"A Deutsche Market"

The ladies of the Presbyterian church will hold "A Deutsche Market" in the old bank building, on Friday, December 6. For the benefit of those that never attended anything of the kind we append the following information, written by one of the ladies:

You enter the room with your mate, A lady will hand each a plate, Just turn to the right a lady so neat, Serves you one of our five kinds of meat.

Move on to the next the sign having read: Which tells you "White and Brown Bread."

Then pickles cheese and baked beans, Must not be left out by all means, A helping of salad you take, Just for your stomach's sake, Keep on to the south again you buy, For here we serve cookies, doughnuts and pie.

Now turn to the east and make the last plea, This is the booth for coffee, cocoa and tea, Come have a seat you paid as you went, And thirty-five cents is the money you spent.

HAD HIS NOSE KICKED OFF

Redmond, Ore., Nov. 18.

Tuesday of last week E. H. Lockyear five miles south of town had a very bad accident in being kicked by a horse. His nose was torn nearly off and the skull somewhat fractured. Mr. Hewins who was with him said that the nose was the only thing that saved his life. Dr. Turley of Bend was called and came prepared to administer chloroform, but could not on account of the condition of the nose. Twenty-one stitches were taken. Friday evening Mr. Lockyear was getting along nicely. He had sat up so the bed could be made and a part of the bandages were removed. We with many others hope for his speedy recovery.

We neglected to say that F. T. Redmond was visited by his brother and wife for several days. They have already departed and expressed themselves as very well pleased with the country. The reason for neglect was that no one mentioned the matter to the reporter.

W. L. McEwing is organizing a chorus of some fifteen or twenty voices for a Christmas entertainment. First practice to be Friday night this week. If folks will only turn out as well as they have promised there is bound to be a very successful entertainment.

Colonel Belcher reports several land buyers in the past week and business good. We are to have a new neighbor out our way.

A new family is now occupying the Redfield house—Brown by name and neighbor O. H. Long is living in the O'Connor house.

Ray Archer went out to the ditch camp to work last week and J. J. Ellinger came in from there to spend Sunday at home.

Walter Gillespie is home from quite an extended trip in North Dakota.

SHERWIN WILLIAMS PAINTS & VARNISHES

An appeal to the pride of the owner of a home

Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme.

Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact color effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it.

These are offered by the Sherwin-Williams Paints and Varnishes. The Sherwin-Williams Co. not only make every kind of paint and varnish used for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.

You should see to it that when you buy paints and varnishes for your house, or any part of it, or when you give an order to your painter for any painting and varnishing you want done, that Sherwin-Williams Paints and Varnishes are purchased.

In large work it is always best to have a practical painter; but there are many little things about the house that you can readily finish yourself by using Sherwin-Williams ready-to-apply paints.

Come in and have a little paint talk with us. Now is the time to "brighten up" your home for the long winter months. We can tell you the best product to use for any purpose you may have in mind and secure complete finishing specifications for you from The Sherwin-Williams Co., if you desire them, for that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.
