

HODSON'S NEW BUZZ WAGON

E. G. Hodson made his first trip to Shaniko Sunday in his new 20-horse power Reo. He had four passengers—Messrs. T. M. Baldwin, C. I. Winnek, J. H. Templeton and T. D. Hughes—and landed them at the railroad without a serious mishap. The roads were in fair condition to Cow canyon but from there to Shaniko they were a fright. "Fast time is impossible," said Mr. Hodson, "until the roads are fixed up. With boulders removed and ruts filled a speed of fourteen miles an hour could be maintained. This was the average time I made between Prineville and Madras on my return, and it could easily be made between Prineville and Shaniko with a little work put on the road at the Shaniko end."

"I had no trouble at all with my engine," said Hodson. It worked like a charm both on a level road and plowing through mud up to the axles. The only tinkering I had to do was to tighten three nuts from the time I left here until I got back."

CIVIC IMPROVEMENT BRIGADE

The Civic Improvement Brigade of Prineville held an interesting meeting at the Union church Saturday afternoon.

The following officers were elected for the ensuing year: Worthy Commander, Wilford Belknap; past commander, Agnes Elliott; lieutenant commander, Warren Yancey; secretary, Gladys Doak; treasurer, Clark Morse; chaplain, Ethel McDaniel; orderly sergeant, Van Brink; flora, Goldie Cleek; pomona, Mabel Doak; advisory board, Ada B. Millican, Anna Winnek and Edie Bell.

Plans for work for the coming year were discussed.

Ilda Cohrs won the book of poems offered by Mrs. Millican for the member securing the largest number of honorary members. It was a good edition of Eugene Field's Poems of Childhood.

The brigade, which was organized a year ago, has passed the experimental stage. It is doing good work in cultivating a love of nature in the growing minds of our young folks. The spirit is commendable and should be fostered by our citizens generally. We need to beautify our city in every possible way and no means should be neglected which has that object in view. M.
