Lowe's Madison Square Theater Company closed a very successful engagement at Prineville last evening. This company broke the record for crowded houses. They played six nights and the P. A. A. AFTER THE FAIR

We were much pleased with the showing of stock at the fair, especially horses and hogs. The exhibits taken as a whole made us wish that lots of people who think that Central Oregon is only a wild and woolly waste could be here and be shown. Think of the apples and other fruits, the vegetables grown on dry land and by irrigation, and the stock that need not take a back seat even at lots of state fairs. We noted ten or a dozen different varieties of poultry, but the hogs, with the exception of our entry were Poland China. Taken as a whole we feel proud of the exhibit that Crook county has made.

SHERWIN WILLIAMS PAINTS & VARNISHES

An appeal to the pride of the owner of a home

Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme. Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact color effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it.

These are offered by the Sherwin-Williams Paints and Varnishes. The Sherwin-Williams Co. not only make every kind of paint and varnish used for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.
