I am prepared to do all kinds of Machine work (except casting) such as boring Engine cylinders, dressing valves and valve seats, fitting shafting for any kind of machine, also plow and edge tool grinding, saw gumming and filing.

Having installed new and up-to-date machinery for the above work, I can, in most cases, save you money over sending to Portland for repairs, say nothing about time saved which is certainly quite an item. At any rate give me a trial and then you will be in a position to judge for yourself. A supply of material kept on hand at all times.
