

**WILL IMPROVE
GRAZING LANDS**

**Range Conditions Will be Bettered
by Increasing Water Supply
for Stock**

In its investigations for the improvement of grazing lands within the National Forests carried on during the past year, the forest service has found that the ranges on some of the forests can not be fully utilized by stock because of a lack of a proper water supply. Plans have been made for bettering these conditions as rapidly as possible.

Work to improve the water supply on the National Forest ranges will be started this year on the Leadville National forest in Colorado and the Tumacacori National forest in Arizona, and before the coming of another grazing season a number of ranges will be improved very materially.

On the Leadville forest, the forest officers will clean out and protect twelve different springs and pipe the water into troughs. The work on the Tumacacori forest in Arizona will be somewhat more extensive, although it will be confined to the improvement of the supply of only half as many springs as on the Colorado forest. This method of cleaning out and protecting springs and other watering places will result in much benefit to stockmen grazing on the strips of ranges within the forests. Improvement work along the same general lines will also be begun on other National forests.

Plenty Water At 102 Feet

Drilling has been suspended on N. H. Pinkerton well on Agency Plains at a depth of 102 feet, as Mr. Pinkerton believes the supply of water which the well now furnishes will be sufficient for all purposes at his ranch. Water was struck in this well at a depth of 59 feet, but as the flow from the two small veins struck did not amount to more than 15 gallons an hour, drilling was continued and the well put down nearly 50 feet deeper, through a very hard basalt formation. At a depth of 102 feet the flow of water has increased, and it is believed that the well will now furnish sufficient water for ranch purposes, although it will not be sufficient to supply water to neighboring ranches.

The success in the Pinkerton well will encourage others to try for water on Agency Plains. In the W. F. Magill community well plenty of water was secured at a depth of 400 feet for all who owned an interest in the well. The Pinkerton well, while not furnishing so much water, struck its first flow of water at only 59 feet, and the success of these two wells has demonstrated the practicability of well drilling on the plains. A number of other wells will be drilled on Agency Plains during the coming year.—Madras Pioneer.

The Key that Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by D. P. Adamson.

Stray Cattle Taken Up

There came to my ranch 15 miles east of Bend cattle branded HU connected, D and one or two indistinct brands. Respectfully,
A. O. WALKER, Bend, Or.

\$250 Reward

A reward of \$250 will be paid for information leading to the arrest and conviction of any person found guilty of interfering with the flow of water or dam of the Squaw Creek Irrigation Co. E. T. SLAYTON, Secy.

Rules and Regulations.

Continued from first page.

plete all proofs required by these rules.

DEEDS

Rule 13. After the making of proof of reclamation, cultivation and settlement, and the issuance by the construction company of a release of lien (a copy of which shall be filed by said company with the State Land Board immediately upon its execution), the State shall thereupon issue a deed to the applicant, or his heirs; provided, however, that no deed will be executed by the State until the lands embraced in the application have been patented to the State.

FORFEITURE OF RIGHTS

Rule 14. The rights of entrymen before the State Land Board shall be subject to forfeiture to the State for the following causes: (1) Failure to reside upon the land embraced within said entry as provided by law and these rules; (2) Failure to submit proof of reclamation, cultivation and settlement within the time specified; (3) Failure to purchase the necessary water right or release of lien from the construction company.

LIEN FOR RECLAMATION

Rule 15. As the object in withdrawing the land from the operation of the United States general land laws is primarily for the purpose of affording proper security for the capital invested in the construction of the works for reclaiming the same from its desert condition, no one shall enter any of such land until he has first entered into a contract with the construction company for the purchase of the necessary water rights. The law provides that the water rights purchased by the entryman shall, as soon as title passes from the United States to the State, become appurtenant to the land, and that the person, association or company furnishing the water for the same shall have a prior lien on said water right and land upon which said water is used, for all deferred payments for said water rights.

CONTESTS

Rule 16. Any person qualified to make entry upon segregated land may contest an entry or final proof for any sufficient cause affecting the legality or validity of the same.

Application to contest must be filed with the Board, and must be made by affidavit setting forth the facts constituting the ground of contest, which affidavit must be corroborated by the affidavits of two or more witnesses.

Personal service upon the contestee of a copy of the contest affidavit shall constitute service of notice of contest. Proof of service must then be filed with the Board.

