Redmond Items.

Redmond, Ore., Jan. 21, 1907. Mr. Landes and Mr. Muna started for Shaniko on Saturday.

Another saloon license petition is out for signatures in Mr. Rowlee's favor. We suppose, also a remonstrance to granting the same.

And still the weather is to blame for all kinds of things not happening. Other things, however have happened for which the weather can in no way be held responsible.

Saturday night was a memorable one in the history of our town. All of Redmond and the surrounding country were there and the orators told what we had suffered at the hands of the Prineville ring. Some very damaging evidence against the aforesaid ring was given, and it does seem as though if Western Crook county citizens are to be assessed at a higher rate per cent of the valuation of their property than those in other sections of the county, and if nothing can be done about it before a board of equalization (that's what we call it in the East) some action should certainly be taken. We presume the new citizens in this part of the county are too honest in giving in the value of their property to cope with the older inhabitants. Incidentally at the meeting our new court house was mentioned.

We are not quite sure whether the dance was advertised for Saturday night to get out a good crowd for the mass meeting or whether it was decided to take advantage of the crowd that would be gathered. The tuning up had begun when we came away. We did not hear how it turned out but take it for granted that everyone had a good time. They surely did if the ladies had it in charge.

We hardly know whether we "dass" to go to Prineville today and let it be known that we are from this part of the county, but we are going and take the chances. We shall take a body-guard but shall not run any unnecessary risk. Mr. Trisler and Mr. McQueen will be company and protection. On coming back no mention will be made of where we have been for fear of being mobbed. It's a case of being between the devil and the deep blue sea.
