to reason that we will get better values and later styles in that way than we would if we bought from a factory that makes everything from a plow shoe to an infant's moccasin. If you will come in and let us show you our line of Ladies Shoes we will convince you of the truth of our argument.
