The Royal Insurance Co., of Liverpool, England, enjoys the distinction of being listed among the companies—there were but six of them—which settled claims in the San Francisco conflagration at 100 cents on the dollar as adjusted. Assets over sixty million and an annual income of more than fifteen million. It pays to insure where you know your losses will be paid. The Royal gives such insurance; J. E. Stewart & Co., are their Prineville agents. 271

If Diogenes or his spirit should ever come back to earth and again take up his search for an honest man he would not have to look long in Prineville. Saturday last Gardner Perry found a sum of money on the streets and straightway came to the Journal office to seek an owner. Not that he expected the editor to have such a sum loose in his jeans at any time, but to seek the aid of the paper to find the person who can make good his claim to ownership. Now don't all speak at once. We know how hard it is to identify cash so will give everybody who has a claim until next Saturday to present the same at this office.

An organization of the stockmen of northern Grant has been effected with headquarters at Monument. It is an effort on the part of the stockmen to get into a position where they can make an effective fight for their rights. They are busy at the present time endeavoring to secure range in the Heppner reserve and it is safe to say will do all they can to alleviate the conditions in this county. They are taking a step that the Columbia river stockmen took a long time ago and their organization should contain the name of every stock raiser in Northern Grant and the cooperation of every citizen.—Long Creek Ranger.

Rev. C. P. Bailey, who has been holding protracted meetings in this and Surprise valley this winter, arrived in Lakeview the first of the week, having closed his meetings at the State Line last week. He began meetings at Crane creek, and was met there by large audiences but on account of the heavy rains he thought it best to close the meetings there and come to Lakeview. He began a series of meetings in the Baptist church Tuesday evening and will continue till a week from next Sunday, when he will make a trip to Klamath Falls, returning here to take charge of the work here until a pastor can be found to succeed Rev. A. F. Simmons, who was transferred to the Lake City, Modoc county charge. Rev. Bailey made the Examiner office a call and informed us that while at Lake City there were about 52 conversions and 27 at Pine creek, where he baptised 12.—Lakeview Examiner.

Dr. Rosenberg broke the P. A. A. C. bowling record Sunday. C. Sam Smith and John Combs wore the belt for a long time, then Alex. Thomson with a score of 76 captured the honors. The score made by the doctor was 80 out of a possible 90. He made seven "strikes," then a "spare" and then two "strikes." We predict that it will be a long time before this score is beaten.
