Mrs. M. E. Brink got badly bruised coming in from Shaniko Saturday about 5 a. m. This caused the stage to tip and threw Mrs. Brink and Oscar Hyde, who were sitting on the seat with the driver, about 10 feet over a fence. The fence held the stage and kept it from upsetting with the six passengers on the inside. The driver jumped on the brake side and saved himself from getting hurt. ### Lowe Theater Company

Lowe's Stock Company, one of the very best theatrical troupes that make the towns the size of our city, have been playing all this week to good houses at the Army hall in Goldendale. There are fourteen members of the troupe, and they are all actors of no mean ability. Monday evening they placed on the boards "A Mountain Daisy." This was a moonshiners story and a good one, too. Tuesday evening they played the great Irish drama, "Kathleen Mavourneen." This play brought out the fine points especially of Miss Louise Lowe, who here showed her good ability as an actress, in taking this difficult character. The other characters were presented in a good manner by the rest of the troupe. Wednesday evening our people listened to the emotional Southern play "The Princesses of Patches." They will finish their engagement here Saturday evening by giving us the good old fashioned play, "Ten Nights in a Bar Room" that evening. If their plays this evening, Friday and Saturday nights are as good as the first three nights, they are well worthy of the support of theater goers. Go out and hear them, and if you think you have not received your moneys worth, the management inform us that they will be glad to refund your money to you. This is a liberal offer, and we believe they mean it, too, but we are confident you will be satisfied.—Goldendale Sentinel.

## SHERWIN WILLIAMS PAINTS & VARNISHES

An appeal to the pride of the owner of a home

Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme. Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact color effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it.

These are offered by the Sherwin-Williams Paints and Varnishes. The Sherwin-Williams Co. not only make every kind of paint and varnish used for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.
