## C. W. ELKINS

## DAWSON FOUND DEAD

Died from the Effects of a Stroke of Apoplexy—Lived Alone.

Abraham P. Dawson was found dead on his ranch at Lamonta Tuesday. When the body was discovered by a neighbor life had been extinct for some thirty-six or forty-eight hours. A messenger was at once sent to notify the proper county officials at Prineville. Sheriff Elkins, Judge Bell and Dr. Rosenberg left that afternoon for Lamonta.

The body was found lying face downward about 300 feet east of his house on a road leading to some haystacks and a well. A coroner's inquest was held and after making a careful examination of the circumstances surrounding the death it was decided that Dawson came to his death from a stroke of apoplexy. Death came swiftly. He fell forward on his face and breast and died without a struggle.

Dawson was about 50 years of age and was unmarried. He was a most eccentric person and was generally avoided by his neighbors. He was indicted at the last term of the district court for assault with a dangerous weapon upon the person of A. Ad Keller. The case was continued so that he might have time to get his witnesses. Dawson lived in Crook county for twenty years. He has a brother and nephew in Missouri and an effort will be made to find them.

### A Drive Across Crook County.

John Briedwell, John Breeding, Alex McKinnon and Chester Briedwell returned the first of the week from their over the mountains trip by wagon into Crook county, where they attended the Prineville fair and shook hands with their old friend Fred Stinson. They saw many things in rare contrast to the surroundings in the Willamette valley on the way and paid their respects to the Three Sisters—and who can blame them—they are very beautiful. After leaving the little town of Sisters, Mount Jefferson comes in view and the road they traveled gives an opportunity for a splendid view of the most beautiful mountains in Oregon. They drove through the junipers and sagebrush with volcanic ash for a road bed, a soil that will produce astonishing crops when water is applied and will grow rye higher than a man's head without irrigation. They crossed the beautiful Deschutes river, with

its swift running cold, clear waters from the eternal snows of the Cascades and took dinner a little farther on at the Tetherow brothers' place, a very pretty little nook alongside the Deschutes, three miles north of Cline Falls, where peaches and pears are to be found every season. After leaving the Tetherow place they passed through the little town of O'Neil, another very pretty spot and from there traveled twelve miles up the Crook river valley, with interesting scenery on all sides, to Prineville. Arriving a Prineville they found the citizens busily engaged with their annual fair, which they attended and saw a variety of things which interested them. They returned home by way of Madras, another thriving town in Crook county, and from there to the Dalles, where they took a boat to Portland and drove from the latter place home. John Briedwell says he saw many interesting objects and is much pleased with his trip. No one can truthfully say they have seen Oregon until they have made this trip. When the C. & E. R. R. extends its line into that country, which it will in the near future, many valley people will visit that region every year.—Amity Enterprise.

### County Court Proceedings.

NOVEMBER TERM.

C. H. Erickson filed affidavit of wrongful assessment. Affidavit allowed and clerk ordered to credit sheriff on roll of 1905 with \$16 wrongful assessment to C. H. Erickson.  
C. B. Dinwiddie, county superintendent of schools filed his institute fund report for this year. After paying all expenses involved in institute work, etc., there is a balance on hand of \$161.55.  
The semi-annual report of the county clerk was approved.  
The sheriff's semi-annual report was approved.  
The treasurer's semi-annual report approved.  
Earl McLaughlin, road master, filed his report for work done up to Nov. 5. Bills due and not paid \$811.20. A request for an appropriation of \$2500 was made for carrying on the work of grading, graveling, making new grades and keeping the roads in good repair during the next two months. The request was granted and a total appropriation of \$3811.20 made.  
The exhibit fund report of the county school superintendent was approved.  
The report to the school board on high school sales was approved. The report shows that \$1635 was received for blackboards sold.  
In the matter of a change in the Frank Forest road the viewers report that said change will not materially increase the length of the road and that the new route lays upon much better ground than the present location, as it avoids the doby and rocky land over which the present road passes. The said change is entirely upon government land and therefore will not damage any property. We recommend that the court grant said change.

In the matter of a change in the Black Butte road, the viewers reported favorably. The new location will be upon much better ground; it avoids the dangerous and steep grade in the gorge and that the grade of the proposed road will not exceed 8 per cent and will be upon a gravel sidehill and not expensive to build.  
The bids for expediting the county books were taken under consideration.  
The bids for the county court house were taken under advisement.  
The wages for the janitor of the high school were fixed at \$4 per week.  
The petition of Zumwalt & Miller for a liquor license was granted and bond approved.  
The petition of Benton & Grater for a liquor license was granted and bond approved.  
In the matter of the Kutzman road. The county surveyor and road viewers ordered to meet at the beginning of road and survey, view out and report.  
The county clerk was ordered to have copies of 1906 assessment roll ready for extensions by January term, 1907.  
Clerk ordered to write up proceedings of this court in the commissioner's Journal by next regular term and that thereafter have such Journal written up for signatures of the court.  
The following bills were ordered paid:  
Roy Summers chainman's fees \$ 2 00  
J T Cramer, " " " " " 2 00

## Gatewood Mining & Trading Company

OF HOWARD, CROOK COUNTY, OREGON

Capitalization 500,000 Shares.  
Treasury Stock 100,000, Par Value Non Assessable.

Subscription Price \$1.00 per Share.  
Paying from the grass roots down.

This is the first opportunity the people of Crook county have had to invest in one of their own mineral resources. Hitherto development work on this property has been conducted with private capital. Now the time has come to double the output, and in order to do so the management has decided to issue 10,000 Shares of Treasury Stock at \$1.00 per Share for the purpose of increasing the capacity of the mine. This is probably all the stock that will be issued and it behoove those who desire to invest in this stock to place their orders at once.

At present five stamps are running and it is desired to double this output in order to accomplish greater results.

There is 3,000 feet of tunnel work already

completed, besides 400 feet of drifts and upraises on the ore body. The average width of vein four feet in diorite formation. The values are uniform and run from \$25 to \$125 a ton.

Under the present management the work has gone steadily forward, a force of about 15 men being employed.

The property consist of 33 claims in the South-eastern part of Crook county, on the head waters of the Ochoco river. There is an abundance of water for power purposes and some of the best timber in the county is located on these claims. The economic conditions for mining could not be better.

The Company also owns a general merchandise store which furnishes supplies to sheep and cattlemen
