## THE PRINEVILLE POSTOFFICE

For the six months ending January 1st the postoffice department caused a record to be kept at all postoffices of the matter mailed and the amount of equipment carried in connection with the handling of the mails. The result shows some interesting figures. The Prineville postoffice, which has just completed a report for the months covered in the period mentioned, handled 1400 pounds of first-class matter that represents a revenue to the department of \$448. The weight of the fourth-class matter mailed reached but a little more than 1000 pounds, while the quantity of free matter that represents the mailing of communications in connection with the operation of the postoffice and the Forest Service reached a total weight of 538 pounds.

The above figures do not begin to convey any idea of the amount of transient mail handled here. But you can make a guess at the amount from the fact that the empty sacks and locks weighed sixteen tons.

### Grand Masquerade Ball

The Fire Department of the city of Prineville will hold a grand masquerade ball at P. A. A. C. hall on February 21. The fire boys are working hard to make this event the best of its kind ever given here and their efforts should be seconded by every citizen living within the corporate limits of the town. You owe it to the department for its good work during the year just closed. This is the time to show your appreciation of the services performed. The least you can do is to buy a ticket. Perry Poindexter will be floor manager. He will be assisted by P. B. Howard, Jack Summers, W. F. King, Dr. Rosenberg, Granville Clifton and Grover Young.

### Clothes Line Reel

Omer Claypool has patented a little device that will prove a boom to the busy housewife. It is a little contraption for holding your clothes line taut. It consists of a reel mounted in a frame which can be fastened to any fixed object. The handle which is fixed to the reel is made of resilient material and has a lip adapted to turn over a serrated face of the frame and engage in the notches or teeth formed therein for the purpose of holding the line taut. By its use you can slacken your line to hang out your clothes and then tighten it up to keep them out of the way.

Clothes cleaned, pressed and mended. Satisfaction guaranteed. Mrs. Cohrs, at the Redby.

### Notice To Cattlemen

The members of the Crook County Cattlemen's Association are requested to meet at the court house at Prineville at 1 p. m. on Monday, January 27, 1908. Matters in relation to range allotments will come before the meeting.

### Redmond Items

Redmond, Ore., Jan. 13.  
 C. W. Muma got in Saturday night with a load from Shaniko and reports terrible roads.

W. J. Buckley left Sunday morning for the old home in Washington called there by the serious illness of his mother.

Mr. Peverley is just recovering from quite a serious lameness caused originally by cutting his knee with an axe. Later he bruised it and made a bad matter worse.

Sunday School at the Forked Horn schoolhouse was organized with an attendance of thirty-four.

E. H. Lockyear has been down to town for the first time since his accident. Everyone was glad to see him again—that goes without saying.

Spring work seems to be on. Only about a week ago it was fall work and that's how long it takes to make the change here.

Mr. G. A. Lilly is out of the country just at present after that team that is to make it so much easier for him to keep his weekly appointments.

There was a dance at the hotel Friday night with a crowd down from Bend. That's about as much dance news as we get, belonging to the "awkward squad" as we do.

The settlers meeting Saturday night was quite well attended though the dance of the night before cut the attendance and consequently the program to some extent. Among other business transacted was the election of officers. Public installation the second Saturday night in February.

Mrs. Hansen's mother and brother have returned to Washington after a two week's visit here.

An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Stomach and Liver Tablets. For sale by D. P. Adamson.
