Do Not Crowd the Season.  
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating and sunshiny. Children that have been housed up all winter are brought out and you wonder where they all come from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by D. P. Adamson & Co.
