In the first months of the Russo-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to our greatest men the power to make good as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by D. P. Adamson & Co.
