

EDUCATIONAL MEETINGS
Redmond, Laidlaw and Bend Visited—Much Interest Manifested.

The members of the Crook County Educational Union returned Sunday from their trip on the west side. They report a splendid time. The first stop was made at Redmond where a hearty welcome was extended the visiting teachers. The hall in which the meeting was held was crowded notwithstanding the fact that spring work was under full headway. The good people of Redmond showed their appreciation of the visit by giving the teachers the freedom of the town. Everything was without money and without price. Subjects of local importance were discussed as well as those of general interest. Messrs. Jackson, Redmond, Kack, Jones, Ebert and others took part in the discussion. Miss L. Jones and Lucile Redmond recited. Altogether a very interesting program was given and all seemed pleased with the educational outlook. Many new names were added to the roll of the Union and the teachers departed feeling it were good to have been there.

The meeting at Laidlaw was not so well attended as it might have been on account of a settlers' meeting that was held the same afternoon. These two associations kindly postponed opening their meeting until long after the time set and a very good audience was in attendance. Mrs. Myers, Rev. George, Mr. Jaque, Mrs. Witt and others assisted with the program. A good meeting was held at Bend. The hall was crowded and everything went smoothly. The vice-president, Miss Ruth Reed presided and a hearty welcome was given the visiting teachers. All seemed interested in educational work. Messrs. Nichols, West, Steidl, Rowe, Benson Mrs. Smith and others assisted with the program. This meeting closed the series of very successful and helpful gatherings and the county superintendent and visiting teachers will long remember the kindness shown them on this trip.