The contestee must file his answer with the Board within twenty days after date of service.

At the expiration of said twenty days, if there is no appearance made by the contestee, the Board will set a time for hearing the evidence and determining the rights of the parties to such contest.

AMENDMENTS

Rule 17. These rules may be changed or amended by the Board, but only after ten days' notice by mail to the construction companies, fixing a time and place for a hearing on any proposed change or amendment.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by D. P. Adamson.

**THE REDMOND
NEWS BUDGET**

The Thanksgiving dinner given by the Ladies' Aid Society was a decided success financially, socially musically and other ways. They wish to thank all who contributed in any way to that success and especially Colonel Belcher who helped in many ways. The ladies were pleased to hand to the Reverend Lilly a neat sum as a donation and to send a like sum to Reverend Mr. Short who was unable to be present.

Mr. Chapman has bought Mr. Roger's forty known as Young's north forty and will proceed at once to improve it quite extensively. Mrs. Chapman will teach the Lone Pine school. The money from the sale of the school district bonds has been received and building will probably begin very soon. The school board was to consider places Saturday night.

The entertainment committee of the D. I. & P. Settlers Association announces a swell tree feed, oyster supper and general good time for Saturday evening December 14. Hard times? Not a bit of it. Come and see. There will also be music and speaking. If anyone thinks they will be of the backwoods type let him come and find out for sure.

Neighbor DeLorimer got on Thursday with his mules from Waisburg, Washington, just in time for Thanksgiving dinner and will continue improvements on his place just east of Forked Horn where he began about a year ago. Drive him out of the country? You couldn't pull him out with his own mules and they are the best ones on the segregation.

The Ladies' Aid Society announces an all day meeting for Thursday of this week at Mrs. John Tucks to discuss and make articles for a bazaar to be held shortly before Christmas.

Frank Morrill has returned from Gist where he has been working for the Hightower-Smith company.

It is reported that Mr. Manderscheid has rented his farm and will shortly return to Oklahoma.

Messrs. Gibson and Richardson go out this week to work at the ditch camp.

A pleasant dance was given Thursday night at the hotel and another one Saturday night at Z. T. McClay's.

Water will be out of the Pilot Butte canal this week so that silt may be removed up by the Rock Cut Bridge.

E. H. Lockyear is still improving faster, if anything, than could be expected.

C. R. McLallin is quite enthusiastic over the possibilities of kale as a fall and winter forage plant.

A happy occurrence at the home of Mr. and Mrs. Walter Gillespie on Friday November 29 was the advent of number four. We are pleased to report mother and son as both doing nicely.

Two young men are clearing on

a forty in section 3, this township, for a Tacoma man. This will improve the looks of the east side of the canal north of town considerably.

Mrs. Lilly accompanied her husband yesterday to church services at Redmond and helped very much by singing a very pleasing solo, "Just for Today."
E. C. Park.

Judge A. L. Frazer Dead

Arthur L. Frazer, Judge of the State Circuit Court in Multnomah county since 1898, and of the Portland Juvenile Court since 1905, died at the Good Samaritan Hospital Tuesday morning at 8:30 o'clock from the shock of an operation for appendicitis, performed November 22. The death of the jurist was an unexpected blow to his many friends in this city, and to the bench and bar, for he was taken ill but two days before he underwent the operation and was reported well on the road to recovery until late last week.—Oregonian.

Mrs. Bradley Acquitted

"Not guilty" was the verdict rendered Monday by the jury in the case of Mrs. Annie M. Bradley, charged with the murder of former United States Arthur M. Brown, of Utah, at a hotel in Washington, D. C. on December 8 last. Amid the applause of a crowd that filled the courtroom Mrs. Bradley, with tear-dimmed eyes, was discharged from custody and a trial that has evoked National attention during the last three weeks was at an end.

The jury, into whose hands the case was delivered took the first ballot 25 minutes after entering the juryroom. No agreement was then reached, the vote being 9 for acquittal and 3 for manslaughter. Arguments followed, and an hour later two of the three joined those for acquittal.

Money Turned Over

We wish to announce to those that contributed for the benefit of Mrs. Chas. Sharpe that the money collected (\$31.75) has been turned over to Mrs. Sharpe.
